October 31, 2005

To the Public Works Committee:

The following assessable projects were approved by the committee on March 2, 2005:

8th District:

W. Canal St. – S. 30th St. to N/S. Miller Park Ring Road (WT410031068)
Install Water Main

W. Falk Dr. – 1000 feet northeast of W. Canal St. to W. Canal St. (WT410051092)
Install Water Main

At the time, the Water Department did not have an assessable account for these projects and they were put on “hold.” Since that time, the money has been made available and we request that the accounts for these projects be authorized.

We request that these projects be added to resolution 050808.
