This file (Legislative File 250536) is legal and enforceable.

As always there are possible complaints but the City has the necessary legal power to enact and change this licensure scheme and can our office can fitfully defend this change.

For clarity this file does not create a new license but instead changes the biennial RSTP licenses (both premises and vehicle license types) to annual licenses for those businesses that engage in non-consensual towing.

Respectfully,

Travis Gresham

Good Morning,

The attached file is submitted for review as to legality and enforceability.

I would note that this cycle is unusual as the Council meeting is July 31.

Thanks,

Jim
