Subject: Snow/Leaf complaints

Good afternoon Marilyn,

We have received repeated complaints from two neighbors about the same situation (I apologize if Andrea has already sent this. She has been out sick with the flu).

At 7125 N 41st Street and 4186 N 15th Street we have had a situation where individuals put their leaves on the street and they were never collected by DPW. Snow fell and then plows pushed them onto the lawns of these individuals. Now, the snow is melting and they have decaying leaves on their property. The residents would like to know what they have to do to get this taken care of.

Do we have a remedy for this?

Best,

James Starke
