**C. NO. 18
FILE NUMBER 240402
OFFICIAL NOTICE**

Published by Authority of the
Common Council of the City of
Milwaukee

Office of the City Clerk

Notice is hereby given that an ordinance that was introduced at the July 2, 2024 meeting of the Milwaukee Common Council, the essence of which is as follows:

A substitute ordinance adopting the Housing Element of the Citywide Policy Plan as part of Milwaukee's Overall Comprehensive Plan, and directing implementation.

Whereas, On March 2, 2010, the Common Council of the City of Milwaukee ("Common Council") adopted Common Council File No. 090882, approving the Citywide Policy Plan as an element of the City of Milwaukee's Overall Comprehensive Plan pursuant to s. 66.1001, Wisconsin Statutes, which requires that local municipalities adopt and periodically update a comprehensive plan containing an element that includes objectives, policies, and goals for housing and neighborhoods; and

Whereas, The Citywide Policy Plan includes a "Housing and Neighborhoods" chapter, which serves as the Housing Element of the City of Milwaukee's Citywide Policy Plan, and, that, along with the recommendations contained within the 14 Area Plans that make up the City of Milwaukee Comprehensive Plan, makes recommendations related to housing development and land use throughout the city; and

Whereas, On July 28, 2022, the Common Council adopted Common Council File No. 220403, directing the Department of City Development ("DCD") to develop an update to the housing element of the Citywide Policy Plan to include proposed updates to portions of the City of Milwaukee's Zoning Code that govern residential development; and

Whereas, The City of Milwaukee's ("City") procedures for comprehensive planning call for the creation of plan updates, based on emerging land use issues and opportunities, neighborhood input, and other factors; and

Whereas, The City collaborated with the Community Development Alliance to develop a Collective Affordable Housing Strategic Plan, and the City's Climate and Equity Plan includes recommendations to improve environmental sustainability and reduce greenhouse gases, and both of these planning efforts, as well as past City plans such as the Equitable Growth through Transit Oriented Development Plan have made recommendations to make adjustments to the City's Zoning Code to increase the supply of housing within the city of Milwaukee and to facilitate new housing development that reinforces walkable urban neighborhoods, transit and job access, and provides a range of affordability and housing choices for all Milwaukeeans; and

Whereas, Projections indicate that Milwaukee will need to add 35,000 new homes in the coming decades to meet projected demand and Milwaukee's Collective Affordable Housing Strategic Plan established a goal of creating 8,800 new affordable homes in the next ten years, and Growing MKE recommendations will assist in removing barriers within the City's Zoning Code that may prevent Milwaukee from being able to provide these needed new homes for current and future residents; and

Whereas, The City's Zoning Code was last updated in 2002 and currently supports mixed-use development, walkable commercial corridors with a variety of uses, low or no parking requirements in all zoning districts, and other policies promoting sound urban development; and

Whereas, There are elements of the code that can be updated to enable the development of a wider diversity of housing styles across the city including styles of homes that may have lower costs of construction, align with recommendations included within the City's more recent planning efforts, and to accommodate future population growth and evolving housing needs including providing new opportunities for homeownership; and

Whereas, The Growing MKE Plan proposes policies and strategies to increase housing choice and equity, support fiscal sustainability and economic development, foster walkable neighborhoods and connectivity, and implement recommendations from the Climate and Equity Plan to make Milwaukee a more sustainable and resilient city; and

Whereas, Pursuant to the update and amendment procedure for comprehensive planning adopted by Common Council File No. 161076, the planning process has involved extensive community engagement and public participation to explore the issues of housing diversity, housing opportunity, and community goals for housing growth; and

Whereas, The Department of City Development proposed a two-phase project to update the Housing element of the Citywide Policy Plan and to use those updates to inform adjustments to the portions of the Zoning Code that regulate housing development; and

Whereas, The First phase of the project, which is the update to the Citywide Policy Plan, has been prepared, titled Growing MKE, a copy of which is attached to this Common Council File; and

Whereas, The Second phase of the project, will include the implementation of the recommendations of the Growing MKE Plan, including drafting updates to the Zoning Code for consideration by the Common Council; and

Whereas, The Growing MKE Plan replaces the Housing and Neighborhoods Chapter of the Citywide Policy Plan that was adopted by the Common Council on March 2, 2010, by Common Council File No. 090882; and

Whereas, Approval of the Growing MKE Plan by the Common Council will establish the Growing MKE Plan as a guide for the City regarding the development of housing in Milwaukee and updates to the City's Zoning Code and facilitate implementation of the recommendations in the Plan; now, therefore, be it

Resolved, By the Common Council of the City of Milwaukee, that the Growing MKE Plan, as recommended by the City Plan Commission, is approved as an amendment to the Citywide Policy Plan as part of Milwaukee's Overall Comprehensive Plan; and, be it

Further Resolved, That the amended Citywide Policy Plan serve as guidance and a basis for decision-making by the Common Council in its consideration of matters related to housing and neighborhoods; and, be it

Further Resolved, That the Department of City Development, the Community Development Grants Administration, the Department of Neighborhood Services, and other appropriate City departments and agencies are directed to work toward implementation of the Plan.
