Dear Grant F. Langley,

Thank you for responding to my letter regarding the plugged City main sewer on March 8, 2006, at the address of 6321 N. 91<sup>st</sup> Street. I do however, disagree with your ruling and would like to appeal this decision. I would like to request a hearing RE: Stephen A. Dolezar (C.I. File No: 06-S-113). Please contact me at 414-353-1593 to set up a date and time for the hearing.

Thank you

Stephen A. Dolezar

City Clerk  
Attention: CLAIMS

On March 8, 2006, at around 10:00pm we noticed water coming up from our basement drain. Due to the excessive amount of water coming in we decided to call a Plummer. Once the Plummer from Tuffy's Sewer & Drain, LLC came out to the house, he attempted to try and snake out the sewer several times. With these attempts the water was still remaining to come up through our drain. With the help and recommendation of the Plummer we call the City of Milwaukee, Water Department. They stated the problem was the drain outside on 91<sup>st</sup> Street. Once the City came out and worked on the sewer drain outside on 91<sup>st</sup> Street, the water in our basement cleared up. Tuffy's Sewer & Drain, LLC charged me \$476.72. The description of the work that was done is written on the enclosed bill, the results of his job was listed as job not complete do to the fact that it was not our personal sewer drain and he could not stop the water from coming up through our basement.

I would expect a reinvestment from the City of Milwaukee in the amount of \$476.72. Due to the fact that the problem was the outside city street sewer, which happens to run on our property line. Feel free to review the enclosed bill from Tuffy's Sewer & Drain; LLC their phone number is (414)-719-1496 if you would like to follow up with them. If you need to contact me please call Steven Dolezar at (414)-353-1593. I would appreciate a prompted refund.

Thank you,

Steven Dolezar
