Regarding the problems with Daddios:

The neighborhood is again bombarded with problems from Mike and his bar. Because I am away for many weekends at this time I have just a few incidents to report. However I do talk with the neighbors and there are a lot of problems here.

These are the things that I have personally witnessed or dealt with.

2001

4/1 Trash and 2 beer bottles (1 broken) on the corner of 1st and Plainfield
4/11 VERY loud music/2 cars parked on Plainfield both in same direction, going west, motors running. People came from Daddios got into cars and sped away, after lots of yelling. Time 2:00 AM

4/12 Large amount of trash on Plainfield and 1st St.

4/14 Trash in street

4/15 Trash and beer bottles

5/13 12:00 AM Car doors slamming, yelling, in front of my house (woke me).

2:25 Same

3:00 Same

6/15 Friday night and Saturday morning: Over 1 hour of yelling, creaming, screeching of tires.

2:30 AM All hell broke loose! Parked cars on 1st street with radios blasting, foul language, yelling. Called Mike and he said that he had been outside to check on things. There is no way that he was checking on things. He did not have security that night. I asked.

I called police at 2:30 AM and Mike at 2:45 AM

It was one of the worst nights in a couple of years that I have experienced.

7/6

Awakened by loud music from parked car on first street and a car alarm going off on Plainfield. Called police at 12:30AM There was the car alarm going off for almost 10 minutes, yelling, slamming of car doors, a couple of cars screeching up and down the street (looking for parking places)? and finally on top of all this someone was setting off firecrackers.

I was on hold with the non emergency police # and after about 5-10 min things settled down while I was waiting. I talked to a dispatcher #86 and she informed me that if nothing really bad was happening at that very moment she could not dispatch a car. She suggested calling my alderman and talking to someone at the police dept during the day.

The next morning when my young roommate went out he said there was an empty 12 pack in the street.

7/20 I came home at 12:15 AM. I was being dropped off by a friend on a motorcycle.

We came down Plainfield from Howell (going west). We tried to turn north on 1st street but could not because of cars and people in the intersections. My friend (a very Christian man asked them to please move. There were some obscenities shouted, one car parked so close to the corner that it actually was sticking into the street. My friend politely explained that they would get a ticket and a young man yelled that he probably only wanted to park the bike there. I explained that I lived several doors north and was being dropped off. I also asked them to please quiet down and that did not end up well. The next morning early, I took my camera out and took pictures of the

trash in the streets. Mike has said in the past that he goes around the block to pick up but of course this is not true.

The people in this area work very hard to maintain their homes and yards and everyone is trying to keep the neighborhood safe and clean. As long as Mike DeSautel owns Daddios the neighborhood around his bar will go downhill.

✓ Dear License Committee Members

Music season has begun again at Dinero's bar, 4177 South Howell Ave. and our nice, quiet, clean neighborhood isn't so nice anymore. It has become what it was before the band season ended in the spring. The bands are so loud they can be heard for a block, the streets become littered with glass and trash left behind by people parking for blocks around the area. There is no parking for neighbors after 9:00 or 10:00 PM.

I know that when I lay my head on my pillow on Friday and Saturday nights I will be awakened at bar closing time by fights, arguments, slamming car doors, screeching tires, and people who choose to hold long and loud conversations in front of my house. When I awaken and ask them to be quiet or leave I'm usually answered by foul language.

Quite a few of my neighbors have seen people urinating in yards or near trees. I saw this on my own street and called police on May 8, 1999, at 12:15 AM.

Most of the people who live near Dineros have lived here many years. We did not buy our houses near this bar, this bar was allowed to operate near us. By allowing this bar to operate in our neighborhood it has brought strangers here who do not respect it, trash, noise, and safety issues. The police department has been called many times but we're not sure if and when they respond.

I speak not only for myself, but for my neighbors in asking you to deny renewal of Dineros' license.

Sincerely

Enclosure

April 21st, 1999

Dear Neighbor:

Next Tuesday, April 27th the Common Council's Utilities and Licensing Committee will review the license application of Dinero's Restaurant and Nightclub located at 4177 South Howell Avenue. This hearing, which takes place annually, will commence at 1:45 p.m. in room 301-B of City Hall, 200 East Wells Street.

Since early March, several complaints have been registered with my office about parking problems, unruly patrons and loud music associated with the establishment. I have expressed my concern to the club's owner, Mike DeSautel, both verbally and in writing and I believe my expectations of him were clear. In fact, I, along with a dozen neighbors further asserted our desire for neighborhood peace at my general Town Hall Meeting on April 13th.

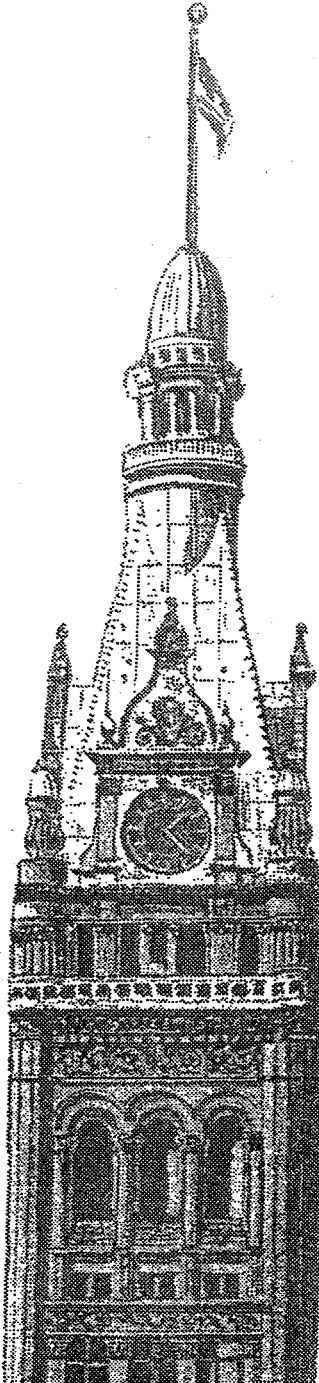

We agreed, through consensus, to give Mr. DeSautel until May 1st to solve these problems. While I will be clear and direct with Mr. DeSautel on the record at Tuesday's hearing, I do think it would be premature to push for a severe penalty at this time. The fact is, that in the three years I have represented you, I have only received complaints about his establishment within the last month.

Having said that, please understand that I will hold this bar to the same standard I have for all bars in the 13th District. My track record on these issues is strong. The neighbors of Lutz's Nightclub, Runway 94, Andre's and Maverick's would testify that I do hold bar owners accountable. My goal is to first work on solving the problems before severe punishment is warranted.

Thank you for the concern you continue to demonstrate for your neighborhood. If you have any questions please call me at 286-2221.

Sincerely,

Jeff Pawlinski

October 28, 1999

Dear Neighbor:

Since summer, I have received a number of written complaints from neighbors expressing concern about loud music and discourteous patron behavior associated with Dinero's located at 4177 South Howell Avenue. I am fully aware of the situation and have been working to correct the problems by holding the tavern owner responsible for solving them.

