Subject: Support for Data Center Proposal at Midtown Center
Date: Thursday, May 14, 2026 2:46:11 PM

Some people who received this message don't often get email from markmueller10@gmail.com. [Learn why this is important](#)

Dear City Plan Commission Members,

My name is Mark Mueller, and I am a City of Milwaukee resident living at 615 E Russell Ave, Milwaukee, WI 53207.

I am writing in support of the proposal to allow a computer data center to be built on the Midtown Center property on N. 60th Street, just north of Capitol Drive.

I believe this project has the potential to bring meaningful investment, economic activity, and renewed purpose to a property that is important to the surrounding community. A well-planned data center could help strengthen Milwaukee's technology infrastructure while creating opportunities for jobs, local partnerships, and long-term growth.

I encourage the City to continue reviewing the proposal carefully to ensure that community concerns are addressed, including traffic, noise, energy use, security, and the overall impact on the surrounding neighborhood. With appropriate safeguards and responsible planning, I believe this project could be a positive development for the area.

Please accept this email as my testimony in support of the proposal. Thank you for your time and for considering community input on this important matter.

Sincerely,

Mark Mueller
