In accordance with the provisions of Section 320-21 (11) and (12) of the Milwaukee Code of Ordinances, the Milwaukee Historic Preservation Commission has issued a certificate of appropriateness for the work listed above. The work was found to be consistent with preservation guidelines. The following conditions apply to this certificate of appropriateness:

All wood must be smooth and equivalent to #1 grade cedar or better for use in rear and side yards. Wood fences must be painted or stained with an opaque stain upon completion

All work must be done in a craftsman-like manner, and must be completed within one year of the date this certificate was issued. Staff must approve any changes or additions to this certificate before work begins. Work that is not completed in accordance with this certificate may be subject to correction orders or citations. If you require technical assistance, please contact [hpc@milwaukee.gov](mailto:hpc@milwaukee.gov).

If permits are required, you are responsible for obtaining them from the Milwaukee Development Center. If you have questions about permit requirements, please consult the Development Center's web site, [www.milwaukee.gov/build](http://www.milwaukee.gov/build), or call (414) 286-8210.

## Common Privacy Fences

Board and lattice, also called a "treillage fence"

*A privacy fence, which is intended to obstruct the view into a yard, should only be built in rear yards. The privacy fences on this page are compatible with most houses built before 1940. Most of these styles are available at building supply stores in ready-made sections or can be built from stock lumber. The finished side of a privacy fence must always face out to the public right-of-way or the neighboring property.*