On Monday, October 18th, I met with Mike DeSautel, owner of Dinero's, to discuss the many issues you have brought to my attention. Enclosed you will find a letter I sent to Mr. DeSautel following our meeting to outline the committment he made to me to solve the neighborhood problems.

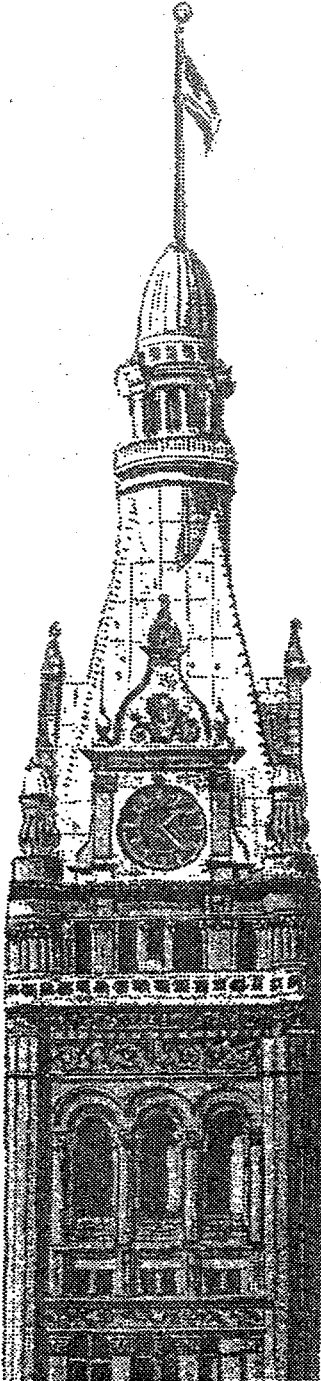

My advice to you is as follows: 1) continue to correctly document in a diary any violations of law that you personally witness or experience including the date, time and explanation of incident, 2) call the Milwaukee Police Department at 933-4444 to register complaints when they happen, 3) call my office at 286-2221 so I can properly record the matter.

At this point, based on the types of calls I ahve received, the issues you are experiencing are nuisance related (i.e.: noise, loud music and patron behavior). However, I take these issues very seriously. My goal is to get the bar to comply so you may enjoy the peaceful nature of your neighborhood.

Please call me or my Legislative Assistant, Meredith Eaton, at 286-2221 if you have any questions or comments. Thank you for your continued patience.

Dear Neighbor:

As you may remember, I wrote to you a few weeks ago regarding complaints brought to my attention regarding Dinero's, located at 4177 South Howell Avenue. The bar owner, Mike DeSautel, agreed to make certain changes to alleviate the problems you've experienced.

Since that time, I have received several more complaints from the neighborhood. Therefore I have decided to hold a night meeting so you can address your concerns directly to me.

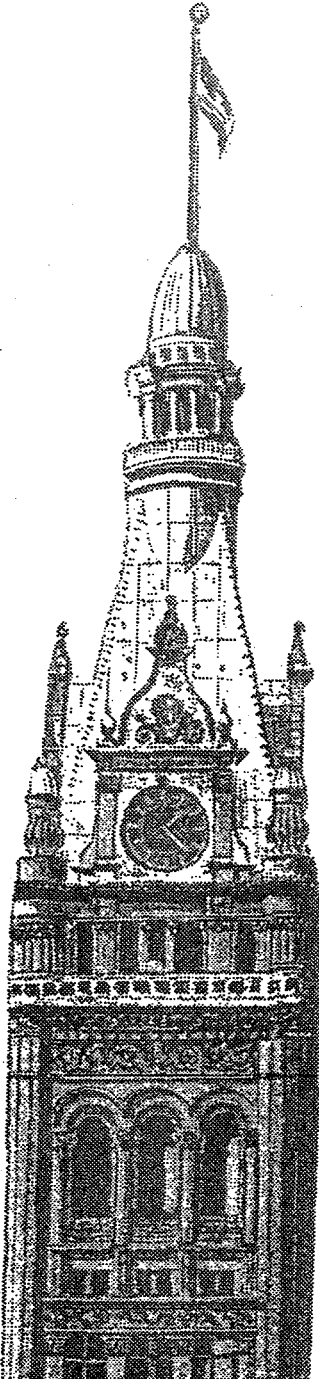

The meeting will be on Tuesday, November 23rd, from 6:00 - 7:00 p.m. at the Tippecanoe Library meeting room.

I have invited Mr. DeSautel to attend as well. It is my intention to hear from you and allow Mr. DeSautel to respond to your complaints. I have also invited a representative from the Milwaukee Police Department.

If you have questions or concerns, please feel free to call me, or my Legislative Assistant, Meredith Eaton, at 286-2221. I hope to see you there.

April 6, 2000

Dear Neighbor,

I am writing to update you on the Public Hearing held at City Hall on Monday, April 3, 2000. As you know the Utilities and Licensing Committee met on this date in order to discuss the license renewal of Dinero's, located at 4177 S. Howell Ave.

The Committee addressed a variety of issues including unruly patrons, loud music, litter associated with the bar, and disorderly conduct (i.e. urinating in lawns), all of which appear to be a direct result of Dinero's live music nights.

Upon reviewing these neighborhood concerns with owner Mike DeSautel and his attorney, the Utilities and Licensing Committee voted, 3-0, to strip Dinero's of their license for live music. However, Dinero's will continue to remain open as a liquor licensed establishment.

This decision will be recommended to the full Common Council on Tuesday, April 11, 2000. This meeting will be available for the public to view on Tuesday, April 11 at approximately 9:30 A.M. on channel 25.

I am pleased with the Utilities and Licensing Committee's ruling and expect that the Common Council will ratify this decision. I trust that this action will restore peace and quiet to your neighborhood on weekends. I will keep you informed on this issue.

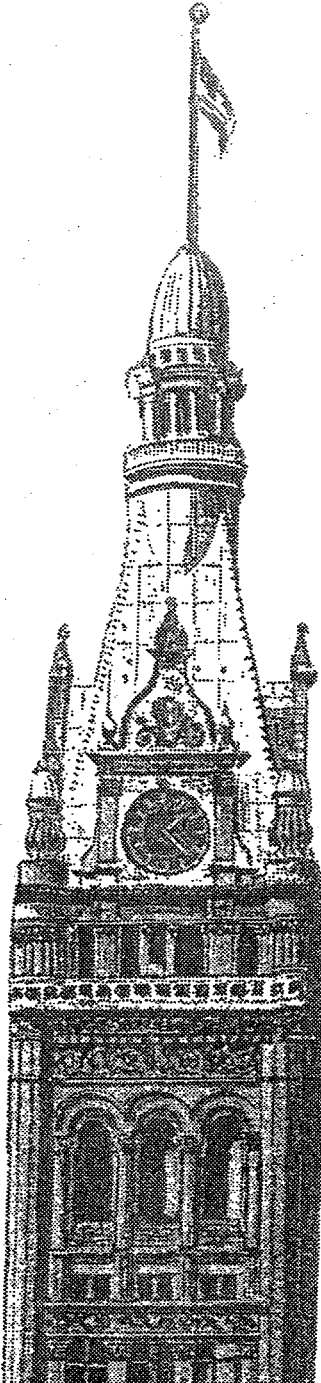

If you have any questions or comments, please contact either me or my Legislative Assistant, Sarah Pakulski, at 286-2221.

