

July 11, 2005

To the Honorable, the Common Council

Subject: 2205 Small Hazard Elimination Safety program
Infrastructure Services Division
Federal/State Aid Project
West Center Street and North Sherman Boulevard
West Lincoln Avenue and South 13th Street
West Walnut Street and North 12th Street

Dear Council Members:

The 2005 Capitol Improvement Program includes traffic control improvements at the subject intersections. The Federal Program provides cost participation for the improvement of traffic control devices in conjunction with the Small Hazard Elimination Safety (HES) Program.

Ninety percent of the total cost will be funded by the Wisconsin Department of Transportation (WISDOT). The local share, \$1,326.18, will be provided through the Division's existing Capitol Improvement Program.

We have, therefore, prepared the attached substitute resolution, which authorizes and directs the Commissioner of Public Works to execute an agreed unit prices contract with WISDOT that allows City forces to install traffic control facilities in conjunction with the Small HES Program at the subject intersections in the 7th, 12th, and 15th Aldermanic Districts.

Very truly yours,

Jeffrey S. Polenske, P.E.
City Engineer

Jeffrey J. Mantes
Commissioner of Public Works
