CITY OF MILWAUKEE

CITY CLERK'S OFFICE

To Whom It May Concern:

I would like to file a claim against the City of Milwaukee for damages to my private vehicle (2006 Toyota Highlander) caused by a tree limb falling from a city owned tree. The requested reimbursement amount is \$907.20. It should be noted that this is similar to a claim I made in 2018 that was denied by the City of Milwaukee. Although this new claim is for the same vehicle being hit with limbs from the same tree this submission is for new damages.

At approximately 7:30 am on Tuesday, August 25, 2020 I went outside and saw a tree limb lying on top and next to of my car with multiple dents on the hood of my car. My car was parked in front of 2850 S. Wentworth Avenue directly underneath the city tree located in front of my home. Earlier that morning there were there were thunderstorms and high winds in the area causing numerous tree branches to break off of trees on S. Wentworth Avenue.

I believe the tree was once again trimmed by city arborists this past spring. After this event there were many other branches that fell from City maintained trees. Recently a large limb came down on a car a few houses away and caused significant damage to another vehicle. I feel that a better job could have been done by the arborists during the tree trimming, thereby preventing damaged/rotten limbs from falling or breaking off and causing the damage to my vehicle. I am submitting three estimates to repair the damage (requesting reimbursement for the lowest amount) as well as pictures of the tree limb and damage to the hood of my vehicle. If you wish, I could also email the pictures if you require clearer photographs.

Thank you for any consideration in this matter. I look forward to hearing from you.

Sincerely,

Donald G. Doro
