To the Common Council

Subject: Resolution to temporarily close West Juneau Avenue
between North 9th Street and North 11th Street

Dear Council Members:

With the Marquette Interchange Project and the Pabst City Development, the City of Milwaukee, as well as the private utility companies, have a significant amount of utility work to undertake in order to support both of these projects. The timely completion of this utility work is critical to meet the Marquette Interchange schedule.

It is proposed to temporarily close West Juneau Avenue between North 9th Street and North 11th Street during the months of June, July, and August, 2004 to support the various utility work that is necessary for the Marquette Interchange Project and the Pabst City Development. Closing this 2-block segment of West Juneau Avenue will allow more than one contractor at a time to safely undertake their work.

In the interest of public safety, it is recommended that this resolution be adopted to temporarily close West Juneau Avenue between North 9th Street and North 11th Street during June, July, and August 2004.

Very truly yours,

Jeffrey S. Polenske, P.E.
City Engineer

James P. Purko
Director of Operations
