CITY CLERK'S OFFICE

To whom it may concern,

I John Schankey live at 3973 S 50th St in Milwaukee, WI.

On the evening of Friday October 13th it was raining.

Saturday the 14th I woke up to a flooded basement.

Water was coming in from the floor drain, it was some sewage, as well as I'm assuming what was rain water I called the City around 7:30 A.M., and gave them all the information I knew. I had to take my son to his football game, and when I got back around 12:30 P.M. they were just finishing up.

The lady I talked to said that there was a good size clog in the main line on their side, and that they relieved the clog. I proceeded to my basement where the water had subsided, and drained back out.

Unfortunately, after the water was drained out there was some of my personal items damaged.

Most of the items were just boxes with smaller items, but of value was:

50" Samsung Flat Screen TV

Twin size mattress & wooden frame

Carpeting

It would be greatly appreciated if the city could compensate me for my loss, in which I had no control over.

I have sent pictures by email to:

I greatly appreciate you're consideration & time
