

Alderman Puente
9th Aldermanic District
City Hall, Room 205
200 East Wells Street
Milwaukee, WI 53202

Alderman Puente,

I am writing you as our constituent in the 9th Aldermanic District. As a resident I strongly oppose the owners request to rezone the use of the facility from the neighborhood servicing business to allow occupancy of the Adult Video Store. I have been living in this community for 3 years and feel that the business does not reflect the image that our neighborhood would like to portray. We have seen many challenges in the neighborhood over the past few years and are motivated to improve the quality of life.

The Adult Video Store is both a nuisance property and eyesore among the community. The physical appearance of the facility is in shambles with multi colored paint, graffiti, trash, and newspaper covering the windows. Therefore I do not feel that the owner should continue to operate his business unlawfully.

Finally, there are a number of community residents and organizations dedicated to the future of this community. The store has been a long time trouble spot for violence and an eyesore within the community. I ask that you take the stance of the residents and business owners in this community and not support the rezoning of the property.

Sincerely

Larry Collins
