Subject: Proposed Data Center at Midtown Center in Milwaukee
Date: Thursday, May 14, 2026 3:35:32 PM

Some people who received this message don't often get email from lauragravander@hotmail.com. [Learn why this is important](#)

To Whom It May Concern,

My name is Laura Gravander, and I am a homeowner in the Washington Heights neighborhood in Milwaukee. My husband and I strongly oppose the proposed data center at Midtown Center in Milwaukee. The North Side community of Milwaukee already struggles with injustice—adding a data center will increase local water and air pollution, electronic waste, and noise pollution. Milwaukee, and the North Side specifically, needs community resources such as grocery stores with fresh food, safe twilight centers for local youth, safe and affordable housing, and well-funded schools and libraries—not data centers that do not and are not intended to increase the quality of life for the local residents of the city. Do not move forward with this proposed data center. It is a crime against the citizens of Milwaukee.

Thank you for reading,

Laura Gravander
