Subject: Sewer Devastation Comments

Marina -

I tried using the comment site suggested in your recent email, but could not get in because no "validation" email was sent. I tried multiple times including early this morning.

If it matters, I support an investigation of the sewer backups primarily because they will apparently repeat, and they have already taken a huge toll, including on my health.

The City, DPW, and MMSD need to do the following:

1. Acknowledge there is a problem;
2. Investigate the causes;
3. Develop solutions;
4. Act on those solutions as soon as possible;
5. Inform the public in writing about the steps taken to remedy the problem.

Thank you
