Good morning, Sam!

It appeared that when waste management emptied our garbage bin this morning, snow/ice that were on the lids hit my husband's front windshield and created a Crack when lifting the bin into their truck. Can you please let me know what are the steps moving forward? What are we covered under insurance at Servite. I've attached pics. Thank you for your time!

Jessica L Davis

Good morning. Oh gosh!

It is my understanding is all trash and recycling services are pick up through the city of Milwaukee. We do not contract out for these services.

I am out of the office this week but wanted to respond to you.

Please reach out to the city Milwaukee Garbage division.

Hi Samantha!

Can you double check and make sure that Servite is not responsible? The garbage removal is a paid service from someone/somewhere. I'm waiting to hear back from city of Milwaukee to understand whose responsible. Thank you!

To whom it may concern,

On Monday, March 17th 2025 I left the house to go to work at 7:30am. When I went to start the car I noticed a crack on the front passenger side of my front carshield window. The garbage had already been picked up by that time. Large ice pieces and snow were on the top lid of garbage dumpster. I am seeking compensation for the damage to front windshield. It appears when front loader lifted the dumpster to empty the garbage the lid covered with the ice/snow hit the windshield and created a crack.

I've submitted pictures and two itemized estimates. The incident took place at 8608 N. SERVITE DR, Milwaukee, WI. 53223
My contact information is cell phone 414-517-3324. I can also be reached by email phatkey@gmail.com.

Thank you for your time.
