Hilton Garden Inn**

**Re: Gas Lights**

Milwaukee Plumbing & Piping proposes to furnish all labor and material to complete the plumbing installation for the above-mentioned project. We have included the following:

- Mount 2 gas lights to exterior of building supplied by owner
- Run 3/8" copper tubing on exterior of building as tight and as clean as possible. (2) separate lines into building. Use of brass flare fittings if needed.
- Furnish and install 1/2" gas piping from dirt leg of regulator in basement to new regulator in electrical room. CSST piping from basement to lower level
- Furnish and install isolation valves for each gas light in electric room.
- Work to be completed during normal business hours. 7 AM to 330 PM
- Gas piping will be seen on exterior of building, in the window casing on lower level, and before it enters into drop ceiling in lower level.

The cost of this portion of the project is..... **\$8,430.00**

Thank you for the opportunity to quote on this job. If you have any questions, please feel free to call me at my office at 414-775-7806.

Sincerely,

Joe Kiedrowski  
Project Manager  
Milwaukee Plumbing & Piping, Inc.

Kris Anton  
Director of opps
