Good Morning Tim,

I'm helping Great Day Improvements have a new permit issued for previous Record RES-ADD-19-00025, which has expired.

Are you able to advise if the previously approved certificate of appropriateness (attached) is still valid as long as the scope is still the same?

Please let me know if you have any questions.

Thank you,

Hi Clint,

I would definitely send 2 copies of the plans and surveys to our office. Also, since it's Historic, I would reach out to Tim Askin again just to confirm the Certificate of Appropriateness is not expired as well.

taskin@milwaukee.gov or 414-286-5712

Thanks!

I wasn't sure if this was something you would be able to advise on, or if I should reach out to a different area.

I'm helping Great Day Improvements have a new permit issued for this project as the previous permit has expired. Besides a new application is there any other information that would need to be updated to re-apply?

Please let me know if you have any questions or if I should be reaching out to a different contact.

Thank you,
