To Whom It May Concern:

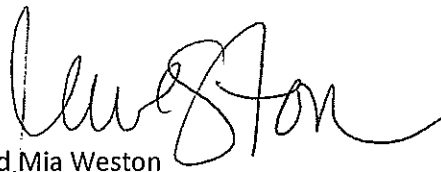

On Wednesday, July 17, 2012 at approximately 5 o'clock in the evening, a large tree branch fell on top of my 1999 Chevy Venture van. The van was parked on 38th & Elmhurst in front a house with the 4062 address. The weather was very pleasant. It appeared that the tree was not in a healthy condition. There were no strong winds. I took pictures of the branch as it lay on top of my van.

I was in shock, but I thought to take pictures and send them to my email. I also knew that the van could not be driven safely any longer. I called the city to inform them that the tree needed to be removed from my van as it was a hazard to others in its present location. After three hours and 5 phone calls, the tree was finally removed. The County/City workers wished me luck in getting my van fixed. This is when it hit me that my van was totally ruined. I then knew that I had to find out how much it was going to cost to repair it.

I went to two Auto Body Shops within a close proximity of my house for estimates. I have enclosed 2 estimates of prices that it would cost to repair my van. The first estimate is from Midtowne Auto Body for \$3,342.83 The second estimate is really a shocker. It came from Pinkey's Capital Auto Body. The repairs were greater than the value of the van. The salesman gave me his opinion that the van's worth is not worth repairing. I also have a Kelly Blue Book estimate from www.kbb.com/chevrolet/venture-passenger/1999. My van was in fair condition and the KBB value is at \$2,576. I also have enclosed the pictures that I downloaded of my damaged van.

I am requesting the compensation for my van for the KBB value of \$2,576. I am a Substitute Teacher and unemployed for the Summer. I am not receiving Unemployment Benefits and cannot pay for my van's repairs. The enclosures include pictures, 2 estimates, and the Kelly Blue Book value report for my 1999 Chevy Venture van that had only 130,000 miles on it. I can be reached at 414.364.3932. My email address is Mildredweston@gmail.com. Thank you for your time and consideration in this urgent matter.

Sincerely,

Mildred Mia Weston

Glossary of Terms

Kelley Blue Book® Trade-in Value - This is the amount you can expect to receive when you trade in your car to a dealer. This value is determined based on the style, condition, mileage and options indicated.

Kelley Blue Book® Private Party Value - This is the starting point for negotiation of a used-car sale between a private buyer and seller. This is an "as is" value that does not include any warranties. The final price depends on the car's actual condition and local market factors.

Excellent Condition: 3% of all cars we value meet this criteria. This car looks new and is in excellent mechanical condition. It has never had paint or bodywork and has an interior and body free of wear and visible defects. The car is rust-free and does not need reconditioning. Its clean engine compartment is free of fluid leaks. It also has a clean title history, has complete and verifiable service records and will pass safety and smog inspection.

Very Good Condition: 23% of all cars we value meet this criteria. This car has minor wear or visible defects on the body and interior but is in excellent mechanical condition, requiring only minimal reconditioning. It has little to no paint and bodywork and is free of rust. Its clean engine compartment is free of fluid leaks. The tires match and have 75% or more of tread. It also has a clean title history, with most service records available, and will pass safety and smog inspection.

Good Condition: 54% of all cars we value meet this criteria. This car is free of major mechanical problems but may need some reconditioning. Its paint and bodywork may require minor touch-ups, with repairable cosmetic defects, and its engine compartment may have minor leaks. There are minor body scratches or dings and minor interior blemishes, but no rust. The tires match and have 50% or more of tread. It also has a clean title history, with some service records available, and will pass safety and smog inspection.

Fair Condition: 18% of all cars we value meet this criteria. This car has some mechanical or cosmetic defects and needs servicing, but is still in safe running condition and has a clean title history. The paint, body and/or interior may need professional servicing. The tires may need replacing and there may be some repairable rust damage.
