Thanks!

Chris can we make this part of the file? Thanks!

In service,

Hi Jonathan,

I am writing to make sure that you are aware that the Educational Approval Program, the state agency that approves for-profit colleges and training institutes, has an active investigation challenging their initial approval of the Arizona College of Nursing. I am aware of at least 3 formal complaints that have been made and that are being investigated. Below are emails I have received that verify that an active investigation is currently underway. I would urge the ZND committee to delay scheduling the AZCN's request for a zoning change until the EAP has completed its investigation and rendered a decision.

If you need additional information please email or call me.

Thank you for your attention to this matter.

Sincerely,

Michael Rosen, PhD.
Committee for Equity in Nursing Education

to me

Michael:

Thank you for getting me your complaint form. I'm going to open an investigation and look into this matter.

I will also be reaching out to the school regarding your complaint and will request them to provide me with documentation regarding your complaint. In addition to that, if you have any additional documentation you would like to provide regarding your complaint, you can email that to me. Once I've reviewed all of the documentation, I will be reaching out to you regarding any follow-up questions and next steps.

Sincerely:

Michael:

I am still working on the investigation from your first complaint and expect to have a response to you by end of this week/early next week.

Thank you for submission of this new complaint, I will begin looking into it. Do you happen to have any documentation to help support your claims in the complaint?

Sincerely:
