Dear Alderman Perez:

This is in response to a request we received from the Milwaukee Fire Department to install the above-captioned parking restriction.

Our traffic engineering staff has investigated this request and found that fire department vehicles have a difficult time maneuvering through the intersection. The installation of this restriction will make it easier to maneuver their vehicles through the intersection, therefore we recommend the installation of this restriction.

We will prepare the necessary legislation that will be heard at the next Public Safety Committee meeting, so that you may support it to final passage.
