Subject: Adult Video store at 91st and Brown Deer

Alderman Puente

As block watch captain at Parkway Village Condos (224 unit housing at 94th and Bradley Road), I want to voice my opinion against allowing the Adult Video store to continue at the present site.

It is too close to all the apartments on Brown Deer Road and the Woodland Oaks condos.

We don't want the type of traffic to come into our neighborhood. We don't have bus service on 91st Street after 6 pm I have seen people walking North on 91st Street to Brown Deer Road to catch a bus. 91st Street is not that well lighted and it worries me that a person (male or female) could be pulled into a vehicle by a person who goes to that video store.

I brought up at the May meeting for our residents to also write. I was asked to write and let the commission know that 22 people in the Parkway Village Condos ask the commission not to allow this business to continue.

There is one adult video store on 76th and Good Hope. At least there is no housing within 50 feet away from that store.
