MEMORANDUM

To: Finance and Personnel Committee Members
From: Mason Lavey, Budget & Fiscal Policy Manager
Subject: Bikeway Vision

The Mayor's State of the City committed to a goal of 50 miles of protected bikeways being under development (complete, under construction, or funded) by 2026. DPW-Infrastructure has approximately 10 miles of protected bikeways that are expected to be completed in 2024.

DPW-Infrastructure intends to use \$500,000 for protected bike lanes in 2024 to bridge the gap from various funding sources on a number of projects. As one example, green infrastructure projects may help form the physical barriers that protect the bikeways in some circumstances, but the \$500,000 fund would be used for other parts of a project where green infrastructure is not possible.

The following maps are included for review and provide information related to existing bikeways, funded bikeways, and unfunded bikeways,

- Bikeway Vision_2nd District
- Bikeway Vision_Full City