Sincerely,

April 13, 2000

Dear Neighbor,

Through my continued effort to keep you informed of neighborhood events, I am writing my final letter regarding the license renewal of Dinero's, located at 4177 S. Howell Ave.

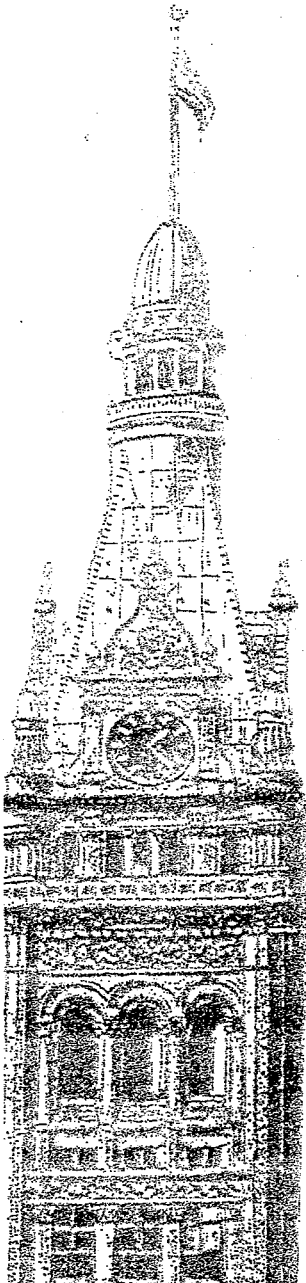

On Tuesday, April 11, the Common Council unanimously endorsed the Committee's recommendation to strip Dinero's of their live music license. However, Dinero's current license does not expire until May 11, 2000, therefore, the establishment may conduct live music events up to this date. Once the new license is enacted on May 12, Dinero's can remain open as a liquor licensed establishment.

As with all Milwaukee bars and restaurants who do not have live music licenses, Dinero's is eligible to apply for ten permits per year granting them one night of live music. However, approval must be obtained by the local Alderman. At this point I have no intention of approving any of these permits, however, the owner of Dinero's, Mike DeSautel, holds the right to apply for them. If presented with these proposals I plan to evaluate each on a case by case basis and remain extremely cautious about approving any of them in the future.

I hope that this addresses all of your concerns and will improve any problems resulting from Dinero's live music nights. If you have any questions or comments, please feel free to contact either me or my Legislative Assistant, Sarah Pakulski, at 286-2221.

Dear Neighbor,

This past April Mike De Sautel, owner of Dinero's, lost the privilege of having live music at his establishment located at 4177 South Howell Avenue.

Prior to the non-renewal of his live music license, Mr. De Sautel had ample opportunity to work with me and your neighbors to resolve a myriad of issues that plagued your neighborhood. The complaints I received from local residents included: property damage, theft from property, blocked driveways, fights in the parking lot, litter and bottles in the alley and yards, loud music, excessive noise from cars, squealing tires, patrons trespassing, overflowing garbage bins, public urination, yelling, arguing, screaming, swearing, loud bands, loitering, and a general disruption of sleep for families at closing time.

I understand that Mr. De Sautel is now engaged in a neighborhood lobbying effort to persuade residents to pressure me to re-grant him his live music license. **I give you my word that I will not even consider granting his request.** As Chairman of the Utilities and Licenses Committee, which hears and recommends license requests to the Common Council, I will not even schedule a hearing on this issue.

In no way will I go back on the commitment I made to you last May to restore the peace and quiet you deserve. Mr. De Sautel has not proven himself capable of solving these very serious issues in the past and I certainly do not want to re-open the doors to this type of disrespectful behavior again.

If you have any questions, please feel free to contact me or my Legislative Assistant, Sarah Pakulski, at 286-2221.

Sincerely,

Dear Neighbor:

In my continued effort to keep you informed of neighborhood events, Michael DeSautel, owner of Daddios, has withdrawn his request for a live music license. Had he not withdrawn his request and had he been successful in his efforts to receive that license, Mr. DeSautel could have offered live music 365 days a year.

As an alternative, I have agreed to review on a case by case basis any special live music license Mr. DeSautel requests **NOT TO EXCEED MORE THAN 10 EVENTS PER YEAR.** By law, every Class B Tavern is allowed to request up to 10 special live music events per license year at the discretion of the local Alderman.

I have made no commitment to him other than to review his requests. Each request will be considered a privilege and in no way gives him the right to request another one.

Thank you for continuing to show an active interest in your neighborhood. It is my strong belief Mr. DeSautel withdrew his request due to strong neighborhood opposition.

If you have any questions, please feel free to contact me or my Legislative Assistant, Sarah Hawks, at 286-2221.

Hi Jeff,

Thanks again!

In order for us to make this work is to do the following:

1. Provide 6 parking people directing our patrons too designated parking, we will barricade lots when full and keep an eye on every car entering and leaving the lots at all times.
2. Will have double security outside monitoring patrons.
3. We have purchased a device to check noise levels, bass etc.
4. On all advertising will announce parking and "zero" tolerance.

Please note: That I have worked with Alpine Valley, The Riverside and The Bradley Center on many occasions. I know what you expect and we will do it right...

With all do respect I would like to invite you and a guest to the show on April 21, 2001. Mr. Eddie Butts will be playing from 9:00 - 1:00am. Any show will start at 9:00 and end at 1:00am. I think this is the best way, what do you think?

If there's something you would like us to do please feel free to e-mail me or call 325-2996 and I will take any suggestions very seriously. Also Attorney Andy Arena will be on premise.

Jeff, Have a great time this weekend at the Brewers games.

Again thank you.

Hi, Jeff

This weekend was a success no problems. We had less patrons and more staff, traffic was under control. I believe people are getting to understand that we will not tolerate any nuisance in our neighborhood. We had 1 person get upset that we would not let him park on Plainfield Ave. So he raced over to Sentry squealing his tires and tried to park, well my attendants told him we would not let him in to see the show then he left, maybe he will tell others not to squeal tires around our club. In the past couple of weeks patrons from the 13th district have complemented our security and the extra effort we have taken, also are very happy to see some shows at the club. I told them to contact your office if they had any compliments because if you had not let us do these trial shows this would not have taken place. Jeff, there are a lot of happy people to see us back in doing what we do best, Entertain! I hope the people that have been up set with you realize that we can all work together an bring a community together.
Thank you very much hope to see you soon!

I just received your letter today. I was in Door County the last week in June.

I did not receive any calls from neighbors and I even spoke to a few of them.

But I'm sure if you received calls something must have happen. I will call Tuesday to set something up. The weekends have not been busy but, I do know that ST. V's festival is this weekend and we are preparing to have Security outside! I spoke with Sarah today, I will see you on the 26th @ 10:00am Enjoy your weekend.

