Bucks Block Five

Event Parking and Traffic Mitigation Memo

- To mitigate parking demands and traffic at peak event times in the Deer District , MATC event staff will coordinate with Deer District events to avoid schedule conflicts as much as possible.

Keynotes

- A typical event at the MATC field house would host approximately 300 people. The fieldhouse has a maximum capacity of 1,100 people and would host a few events per year that would reach full capacity.
- 195 MATC students live within a five-minute walk of MATC's field house at Westown Green.
- A street loading zone along Vel R. Philips/Fourth Street will allow for a dedicated drop-off and pick-up zone that is located at the field house's front entrance.
- Ample parking options are readily available in the immediate area including:
 - Street parking
 - 3 dedicated MATC parking structures within a five to ten-minute walk.
 - 18 public lot/ structures within a five to ten-minute walk.
