

City of Milwaukee- Community Development Grants Administration

2012 Proposed Funding Allocation Plan (FAP)

Date of Release: September 1, 2011
Revised: September 6, 2011

CDBG
Milwaukee

NOTICE OF POSSIBLE FUNDING REDUCTION

- This disclaimer serves as notice to all recipients of funding awarded under the City of Milwaukee- Community Development Grants Administration (CDGA).

Should availability of federal funds:

Community Development Block Grant (CDBG),

HOME Investment Partnerships,

Stewart E. McKinney Emergency Shelter Grants (ESG),

Housing Opportunities for Persons with AIDS (HOPWA)

be reduced, the City of Milwaukee's Community and Economic Development Committee can modify and reduce either the Grantee's and/or Sub-grantee's award compensation or the Grantee's and/or Sub-grantee's program year or both. In the event of such a modification or reduction the Grantee and/or Sub-grantee shall be notified in advance of the pending Community and Economic Development Committee meeting where such action shall take place.

COMMUNITY DEVELOPMENT BLOCK GRANT PROGRAM

The Community Development Block Grant program was established by Congress in 1974 with the passage of the Housing and Community Development Act. This program provides funds to municipalities and other units of government around the country to develop viable urban communities. This is accomplished by providing affordable, decent housing, a suitable living environment and by expanding economic opportunities principally for low and moderate income persons. Local units of government develop their own programs and funding priorities, however all activities must be consistent with one or more of the following HUD national objectives:

- Principally benefits low/moderate income persons
- Prevents or eliminates slum or blight
- Addresses an urgent need or problem in the community (e.g., natural disaster)

As a Participating Jurisdiction (PJ) and entitlement community, the City of Milwaukee-Community Development Grants Administration (CDGA), receives annual funding allocations from the Federal government to fund activities to address these National Objectives.

As a recipient of these funds, the City of Milwaukee is required to submit to HUD an annual Funding Allocation Plan that describes how the City will utilize Federal funds to address the national objectives in a manner that will produce the greatest measurable impact on our community.

The statutes for the Federal formula grant programs set forth three basic goals against which the plan and the City's performance under the plan will be evaluated by HUD. The City must state how it will pursue these goals for all community development programs.

HUD statutory program goals are:

DECENT HOUSING - which includes:

- Assisting homeless persons obtain affordable housing;
- Assisting persons at risk of becoming homeless;
- Retaining the affordable housing stock;
- Increasing the availability of affordable permanent housing in standard condition to low-income and moderate-income families, particularly to members of disadvantaged minorities without discrimination on the basis of race, color, religion, sex, national origin, familial status, or disability;
- Increasing the supply of supportive housing which includes structural features and services to enable persons with special needs (including persons with HIV/AIDS) to live in dignity and independence; and
- Providing affordable housing that is accessible to job opportunities.

COMMUNITY DEVELOPMENT BLOCK GRANT PROGRAM

A SUITABLE LIVING ENVIRONMENT - which includes:

- Improving the safety and livability of neighborhoods;
- Eliminating blighting influences and the deterioration of property and facilities;
- Increasing access to quality public and private facilities and services;
- Reducing the isolation of income groups within areas through spatial deconcentration of housing opportunities for lower income persons and the revitalization of deteriorating neighborhoods;
- Restoring and preserving properties of special historic, architectural, or aesthetic value; and
- Conserving energy resources and use of renewable energy sources.

EXPANDED ECONOMIC OPPORTUNITIES- which includes:

- Job creation and retention;
- Establishment, stabilization and expansion of small businesses (including micro-businesses);
- The provision of public services concerned with employment;
- The provision of jobs to low-income persons living in areas affected by those programs and activities, or jobs resulting from carrying out activities under programs covered by the plan;
- Availability of mortgage financing for low-income persons at reasonable rates using non-discriminatory lending practices;
- Access to capital and credit for development activities that promote the long-term economic and social viability of the community; and
- Empowerment and self-sufficiency for low-income persons to reduce generational poverty in federally assisted housing and public housing.

Long-term outcomes linked to these goals are:

- **Availability/Accessibility** – This outcome relates to programs that make services, housing, infrastructure, public services, or shelter accessible or available to low or moderate income persons, include those with special needs and/or disabilities.
- **Affordability** – This outcome relates to programs that provide affordability to low or moderate income persons and can include affordable housing.
- **Sustainability** – This outcome relates to programs that improve communities and promote viability such as removing slum and blight or other services that sustain communities.