Jeff,

It was a pleasure meeting with you for the few minutes you had last week. We're very close to a major plan again... Also I need your help with some planning. I want to buy the lot and building just north of my building on Howell Avenue. I would make a parking lot and fix the walls on the West side and also put up a barrier to block noise from the neighbors! What I need is the name and phone number of the property owner or Bank one's phone number, if you have such information please forward to me, this will make things much easier with such info. If you have any input or ideas at all please forward to me.

Thank you for your patience Jeff.

Jeff,

We are working out a contract with Metro Safety. They will be on tonight and Saturday night. Also we have been talking with our customers about the noise when they leave.

About the trash I personally have always picked up any visual trash in the area. I fined lots of candy bar rappers, Mc Donald bags Taco Bell, Water bottles, Powerade bottles, 40oz bottles, Beer cans, Custard containers, Ice cream cones, just too name a few. I see people through out stuff from their cars during the day and night.

It's a very busy corner day and night. Howell Ave. Has lots of potential there are a lot of business's leaving the area. Their are more 14 to 18 year olds wondering around this area at night on the weekend after curfew. I will be meeting with the Captain at district 2 shortly. I will keep you up to date as meetings occur. I have been serious about these complainants more than people realize. What people don't realize is how much I care about our neighbors safety, also there property. The neighborhood looks great and I spent my share of money in keeping up my property. This building is a nice building and will only get better as it matures. When I bought the building it looked terrible. I get complements daily from the neighbors that walk by. One last thing! I want too be the best neighbor possible for this community, one thing people need too do when buying a house around a very busy neighborhood is too check out the noise, Airplanes, traffic and so forth. I know I would not by a house near a bar or an airport or expressway. Why can't people just get a long??

I live on 20th and Layton Ave. It's very busy here, when I bought the house there was a little grandma liquor store. Now they have doubled in size. I get more trash in my yard and drunks sleeping on my property, I had to call the Police on Monday, July 30, 2001, @ 10:00 am. Their were two people camping out under my bushes I thought they were dead.

I know what Jack and Rich need to do, is too put up a fence to keep people from cutting through my yard and killing my grass and breaking bottles and dumping trash. I have mention this to them many times and I've had it. I think you

should call them to work something out. I am a very good neighbor to them

I cut their grass and shoveled there snow for 2 and a half years for free!

Now when I ask them to do something they laugh. Jeff I am very serious about this matter. Please contact me when you have time...

Have a great weekend!

Sincerely,

Michael

Jeff,

I hope your weekend was good...

Saturday night there was an incident in the neighborhood. A couple we're yelling profusely through out the area, my security ran them out of the neighborhood for a few minutes anyway, they came back we believed that they lived in the neighborhood. The Police were called by I believe 4200 South 1st. Street. When Police arrived we spoke with them and our security said they came from 1st street stumbling around. Where they came from we have know idea. Police caught them down on 1st. We got busy about midnight and we closed it down @ 2:00am and the parking lots and streets were cleared by 2:15 am. There was no trash @ 2:30 am. As a note when I came back this after noon on Sunday, there were chocolate plastic bottles and some fountain drink cups. Now I hope you understand and believe that we are determined to keep up on any situation and trash in the area.

Our plan is to have Metro Public Safety every weekend indefinitely. our staff will be working hand and hand to keep a safe and clean environment. I hired someone to clean up everyone's front yard from Avenue liquor to Robert's, and 1st. And Bolivar to waterford St. every Saturday and Sunday by 8:00 or 9:00 am. I believe this will show the neighborhood we mean business and I hope to build a relationship with all! This is my 6th season I want to make it another 6 and have a clean record. Please let me know what you think. This should be the end of most complaints...

Respectfully,

Michael

Jeff,

I received your letter in the mail Friday. It did not mention any other issues that I had E-mailed to you... I realize your busy but, I need too accomplish all situations soon! If you don't have the time to help just say so, I'll find other ways to get answers. Your input would be much more appreciated!

Trash issue: There is an attachment with pictures to put in your file. This person I hired to do a 4 block radius clean up did a fine job this weekend and will continue. I hope people take the time out like they do when there's a situation in our neighborhood to E-mail you. This is a positive one? You will receive such pictures every Monday. If you have anytime on Saturday & Sunday mornings please take a drive by and check out this clean neighborhood. Then go north of Waterford and look at these properties. I know you may think this is petty but, this is my lively hood. I will not tolerate neighbors making up things so at renewal time I have to bring in 200 people from the neighborhood for the hearing. I have no problem taking steps to better this community Jeff. All I ask is for some consideration not a pat on the back, I enjoy staying busy. When I owned Corporate Limousine Service for ten years I worked 24 - 7...

I will concentrate and put all of my efforts in keeping this community safe and clean not to mention beautiful. I am very happy with job that Metro Public Safety is doing. I think that any rifle RAF that tries to come to my establishment will be scared away. It takes time to educate people Jeff. I would like to switch jobs with you for one week and then maybe we could appreciate one another's position. Your good at what you do and I'm good at what I do. Right now I'm a small businessman seeking to become a large businessman in Milwaukee someday! You and I will have to meet on several occasions in the future. I am working on a major plan that will be ready in a year or so. As I mention to you before, I have dealt with all major companies in Milwaukee and have been highly respected in how I have handled business with them. I am golfing in the Midwest Express Open on August 25th. Mr. Hoeksema has always complemented my service and integrity. Jeff, I am a very honest person and a good businessman. I don't appreciate negativity or threats. I know much more on what's going on between bars in this area. Do you know of the shootings at Planet Marky's or Jettsetters?

I also know that inspector Dave Leonard frequents Rookies. I also know Rookies assumed I was going to put motorcycle parking in front of my place Mr. Leonard could have just came to me or called and asked what I was doing I did my homework before I began. My buddy for 30 yrs. Works for the City. Just so your aware I'm putting a planter and a bench for the elderly that wait for the bus have a place to sit, also they may stand under my canopy so they don't get wet. What is so wrong with that? If people would spend their valuable time on themselves

they wouldn't have to worry about me... In the 15 years I have been in business I have never seen such behavior. I will work on bettering my place as long as I own it.

This weekend we where busy and everyone did there job. Eugene was outside with his camcorder @ 2:00am. I'm sure his will show the samething that mine will.

The neighbors that the Police were at for cutting fire wood in the early morning hours. I went over to there house to see what all the noise was about, and there were about 10 people partying with a loud radio and a fire! I went over by Eugene and Petro's house and asked if that was expectable, Their response was NO! Then about 10 doors to the South there was another party going on. Jeff this is a young neighborhood they have the right too sit and talk and drink in there yard. But, their friends that leave in the early morning hours should not be blamed on Daddios. There loudness is there problem. I have hired a person in charge of property and facilities to talk to neighbors and smooth things with them sense they close their doors on me. Jeff, one last thing, when certain neighbors walk or pass by me I try to talk to them or at least wave too them. I am not invisible they do see me. I would appreciate any E-mail that you receive from neighbors to forward to me so we may look into any situation at all.

