

5. DESCRIPTION OF PROJECT:

Tell us what you want to do. Describe all proposed work including materials, design, and dimensions. Additional pages may be attached via email.

Retroactive application for certificate of appropriateness for the Water Street facade FORE MILWAUKEE signage.

The 1st Floor tenant's signage was installed years prior to 530 North Water LLC's ownership.

The signage is painted on treated 3/4" hard wood that is approximately 5' high at the center and 9' long. Per discussions with this agency and the Dept. of Neighborhood Services, a 1" hard wood molding was installed around the outside perimeter edge. Clear caulk was applied along the in and outside edges.
