

May 8, 2002

To the Honorable, the Common Council

Dear Honorable Members:

The Department of Public Works desires to design and construct a regional wet detention basin at North 91<sup>st</sup> Street and West Dean Road. Proceeding with the procurement of the professional service will enable the City to control pollutants, reduce the amount of storm water runoff entering the City's storm sewer system and reduce flooding in the area.

We have prepared the attached resolution authorizing and directing the Commissioner of Public Works to proceed with the procurement of professional services for designing and constructing a regional wet detention basin at North 91<sup>st</sup> Street and West Dean Road in the City of Milwaukee.

We recommend adoption of the attached resolution.

Very truly yours,

Jeffrey S. Polenske, P.E.  
City Engineer

Mariano A. Schifalacqua  
Commissioner of Public Works

RJR/ah
