Re: Agreement betw Assessor and Milwaukee County Automated Mapping and
Land Information System Steering Committee

Dear Ms. Reavey:

On February 23, 2007, you asked us to review a draft agreement between the Assessor's Office and the Milwaukee County Automated Mapping Land Information System Steering Committee, ("MCAMLIS"). Pursuant to the agreement, the City would provide MCAMLIS a report regarding the utility of certain aerial digitized images and related software licensed to the City by Pictometry International Corporation, ("Pictometry"), in exchange for payment to the City in the amount of the first year of the license fee.

We have discussed the need for Common Council approval of such an agreement, and have attached a draft resolution for this purpose. We have also noted several typographical errors in the agreement, and have attached a redlined copy, along with the copies of the agreement you forwarded. We have met with the City Purchasing Director in order to facilitate the process of amending the contract with Pictometry to clearly authorize the use of the software by other assessor's offices. Finally, we advise that the agreement is legal and enforceable as drafted, but caution that the provisions of the Vendor Service Contract with Pictometry must be kept in mind in compiling the report pursuant to the agreement. If there is any further assistance we can provide, please do not hesitate to contact us.
