

November 25, 2008

To the Honorable, the Common Council

Subject: 2009 Paving Program Encroachment Removals

Dear Council Members:

It is the intention of the City of Milwaukee to construct or reconstruct certain streets and alleys in the 2009 paving program. There are existing encroachments, projections, and special privileges on some streets and alleys that will interfere with the proper execution of this work.

In order to have such encroachments and projections altered or removed, the attached resolution is recommended for adoption.

Very truly yours,

Jeffrey S. Polenske, P.E.

Jeffrey J. Mantes
Commissioner of Public Works
