Please find a property description of 3316 N Lake DR. I have marked in ink the position of the flower bed. As you can see it is in back of the property away from the road, in the middle of the property. It is situated on our personal patio, and is enclosed by shrubs and trees. The purpose was to have a flower garden. We were planting tulips, daffodils, etc.. My wife is handicapped and it is hard for her to bend over and work on ground level so we raised it up so she could sit on the side to work in the flower bed. I hope this will help in your determination

Thank you Edward and Linda de Roo 1-30-2022
