Retail Value [Search Local Listings for This Car](#) **\$1,855**

The Kelley Blue Book Suggested Retail Value represents the amount an auto dealer might ask for a specific vehicle. The Suggested Retail Value is a starting point for negotiation therefore the actual sale price will vary. Popularity, condition, warranty, color and local market conditions will be factors involved in determining a final price. This retail value is not a trade-in or private party value.

This Suggested Retail Value assumes that the vehicle has been fully reconditioned and has a clean title history. The Suggested Retail Value also allows for advertising, sale commissions, insurance and other costs of doing business as a dealer. Most vehicles being offered at this price have passed an inspection and some may carry a warranty.

Re: 32440
Property Damage by the City of Milwaukee
City of Milwaukee Vehicle #32440

Dear Sir,

This letter is pursuant to the City of Milwaukee section 893.80 (1), WI. Statutes as it applies to procedures established by the city clerks office regarding reimbursement. To wit I submit the following statement on 7/26/2004 I ask my brother to drop my daughter off at daycare and shortly after they left an accident occurred where as a City of Milwaukee garbage truck struck my car causing severe damage to the left quarter panel door and bumper. Also my daughter who was a passenger in my car was shaken up. And I have notice since this event that she has been fidgety, and had trouble sleeping. Also, this has placed a hardship on me because this vehicle is my only means of transportation which I use daily to go to work, school, and return home. Therefore I am requesting that the City of Milwaukee resolves my claim as soon as possible.

Because of the above predicament I find myself in, your most urgent attention would be greatly appreciated.

Sincerely,

Leslie Sanders
