Dear Council Members:

The 2001 Capital Improvements Program includes the improvement of West State Street from its West City Limits to North 35th Street under the Surface Transportation Program. The Federal Program provides cost participation for the improvement of traffic control devices in conjunction with the highway paving.

We have, therefore, prepared the attached resolution which authorizes and directs the Commissioner of Public Works to execute a contract with the Wisconsin Department of Transportation for the installation and/or modification of traffic control facilities in conjunction with the improvement of West State Street from its West City Limits to North 35th Street in the 16th Aldermanic District.

Very truly yours,