Sincerely,

Michael

Hi Jeff,

Here's our pickup from this weekend of August 18th & 19th 2001.
There's less because the first week was the first time we started
to do the 4 block radius cleanup.

Just to let you know we are building a lot attendant booth so
when our lot is full we can direct patrons else where rather than
them parking on 1st. street. We will do our best in doing so...

Just another step forward in bettering our neighborhood...

Hi Jeff,

Here's the trash that we collected the weekend of August 24th & 25th. If you want me to stop E-mailing this please let me know? I will keep in my file. Also just to let you know we are changing over to 90% Country Western. Tuesday, Thursday and Saturday nights. I think this is a positive move these people are great. In the past few weeks things haven't been that great I have been very upset the way people behave themselves. We have had a problem with Metro Public Safety lately, because there getting very busy with shopping stores and we are last on there list to have a squad car present. We have been searching for another company. I have a call into the captain at district 2. I haven't received a call back yet, but hopefully soon. We have turn down a lot of people entering the Bar and they are getting upset with us, I don't need the headache and neither does the neighborhood. It may take a week or so for people to realize we have had zero tolerance they will move somewhere else. Anytime an establishment gets busy everybody wants to come in. where these people are coming from I have no idea we have not advertised anywhere except FM106.1 it's a Country Western station. I appreciate your patience... If there is anything please contact me 414-325-2996 or E-mail me...

Thank you!

Hi Jeff,

Just to let you know I have a meeting with Captain Robert Puente on Friday, August 31, 2001, @ 2:00 PM. I will let you know all about the meeting. Also I wish I would have been notified about the meeting on Monday. Eugene only gave fliers to selected neighbors. My cleaning lady lives 5 house down from 1st. and Plainfield Ave. and a few other neighbors never received a flier. Pretty peculiar. Also I just received a letter from an architect that did some work for me in 1999 that was inspected properly and now the architect received a phone call from Mr. David Leonard looking for information. I don't know what's going on, but I have contacted Att. Gerald Boyles office to be advised. Also would you please forward all E-mails to Att. Andrew Arena regarding Daddios complaints. Thank you...

Hi Jeff,

I know you didn't put the meeting together. All we ask is for any complaint that comes into your office. Their are no broken promises. We have had security for some time now. When I came to your office in July 2001 you ask me too bring back the security we have had in the past and we did. Metro Public Safety, they have had shortage in squad cars. We have since then created our own staff. What the neighbors don't understand is when your in transition their may be some mishaps. We have been working real hard in getting more organized. Jeff you know and I know it takes time. We have had to change our business many times in getting the right people to patronize our establishment. Now we are mostly Country Western. These people respect us and the neighborhood. I think we have done our best in acting as a business and neighborhood friendly. You will notice many more changes to improve our business. It was a very tough year in 2000 I had know idea where we were going. I believe the neighborhood will see the improvements. The lot attendant booth is in place. We have directed cars this weekend and will continue as long it stays busy. There will be a staff member on Tuesday, Thursday, Friday and Saturday nights. Jeff trust me this will work... Again please E-mail Andy or myself any E-mail or phone calls that comes through your office. Thank you!

The meeting with Captain Robert Puente went good. The Captain is very knowledgeable, I explained everything to the Captain, we will be in contact. I explained to the Captain my plan and he said to keep doing what we are doing.

Jeff, in the past three years there have been numerous changes in new neighbors, some I have meet some I haven't. We will be sending out a letter to the neighbors with an update with my establishment.

Jeff,

Here are some pictures from property damage that occurred Monday night. Police were call this morning, I spoke to an officer and filed a complaint. This is getting ridiculous Jeff. Now someone's damaging my property. I am not very happy at all! I have spent thousands of dollars making my establishment look picture perfect. Also I've spent thousands on security to secure the outside. Now I have to put surveillance outside to cover the area. This neighborhood has to be the most protected area when we are open. What about when we are not? I never see Police cars when we are open or when we are closed. I just went and paid \$1264.00 in taxes this morning and what did I get? That's for my house and the bar and parking lot... Not including \$1000.00 in sales tax. I have an Idea, how about putting a 4 way stop sign on 1st. & Plainfield Ave? That will stop all of the people during the day and night speeding up and down the street. Saturday night all I could hear was motorcycles zooming down the expressway until 3:00 AM. It's coming from the expressway shouldn't there be a sound barrier? I would like to meet with you one on one at my establishment to go over some of my Ideas. I'm not even asking I'm begging you. Jeff, I get no sleep at night trying to come up with some kind of method. Also could you please call the forestry department the tree covering my Daddios sign has not been trimmed in years. Thank you!

Anyway here's the trash form this beautiful Labor Day weekend 2001.

Jeff,

Thank you very much for having the Milwaukee Police Department circulating the area Friday night. They apprehended two gentlemen drinking. The two gentlemen were drinking beer while driving down the street and while parking there car across the street on Howell. The Police talked to them and asked them where they bought the beer from and they said Daddios, the Police were going to issue us a ticket but, they couldn't because we do not sell Michelob, so we were not ticketed and we did not allow the two into my establishment. We now have an incident report that we fill out nightly for any little noise or incident. Also we have installed motion lights on the Southwest corner of the building where surveillance will be installed very soon to cover the area on 1st. street. That way everything will be video taped everyday when we are open or closed. This property damaged stuff has to stop! I cannot afford much more. I apologize for all the info I've been sending you but, this is my lively hood and I have no intention on losing it...

Hello everyone,

Our phones have been crazy all day today!
Yes, we are open tonight and will conduct
business as usual. I hope everyone has a
great time tonight. We will continue to pray for
the lost ones and their families and the ones that
will be going to War... Please park in our parking lot
or the lot across from us or behind our building, also
after 10:00 PM. Sentry food store. There's plenty
of parking on Howell Avenue. The reason is we have
neighbors around us that have to work in the
morning and there has been some squealing of tires
and people making very loud noise.
Thank you! and may God Bless America

Jeff,

Here's the trash for two weekends. September 9 thru the 16 2001. Sorry I did not send last weeks picture I meant to send it but have been devastated of last weeks disaster and trust me I'm not using this as an excuse... I have friends that I cannot reach because of the disaster. As I. C. C an e-mail to you I closed my establishment on Tuesday, September 11, 2001, to mourn our friends and lost ones.

Further more Captain Puente visited Daddios on Friday, September 14, 2001 to check out the establishment. The Captain said that things seem better and to keep doing what we are doing. Like I mention to you before Jeff, it takes time to educate new customers. For instance people now know where to park. They know we will not tolerate any noise what so ever. People know not to yell or scream or squeal tires etc. Our security is doing a great job, much better than Metro Public Safety.

"I hope my neighbors see all of this and put it into perspective."
All weekends are now on video.

