RONALD D. LEONHARDT
CITY CLERK

Dear Grant,

I received your letter regarding your decision on my case, # C. I. File No: 10-S-70. I have pictures and cost of repairs for the damage done. In the pictures that I sent. They show mud and cement chips on the hood. And chip in hood.

I know some repairs are an emergency for the city. But more care needs to be taken in the future for protecting vehicles. You mentioned that the workers placed themselves between my car and the work. The work that was done was from the curb and forward 2'. My car's front end hung over the curb, so there was no room for someone to stand between the works. I'm requesting for a hearing date. Please contact me with the date and time so I contact my lawyer to attend.

Thanks

On February 19, 2010, I had damage done to the hood, grill, and fender of my car. I arrived on the corner of 5th and Walker Street at 12:15pm. My wife and friends had a meeting luncheon to be held at Botanas Restaurant. As we were pulling into a metered parking space out front, two yellow city trucks pulled up on both sides of the street. We proceeded in to Botanans for lunch at 12:15 pm; the wait was to long so we walked to La Perla instead.

When we returned to our car, we noticed the city workers now working on the side walk in front the cars parked by the meters. I asked a worker why the meters did not have a DO Not Park Sign on them or barricades placed in the spot of the cars. He did not know. I should ask the boss who was by the truck. When he came over to talk to me, I had him look at the hood of my car that had cement chips, mud, and a chip and nick in the hood. He brushed his hand to remove the debris, but that just scratch the paint. The area on the side walk should have been marked for no parking. The work was done less than a foot in front of my car. I pointed out to him that the employee was jack hammering in front of my car. The side walk concrete was removed and a hole was dug. He said the work had to get done. I asked him who do I call to report this incident, and he gave me phone # 286-8282.

I took pictures with my cell phone of the damage to the front. I also wrote down the truck numbers of the two city trucks, # 26326 and #25403. I also have a repair bill from Authentic Auto for damage to my 2010 Audi A5 car. Enclosed are pictures and repair bill. You can reach me at any time at phone #303-9776 or email petemedivan@aol.com. My address is 1350 W. Armann Way, Oak Creek, WI 53110. Thank you for your help.
