Milwaukee, WI 53202-3567

Subject: Property Damage Claim-Basement Flooding on May 5, 2025

Dear City Clerk,

I am submitting this claim pursuant to Section 893.80(1d), Wis. Stats. For property damage that occurred at my residence located at 3900 West Portage Street on May 5, 2025.

On this date, our basement experienced significant flooding, resulting in damage to furniture, appliances, electronics, flooring, and personal items. The flooding, which resulted in approximately 12-15 inches of standing water, appears to have been caused by a backup or overflow related to the City's sewer or stormwater system.

As a result, we suffered considerable damage to personal property, along with multiple out-of-pocket expenses for remediation and repairs. I have attached photographs documenting the extent of the flooding and resulting damage.

The estimated total value of my claim is approximately \$69,775 which includes replacement of essential appliances such as the gas water heater, furnace, and other utilities. Additionally, I have been invoiced for over \$31,000 for cleanup services.

Enclosed, please find the following supporting documentation:

- Photographs of the flooded basement.
- Itemized list of damaged property.
- Receipts and/or repairs/replacements estimates.
- Contact information for any service providers involved in cleanup or assessment.

Should additional information be required, please contact me at 414-467-6724 or crycol09@gmail.com if any additional documentation is needed. I respectfully request prompt consideration of this claim and await your response.

Sincerely,

Crystal Collins

CITY OF MILWAUKEE

The total cost for mitigation services detailed in the following invoice is: **\$31,130.38.**

Please note the following:

The affected floor of this property was very heavily affected with CAT 3 Sewage and within that sewage was very thick sludge with 90% of the Basement affected. Heavy labor hours were needed for extraction, Content disposal, coordination of dumpsters (O&P included in this coordination), and extended drying and cleaning times.

For specific scope-related questions or concerns, please contact Senthil at 262-399-1347.