If I'm missing something please let me know... "May God Bless America"

Truly,

Michael

We walked all to there cars then about two minutes later one guy says to my security outside where are they I have a gun well, security came to me at the door and told me this so without hesitation I called the Police. The Police came and cleared them out and no won had a gun. I have been so upset about the terrorist situation I will not trust anyone whether their kidding or not! We have a real nice crowd Jeff and all it takes is one thereat and I will call the Police without a doubt to protect them and the neighborhood. I have called you many times regarding Daddio's, the loud music, litter around his property, and the bad habits of his customers. This goes on and on and on every weekend. There was a time he had security on the corner of Plainfield and First Street. Security, as we understood, was to keep Mike's customers from parking in front of our houses - First Street to the north from Plainfield. One weekend the traffic was so bad my husband went to the Security person and was told that he had no directives to keep the cars off our street. It is bad enough that we have to put up with this every weekend but now we have the loud music on Tuesday and Thursday nights also. Last night the music was cranked up at 12:30 AM. We could hear it even with our air conditioning on. Just for example: April 7th, April 14th and April 21 I have marked on the calendar as nights that were impossible to sleep - usually from 11 PM until 2:45 AM. The music is unbearably loud and the noise from the patrons is impossible to sleep with. There was the most obnoxious language being used and there were guys peeing on our neighbors lawns.

May 4th there were cars parked in front of our house. At 1:30 AM these woman were holding a conversation across the street from each other which woke us up. I called out to them to please go away. At 2:00 AM there were a bunch of women getting in their cars using the worst possible language. At 3:30 there were still some women leaving. Now, I ask you, what time is that bar suppose to be closed???

On May 5th - we had another incident with lots of traffic parked up and down our street. The music was terribly loud. When we finally did go to sleep a horn woke us up. It was a truck parked in front of our house - I turned on our porch light so the truck moved up the street two houses. My husband went out to get the license plate number then he shined a flashlight in the cab and the couple were having sex. I know that truck belonged to people from Daddio's because they parked here along with all the other vehicles at the same time that went to the bar.

On May 12th we had another night of loud music. Not sure if this was the night I called the police or not. I know it was a really bad night with people coming and going from 11 PM until 2:45 AM. All this spoiled my Mother's Day.

June 1, 2, 8, 9, 15, 23, 29 were loud music, heavy traffic and parking. This time our anniversary and my birthday were spoiled because I can't get a full nights sleep.

I haven't kept track of all the dates or the specific things that have happened but none of

this is fair to the residents of this street. Mike told me we should have done some research before buying this house almost 2 years ago. Well - I think he should have done some research into the kind of business he should put in this neighborhood. Even though what his patrons do is off of his property he is still the one selling them the liquor that makes them such bad people. I have spent many sleepless nights thinking of ways to have a better life here in this house. Maybe we should go to a motel every weekend and send Mike the bill. Maybe we should get a lawyer and sue him. Maybe we should just give up and sell this house. We can't even keep our windows open at night because of all of the above. We tried so hard to make this a beautiful house and yard so that it would be an asset to the neighborhood. This house was falling apart when we bought it - the yard was junk. It is so pretty now we really want to keep it. I can't understand how a person can get away with starting out saying he is going to have a restaurant and then ends up with a bar, loud music, and crazy patrons. I can't understand, either, how all these families on this street with kids can put up with this. Sincerely, Janet Breitzman, 4156 South First Street, Milwaukee 53207 294-3560

I think Mike at Daddio's is mad at all of us neighbors because we complain so much. These past couple of weeks have really been bad. Besides all the noise on the street (Plainfield and First Street), fighting, urinating in public, cocaine use, sex he has raised the sound level of his music. Is there really anything that can be done??? If his license is revoked what will he and can he do to us?? I've talked with a few neighbors that are really scared of him and don't want to get involved at all. Isn't that the pits?? Do we have any legal rights as home owners in this neighborhood?? What legal rights does he have??? We pay taxes for police protection and can't get any because someone has to be killed first?? Drug use isn't a crime?? What about drunk driving??? Most of these people leaving Mike's bar are intoxicated - but they still get in their cars, gun their engines, drive away and hopefully don't kill someone. We lived at 4525 South 5th Street for over 30 years. Now we are at 4156 South First. This was always a good neighborhood but Daddio's is really running it down. See you Monday at the library. September 21, 2001

Mr. Bruce Schrimpf
City Attorney

Dear Mr. Schrimpf:

We want you to know a little bit about our background. We previously lived at 4525 South 5th Street for 29 years. We have raised two children. Our son Chuck is a full time Senior Master Sargent in the Air National Guard 128th Refueling. Our daughter Pamela is a 4th grade teacher at the Bruce Guadalupe Community School.

May of 1992 my husband retired from his job as a truck driver. In 1994 we decided to sell our home so that we could travel full time. We sold our home, bought an RV and spent five years traveling. During that time we spent much time volunteering in State Parks in Texas and Wisconsin. Spring of 1999 we decided to once again settle down. We looked at apartments, condos and houses. In late summer of 1999 we saw the house at 4156 South First Street. The house was in very bad shape but since this was almost in our old neighborhood and we were familiar with Howell Avenue, Firststar Bank, Library, Sentry Store, Hardware Store, Avenue Liquor Store and what once was Blue Jay Bowling we thought it would be fun to do some remodeling we put in an offer of \$70,000.00.

We became owners of the house on September 1, 1999. We put on a new roof, new siding, cleaned up the front and back of the house. We had a new piece of sidewalk put in for the mailman. We built a small retaining wall along our driveway. We recoated the driveway and painted the garage. We planted flowers and grass seed. We put all new windows in the house. This house that once was poor, ugly, left to ruin is now a house of beauty. All the neighbors thank us for the improvements to their neighborhood. The inside isn't quite finished but it is coming along. It is a house that shows it is loved. We've all put in many, many hours working on this house including our son and grandchildren. As to this date we have put approximately \$40,000.00 into our house above and beyond what we paid for it. We had hoped to finish out our lives here.

From the time we moved into the house there has been trouble with Mr. Desautel's bar. There has been loud music, much traffic, screaming and hollering by the patrons of the bar screeching tires as they come and go, urinating on the lawns, fights, girls screaming, drunks leaving in their cars (trying to drive) and litter. Mr. Desautel said many times that he would correct the problems (and did so for maybe a week or two at a time) but then it would go right back to the same old problems. Late October 2000 Mr. Desautel and his attorney came around to talk individually with the neighbors. At that time I was still feeling like we should give him the benefit of the doubt – give him a chance. I don't like to see people lose their livelihood. We were offered \$25.00 per week to not complain. We did not accept this offer. He (Mr. Desautel) then suggested that we should have checked out the neighborhood more thoroughly before we bought this house. Mr. Desautel also stated that he was NOT responsible for his customers once they left his

establishment. He further stated that the street in front of our house is public property and we could not keep his customers from parking there.

In March of 2000 I had a mild heart attack. I cannot handle all this trouble at night – I need my sleep in order to keep myself healthy. The angina problem I have seems to intensify with each incident concerning Daddio's. We have decided that if nothing can be done about Daddio's we will then sell this house – finished or not. We will take the loss and somewhere outside of the city of Milwaukee. We would find a quiet place where Jerry and I can live out the rest of our lives in peace away from the city.

