RONALD D. LEONHARDT
CITY CLERK

1/23/08

Dear Council Members

We'd like to express our most sincere thanks and appreciation for your time and patience during the hearings regarding Montal's Lounge, located at 2525 N. Holton Street.

The excessive noise, scandalous behavior, traffic congestion and horn-blowing, the loitering outside the bar, the fights and the use of profanity by their patrons, not to mention the frequent public urination on our properties (by both their male and female population), the threats, the shootings, etc., are more than any individual or neighborhood should have to contend with. We have been dealing with these issues for too long!

Our quality of life, our peace of mind, our security and those of our loved ones has been impacted greatly. We fear for our lives! The value of our homes is also declining. We have had to ask the police department, the city attorney's office, Community Partners and your office for assistance in this grave matter.

We have attended hearings and presented oral testimony, as well as video documentation to have the license revoked for this establishment. It was/is the finding of the license Committee at the January 22, 2008 meeting that the license should indeed be revoked. We are, therefore, strongly urging the

full council to act on that recommendation
Please help.

Sincerely,

Mrs. Juana Calian-Rodriguez, Megdalis Navarro
