

Whom it may concern,

As the owner of Camp Bar, and more specifically Deer Camp located at 1023 N MLK Dr., I am writing this letter in support of the FPC project proposed in the Deer District. In general, we feel that any additional draw of patrons and guests to the area is great for the City of Milwaukee, and in particular the hospitality sector in the vicinity.

We have met with FPC Live as an owner/operator group in the area, and they were very upfront and attentive to all of our questions and concerns. We support their plans for a secure and safe addition to the District. FPC is a company with a rich history in doing business in many communities, and I would expect them to bring the same quality to Milwaukee.

We welcome the development of this project, and look forward to the positive impact on the surrounding area.

Sincerely,

A handwritten signature in black ink, appearing to read "Paul", written in a cursive style.

Paul Hackbarth, Owner
