INSTALL ALL-WAY STOP ON
WEST ORCHARD STREET AND SOUTH 12TH STREET

Dear Alderman Perez:

This is in response to your request on behalf of local residents to install the above-captioned traffic control restriction.

Our traffic engineering staff has investigated this request and found that the intersection has not met the warrants to install the requested all-way stop control at the intersection of West Orchard Street and South 12th Street. However, in compliance with your request, legislation will be prepared for consideration at the next Public Safety Committee meeting.

Sincerely,

INSTALL STOP SIGN ON EAST SMITH STREET
AT SOUTH BURRELL STREET

Dear Alderman Zielinski:

This is in response to a request we received from a local resident to install the above-captioned traffic control.

Our traffic engineering staff has investigated this request and found that sight obstructions exist on the northeast and southeast corners of the T-intersection in the form of houses that would reduce the safe approach speed and thereby warrant the above-captioned control. We therefore, in the interest of public safety, recommend the installation of the stop control.

We will prepare the necessary legislation for the next Public Safety Committee meeting, so that you may support it to final passage.

Sincerely,

Jeffrey S. Polenske, P.E.
City Engineer