I feel that Mr. DeSautel should have checked out this neighborhood before he bought his business. He told everyone he was going to have a restaurant with a jazz band or something to that effect. He never told the neighbors that he was going to have the kind of business he has. I understand the bowling alley was no problem - - Now we have problems every Thursday, Friday and Saturday sometimes even Wednesday nights. The problems all start around 11 PM and go on to 2:30-3:00 AM. The dates I have on the complaint are not the only dates of problems but just a few that I actually wrote down. If I had kept better tract of things I would have a notebook full of complaints.

Thanks for hearing me out.

Sincerely,
Janet Breitzman

I Michael De Sautel agent for Mr. Entertainment Inc. Business name Daddio's as of Oct. 20, 00 Will do business in a respectful way and focus on a safe and clean community with in my district and direct neighborhood. As the owner I will make all efforts to address any concerns any neighbor may have. This will be done by having an open door policy and providing e-mail address and phone numbers to all neighbors. While the operation of this business is open, my associates and I will not tolerate any miss performance of any person before entering into our establishment or leaving the establishment. We will have associates on the outside of the building on Friday and Saturday nights, these associates will be wearing certain attire so people may identify them at all times.

Their duties are as follows: (1). Starting at 8:30pm will keep people most quiet while entering and leaving the establishment especially from midnight until 2:30am. (2). Will educate our customers to use our 30space parking lot that is posted to the south of our property. And use other parking lots that we have permission from, and they are: Sentry food directly across from us on Howell avenue and Avenue wine & liquor which is located 1 block north of us and also Howell avenue has plenty of parking. (3). Pickup any litter throughout the entire night.

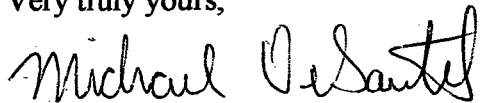

The hours of operation: Open Wednesday 4:00pm until 2:00am.
Thursday 4:00pm until 2:00am
Friday 4:00pm until 2:30am
Saturday 7:00pm until 2:30am
Sunday 2:00pm until 2:00am

We will focus on a Nightclub atmosphere along with live music 4 times a month. The type of music that will be allowed is 70's Disco 80's rock and 80's retro along With Pop, Top 40 and R&B.

When entering the establishment there will be two associates one to check ID's and one to collect any cover charge that their may be on a Friday or Saturday night. The main bar is located forward when entering the building next to the main bar there is a game room that consist of one pool table and four video games. Next to the game room is a kitchen, we will serve pizza and appetizers as ordered by customers. There will be a VIP area on the main upper floor to create a special atmosphere for people who want to socialize more with one another or their group. There is a coat check on the same level. The lower section has a stage with a dance floor and bar with a DJ booth on the stage with dance lights.

Please note there will be many team leaders on Friday and Saturday nights to make sure that everyone has a safe an pleasant time at this fine establishment.

Very truly yours,

Dear Neighbor:

I represent Mike De Sautel, who is the owner of Dinero's, located at 4177 South Howell Avenue, Milwaukee, WI. I am writing you to let you know that Mr. De Sautel plans on making some improvements to his location, that he hopes will increase the business climate for all of the businesses on Howell Avenue. The name of the establishment will be changed to Daddios and will offer some food, as well as wholesome entertainment. Mr. De Sautel would like to be an integral part of the neighborhood. A wide variety of entertainment to include comedy acts, live music, and live polka and big band music on Sunday afternoons will be offered. Live music will be limited to three or four week-end nights per month excluding Sundays.

On October 29th Mike and myself will be visiting homes in your area from 5:30p.m until 7:30p.m. to address your concerns and ask for your support.

Very Truly Yours,

Andrew P. Arena

March 10, 2001

Dear neighbors & Business's:

Late last fall I contacted the neighbors in the area concerning my license. At that time I had the opportunity to speak to several residents of the neighborhood. I was left with a feeling of encouragement that some people believe I should be able to have live music at Daddios. I would like to thank those of you for supporting us, and taking your time to stop by and give us your extra support. For those of you who would like the live music back may attend the hearing, it will be held very soon. We will offer rides to and from this hearing.

I attended the neighborhood block party in September 2000 where I had an opportunity to meet some of you. I have been a resident of the 13th District for 33 years, and to this day I live in the 13th District. I Went to Burdick grade school and Bay View high School until I graduated in 1981. I bowled in leagues at Blue Jay lanes in the 70's 80's and 90's. At that time bowling was huge. Now it's down over 50% in the past ten years. Blue Jay lanes was a very busy place and very loud, with no parking lot whatsoever. The patrons parked anywhere they could within a 4-block radius. In the last ten years Blue Jay purchased the lot where a house was once located on the Southwest corner of Howell and Plainfield. In May 1996 I purchased the bowling center and operated it for 3 seasons. Since bowling was so depressed, I had to make a big business decision and change the whole building into what it is today, an entertainment facility with a small restaurant. People really do appreciate this newly improved \$500,000 building, restored inside and out, Along with our nice landscaping.

We understand that some people may try to abuse the neighborhood. That's why we working hard and have contracted with the Metropolitan Public Safety agency. Their duties are to keep any nuisance out of our neighborhood. In the past couple of weeks there have been some troubled kids running around the neighborhood spraying graffiti on our sign and making some loud noise late at night. Our security chased them away. I believe, and some of our neighbors agree, that we have been trying real hard to keep our neighborhood safe and clean. January 2001, I joined a committee on the Howell Avenue Business Association. You may see me picking up liter around the neighborhood quite often.

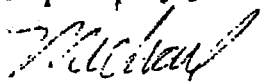

Since Howell Avenue is our main thoroughfare, we need to keep it clean. My intention is to stay at this location for years to come, since I lived here all my life. I want what is best for the community, a safe and clean environment. I do not want to just pick up and leave, that would be too easy. I wouldn't want to sell this establishment to someone who could care less about our neighborhood. The Alderman told my Attorney to ask me to stop lobbying the neighborhood and withdraw my mid-year request for a live music permit. In return, he would be receptive by getting input from the neighborhood to determine if people were supportive of my request to give me the live music license back in May 2001.

On Friday, February 23rd 2001, my attorney called the Alderman and Jeff told my attorney that he did not think that I had learned my lesson yet! In my opinion the Alderman has not been responsive to me as a business owner and constituent. This is based on the fact that he has not returned my calls since November 1999. The only time I get answers is through Sarah, who is a very nice and sincere assistant. If this is such a big concern, then I think the Alderman should work things out. All I hear from a certain person is some negative things about me and how I do not show any concern about this neighborhood. I have improved my establishment a great deal.

Everyday I personally go through the neighborhood and pick up garbage whether it's mine or not. We would like our neighbors to join us for an open door neighborhood meeting on Sunday March 18th 2001 @ 2:00pm to discuss any of your concerns and get your input in keeping our facility safe and neighborhood friendly. If you can't make it, please call the Aldermen's office and let them know what a nice job we are doing. 414-286-2221. Please make sure you write the date you called for future reference.

