

October 30, 2001

To the Honorable,  
the Common Council  
City Hall, Room 205

Dear Honorable Members:

Attached is a resolution which, when adopted, will allow for the excavation and restoration of pavement that is less than three years old.

We have received a request from Teleport Communications Group/AT&T to install a conduit at 803 West Michigan Street. This street is under guarantee because its pavement is less than three years old.

Please introduce this file at the November 6, 2001 Common Council meeting.

Very truly yours,

Mariano A. Schifalacqua  
Commissioner of Public Works
