Subject: Data Center near Sherman Park
Date: Thursday, May 14, 2026 12:34:16 PM

Some people who received this message don't often get email from robinrogersjones@gmail.com. [Learn why this is important](#)

To Whom It May Concern,

We do not want a data center near the residential area of Sherman Park. Data centers bring nothing to the areas they are placed except for destruction of nature and the creation of a poisonous environment. They help create a wasteland in an area where people are trying to improve their neighborhood and revitalize it. Please do not destroy this community.
