To the Public Works Committee

Subject: Common Council Resolution File Number 080435

Dear Honorable Members:

Returned herewith is Common Council Resolution File Number 080435, which amends a special privilege to Marquette University to construct and maintain additional steam pipe and two chiller pipes in the public right-of-way for the university campus at and adjacent to 1801 West Wisconsin Avenue.

Marquette University requested permission to construct and maintain communications, electrical and heating conduits in various public rights-of-way for the university campus. Permission for these items was granted under Common Council Resolution File Number 010578. The current request is to construct and maintain an additional steam pipe and two chiller pipes. The 12-inch diameter steam pipe crosses North 13th Street at a point approximately 165 feet north of the northline of West Wisconsin Avenue. The two 14-inch diameter chiller pipes will cross West Wisconsin Avenue at a point 193 feet west of the westline of North 12th Street.

We are not aware that the presence of said items will have an adverse effect on the general use of the public right-of-way. We have, therefore, prepared the attached special privilege resolution, which, if adopted, will allow said items to occupy the public right-of-way.

Very truly yours,

Jeffrey S. Polenske, P.E.
City Engineer

Jeffrey J. Mantes
Commissioner of Public Works

Martin G. Collins, Commissioner
Department of Neighborhood Services
