

May 19, 2025

Dear Alderman Brower,

On behalf of the Brady Street Business Improvement District (BID), I am writing to share our position regarding the liquor license hearing for Donnie's Bar. The BID fully supports the decision made by the Brady Street Area Association (BSAA) which represents the voice of our neighborhood's residents.

We are deeply committed to maintaining a healthy balance between supporting local businesses and ensuring the quality of life for those who live in the area. We recognize the critical role that the BSAA plays in representing residential concerns, and we respect their thoughtful deliberation on this matter.

In this case, the BSAA has decided not to support the application for liquor license. In alignment with our long standing principle of supporting our neighborhood and its residents, the BID stands behind and supports the BSAA's decision.

Thank you for your attention to this matter and for your continued service to our district.

Sincerely,

Michael Sander
Executive Director
