CITY CLERK
MAYOR'S OFFICE

Dear Sir or Madam

In the short meeting held on Oct 29, 07 regarding the complaints against Top Whatever. I actually got more out of your facial expressions than the response given for the few neighbors who spoke out against the Tavern. My overall feelings were that there were steps being taken on this matter handle the situation there. My address was mentioned and a phone call. Whereas I didn't make the call I was awoken by the sound of the gun shots. You not seeing us hear say but you can't always shut that down either. I myself am a person that will speak up or stand up for what is right but more cautious than I've ever been. The city has become more dangerous. And whereas some want to

place it in one specific
area you can't contain
trouble in one place. It's
everywhere as you certainly
have to be aware of it. But
when you learn to deal with
all people good... back ugly
we maybe too, our way. And
opinion us... We're just people.

Respectfully Yours
