5. DESCRIPTION OF PROJECT:

Tell us what you want to do. Describe all proposed work including materials, design, and dimensions. Additional pages may be attached via email.

Exterior of the home to be resided with vinyl siding. Previously the home was more than 50% aluminium siding. The proposed siding color is a blue with white trim. Replacing the original arch way in the middle of the home back to stucco. The roof of the house will not change as it's not being repaired or replaced at this time. During the search of siding, we were unable to locate the original tan aluminium siding the house was covered in prior to upgrade.

Also, the porch will be replaced. Currently, the specs or look of the porch will not change from the original. At this time we are only updating the materials.

I am including in this request approval to extend the porch to the back side of the home. I have included a sketch of the proposed future porch. Please provide if this is acceptable by the HCP?
