RONALD D. LEONHARDT  
CITY CLERK

Re: CI File # 05-5-197

I am writing to appeal your decision of damage sustained to my property by a City tree. As previously stated I had made the City aware of the tree being rotten. The tree was getting more and more fragile as time went on. I made the city aware of this problem year after year. I did my duty as a tax paying property owner to make the city aware of the problem. It could have been avoided if my pleas had not gone unanswered. I was told to stop calling and making a report. Now how efficient is that. If the tree had not been so rotten it could have caused alot more damage and may be bodily harm since it landed on my bedroom roof. I am asking you in all fairness to reconsider your decision. How would you feel if it had happened to you or one of your family members. I took the right steps to try to correct the situation before it was a problem but because no one listened it has now become a problem that the city is unwilling to fix. How fair is it that my property had damage cause by a rotten tree that no one wanted to cut down.

I did everything that was right and you deny me funds to repair my home, caused by the city's neglect. I will continue to appeal until the city does right and pays for the repairs to my home. If I had damaged city property I would be required to pay immediately. I deserve the same recourse.

Thank You  
Rosie Hamilton

To whom it may concern,

I purchased this house in 06/01. ever since I have lived here there were tree limbs falling from that tree. I called the city on several occasions and asked them to please come and remove the tree because of the number of limbs the tree would loss during bad weather. Because I called so much they said I wasnt giving any one else a chance to call in but the tree was next to my house only. I told the city the tree was going to fall on my garage and I was told the tree was on my property and was given 30 days to remove it. That was after I had called the city about 7 times. Alderman Pratt sent someone out and said the tree was not on my property and he told the city to remove the tree. The city stated the tree was not due to be limbed until 2009 and not to call back, if the tree fell on my house call them back if not do not call back because I was ~~wasting~~ wasting their time. I had documented all calls but I can't locate it now. I hope you understand how rude they were during this time. Rosal H Hamilton 6-28-05

To put outdoor swingset back up = \$250.00