We would like our full License back, so we may have two or three events a month (Live music) at a smaller scale. The meeting shall be to discuss the neighborhoods feeling regarding this request. The purpose of this meeting is to have a civil, open discussion. Hate and arguments will not be allowed. You may call me @ 305-9779 or e-mail Daddios@aol.com to discuss any suggestions you may have prior to this meeting.

Respectfully yours,

Michael De Sautel

Mr. Plain

Regarding your latest e-mail I am overwhelmed by your acquisitions about my establishment and me. If things have been so bad then why haven't you called me or the Aldermen's office to make us aware? Of such things? My staff and I have been very well educated this past year, on who and what goes on in this neighborhood, the letter that was sent out to everyone was not meant to be on a negative note about the Alderman. It's was to show people that my establishment was not a very big concern of his since there have not been any problems in our neighborhood. The Alderman can't spend his whole career on my establishment. And that certain person knows whom that person is that is calling the Police department for under age drinking when that person does not patronize my establishment. I believe this person is just out to close us down. I have had a cabaret license for five years and when the bowling alley was here there was a dance floor with DJ's. The people that you phurased the house from were regular customers of ours and still are. The person that invited me to the "block party" in September 2000 told me that's how he got the permit to do so. I knew nothing about a double birthday party and why would the City of Milwaukee give anyone a permit for a double birthday? I even offered to donate a half-barrel to this "block party". Also the person that held this party was wondering why some neighbors did not show up that said they would. The people that I had talked to said the traffic and noise level was much better than it has been in the past when their was bowling every night of the week. As stated in my letter. The people that live a mile away happen to be 53 years old and very respectful people with 5 grown children. Do you think that if my establishment was so badly managed they would be regulars? They live on Howell Ave. Across the street from a bar that has had 2 gun shootings, and major fights in front of their house. They can not believe that this is happening in their neighborhood and yet nothing's done about it. The signs posted are to educate people just like the council asked me to do at the last hearing. I don't have any sign that states colors. They simply read, there are no long coats or baseball caps allowed on the weekend. Please when leaving this establishment please go to your vehicles quietly. Please respect our neighborhood and do not empty any trash into our neighborhood. We have an O tolerance level for noise or any mishaps. Thank you management!

Mr. Plain,

I have done everything possible to be a good neighbor to you and the rest of the people you talk to. I wave and say hi with very little response back. I even snow blowed your lot and some others that I thought could use the help. I did it from the kindness of my heart. I know you did not ask me to snow blow but that's the king of person I really am. I have been a very successful businessman for 10 years and have a lot of good influence in the business community. I have donated my time and effort and money to Special Olympics, Children's hospital and lots more! I have business relations with CEO's of many fortune 500 companies including GE medial systems. If you would just give me the opportunity to talk with you rather than turning your head ever time you see me, you may fine out that I'm not the bad person and operator you make me out to be. Please note I called the Alderman's office and offered my service to anyone in the 13th district that needed to be shoveled out during the bad winter storms. If you would like you may talk to Mrs. Sarah Hawks and she will verify the conversation. There are some neighbors that have been against my live music license and now they are fine with it. There is no Police report. I have a clean record 5 years and running (Ticket free). I don't want a circus at the license hearing but there will be a lot of people for the license. Also in your e-mail, now you want me to lose my license entirely?

I pray everyday for this world to come together, rather than people fighting and arguing everyday why can't people just get along?

Sincerely,

Michael De Sautel

Re: Live music permit for 4177 Howell Ave.
License of Mike Desautel d/b/a Daddio's

Dear Mr. Wagner:

I am the attorney for Mike Desautel. This is in regards to Mr. Desautel's request to have a live music endorsement on his cabaret license. Mr. Desautel hereby withdraws the request for a hearing on the issue of live music.

In consideration of this withdrawal, the alderman of the district, Jeff Pawlinski, has agreed to allow live music by special permit. With Alderman Pawlinski's consent and permission, the first date the special permit will be authorized will be April 21, 2001 during regular business hours, to conclude at or around 1:00 a.m.

Alderman Pawlinski,

Attached is a listing of events that occurred at the above establishment. This has been going on for the past two weekends (at least). I just started documenting the events and stayed up on 7/7/01 to observe. I think that you will see from it that things are getting out of hand again.

Also, the police response time on 6/29/01 I feel is unacceptable. I know that the police department is busy but four hours???

If you have any questions, please feel free to call me at ext. 2310.

Would it be possible to stop by tomorrow a.m. and drop off an informational flyer for Mr. Pawlinski. This is concerning an Open Meeting that we are having on August 27, at 6:30 p.m., at Tippecanoe Library conference room regarding Daddios. We are asking Jeff to attend this along with other members of local neighborhood associations.

This weekend, again, was out of hand with police having to be called on both Friday and Saturday night. I'm sure you have received numerous phone calls so I won't go into any more detail for you.

Again, thank you for your time in this matter.

But also thinks that the parking problem would just be moved somewhere else. Susan also suggested that Dinero's parking lot has 3 cars in the lot that never move and that if these were spots were opened up then this may help a little bit. Passed this on to Randy Kaiser who needs to talk with Mike and the neighbors to get more organized before a request can be put through. This call is currently closed.

Dear Alderman Pawlinski,

I would like to thank you for your prompt response to the e-mail that my husband, Kevin Wetrich, sent to you yesterday. While my husband expressed much of what our family has experienced as a result of the events that began at Daddio's this past weekend, I feel compelled to add my own thoughts.

As I write this e-mail, I am sitting on the couch in my living room at 121 W Plainfield Avenue. Had I been sitting on this spot in the early hours of Sunday, September 30, I would have had loaded guns pointed at people approximately 20 feet behind me. This is very disturbing considering that there would have been only the glass of windows separating me from any potential bullets that missed their targets. Fortunately my family and I were all sleeping soundly as the events of that morning transpired, thus keeping us from the direct line of fire. Unfortunately, I cannot find comfort in the fact that we were able to sleep through all that occurred. I now feel as though I have to be on alert to protect my children throughout the night. This heightened state of awareness prevents me from getting the quality of rest to which I am entitled.

In the hours that have passed since my neighbors informed me of the events that disrupted our neighborhood on Sunday morning, I have evaluated my feelings in terms of the roles that I fulfill as mother, homeowner, and educator. As a mother, I am deeply concerned for the safety of my sons, aged 2 1/2 years and 3 months. The mere thought of loaded guns within such close proximity of my sons fills me with a fear that is equaled by none that I have ever experienced. It is indescribable.

As an educator, I have spent most of my career working with inner-city children in Houston, Texas and at Phillis Wheatley Elementary in Milwaukee. Many of my former students, simply because of where they live, have grown up with violence as a part of their everyday lives. I will never forget the look on my students' faces after a night of sleeping on the floor out of fear that bullets would find their way into their homes. Because I know the effect that this type of environment has on children, I will not allow my children to live in such an environment. If Daddio's continues to be a catalyst for violence in my neighborhood, I will voice my feelings as a homeowner by leaving the first home my husband and I have owned.

I appreciate all that you have done to ensure the safety of my neighbors and my family. My husband and I will support those efforts by attending any hearing that is set to determine the fate of Daddio's.

Thank you for your time.

Susan Wetrich
