We want to add it to the file but not looking for HD testimony as the complaint came from a resident. (As opposed to the department objecting)

Good Evening,
Following up. The complaint did not come to us through the online portal as it did for you. We did however receive the complaint directly from the complainant same day.

We reached out to get a full food history and seek more details on the name of the truck itself which we determined to be Tacos El Milagro. It took us some time to track down the truck itself for investigation onsite as there was some confusion over which truck this was for- we have a couple with the name Pacheco somewhere in there. We did eventually locate them 2.20.25. Aside from the lack of renewal of their license at that time they had no hot or cold running water available for hand washing. There was dirt and debris noted on the food contact surfaces of the equipment. The truck was ordered closed. It looks like when the provisional was issued we did a reinspection and were able to reopen them.

Not sure if any of this can be uploaded since it is less than 45 days?

Let us know,
Carly
