Re: Sewage pipe damage

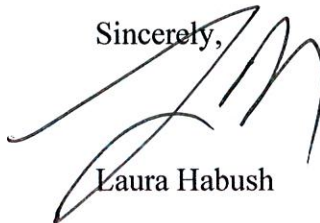

Dear Sir or Madam,

Please allow this letter to serve as notice of claim against the city. I have had sewage back-up in my home. I had a plumbing company come out to the home to address the problem. They were able to clear out the blockage but advised that the issue will continue to recur due to the fact that the pipe located 51 or 52 feet connecting my home to the city had shifted. This was due to vibrations caused by the work on the streets around my home. This was discovered when they came out to my home on April 21st, 2022.

The property is located at 3056 N. 78th Street, Milwaukee WI 53222. My phone number is 414 916 5468 and my email address is habushlaura@gmail.com.

I am seeking reimbursement for the cost of having the pipe reconnected. A copy of the estimate is attached. I am seeking the cost of the repair.

Sincerely,

Laura Habush
