Milwaukee City Clerk
200 East Wells St; Room 205
Milwaukee, WI 53202

I'm writing because I wish to appeal your decision regarding the damages to my vehicle. Each time I complained to the forestry division regarding the declining tree, I got the response that "this is a problem that were having with these old elm trees in the area."

They pretty much stated that the brand specific is problematic and there's nothing that they can do but pick up after it. The day of my incident which caused serious physical damage to my vehicle, the supervisor visited my home and inspected the damage and marked the tree for removal.

If there is no responsibility on the City's part for not removing the problem sooner rather than later, you are definitely liable for damages. I don't make complaints because I'm able to do so, there was a problem with that tree.

On January 7, 2020 there was a crew of City workers removing the tree. Pretty much there wasn't much left of the tree since the incident back in July 2018, when one of the larger branches (trunk thickness) cascaded my vehicle. Luckily, my vehicle escaped damage except for a few minor scuffs. Let's not blame this on the squirrels.

If you are not responsible, then why remove the tree? I'm requesting a hearing on this matter.

ATTN: CLAIMS
200 E. Wells St. Room 205
Milwaukee, WI 53202

OCT 30 2019

3:40 A.M./P.M.

This is regarding an accident claim that took place on 10/21/2019 in front of my home with the City of Milwaukee Tree. To the best of my knowledge, that day it was windy and raining and I work 3rd shift. A typical day of my life is arriving home from work and getting my child ready for school, and then getting myself back home to sleep until time to recover my child.

On 10/21/2019 I went to my vehicle and noticed the large tree branch on the sidewalk, and I just went to my vehicle. It was then I noticed my mirror had been broken. I picked up the mirror and stuck it back in its place, but I also noticed that my inside sunglass visor had been opened as if someone had ransacked the car.

At first, a bit startled, but I had to leave to keep my child from standing in the rain. Once again, when I arrived home..I noticed that I could see thru my mirror and that there was another part missing. I got out of the vehicle to find the backing to my mirror and noticed it across the street on the ground. I recovered it, and placed it on the vehicle to keep water from entering mechanics.

I called for help in getting a replacement cover and then the damage was pointed out to me. The branch hit my car so hard that my visor fell (sunglass holder) and mirror scattered across the street.

There are 4 dents on the roof of my car. My vehicle was purchased brand new, and barely has 37,000 miles on it.

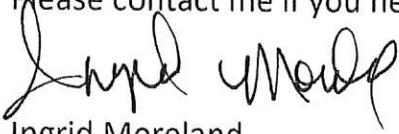

Once settled, I contacted E-Notify to inform them of the branch and damage done to my vehicle. They came right out and took my information and instructed me to file claim with the city of Milwaukee.

This tree has been steady declining since 2017. In 2018 enclosed is a picture of another large limb from this tree in which my vehicle miraculously **escaped** damage.

This year, October 21, 2019 I was not so lucky. Enclosed are 2 estimates of reputable auto body shops.

My email address is Ladyghost@att.net

Please contact me if you need further information.
