Thanks, Joe. We appreciate your feedback and DCD will add it to the file. This will be going to several committees and will go to the Council for a vote eventually for the financing element and a zoning issue.

You don't often get email from jwmecha@gmail.com. [Learn why this is important](#)

Hello Marina,

Thank you for the information about this development. I missed the meeting yesterday, so based solely on the proposal, I want to **voice my approval** of this plan. I'm familiar with the existing site and the unoccupied run down houses. It's a great opportunity to build affordable housing there.

I hope that additional affordability/environmental concerns are part of the design (e.g. appliances) as well. If there was any information on that I missed it.

Kind regards,
Joe Mecha
