**District Created: 1993**

**Authorized expenditure (excluding interest): \$65,825,392**

**Authorizing resolution(s): #930935, #990110, #051169, #090331, #121327, #150384**

**Projected TID cost recovery: 2019 (levy year)**

**Maximum legal life: 2020**

**Base property value: \$41,210,300**

**Completion status: Riverwalk segments and other public amenities nearing final construction**

**Project description**

This district is located along the west side of the Milwaukee River, along North Commerce Street, and North Water Street, from East Cherry Street to East North Avenue. The original project budget was \$6.25 million, but was amended in 1999 to \$12.3 million. The 1999 Amendment expanded the original boundary to include the Humboldt Yards area, Caesar Park, and property on the east side of the river, along North Water Street to North Humboldt Avenue. In 2005, an increase in funding was authorized, bringing the project budget to \$25,146,965. In July 2009, a second amendment was approved to again expand the district boundary to include the Schlitz Rivercenter and four properties on the east side of the river referred to as the “Clutch Shop”. This amendment also increased the district project budget by an additional \$3,223,000 for proposed riverwalk construction.

Initially, the district funded a \$1.2 million loan for Brewer’s Point Apartments, a 107-unit conversion of the former Gimbels warehouse on North Commerce Street. Other projects completed between 2000 and 2003 include;

- The conversion of a former ward yard at 1872 North Commerce Street into the home of the Lakefront Brewery.
- The 16-unit Crescent Condominium buildings were completed in 2000 and have added an additional \$6 million of new investment to the Beerline area.
- In 2001, the first phase of the 66-unit River Homes condominium project at 1942-2000 North Commerce Street was completed.
- New Land Enterprises completed 27 units of the Highbridge Condominiums, a 53-unit project on remnant bluff land at Astor and Water Streets at a cost of \$15 million.
- The 12-unit first phase of Commerce Bluff Condominiums at 1801 North Commerce Street was also completed. The second 12-unit building was completed in 2003, along with a restaurant space which opened in February 2004.
- In 2003, construction began on the Riverbridge Condominium project, a 117-unit development at Humboldt and Water Streets. This completed project includes a riverwalk and the redevelopment of a historic former ward yard.
- The Trostel Square development at Commerce and Vine Streets was completed in 2003. This development includes 99 apartments and 27 condominiums with an estimated value of \$20 million.
- In 2003, the Redevelopment Authority (RACM) approved the sale of property at 1990-2064 North Commerce Street to Vetter Denk Properties for the construction of 62 housing units, in addition a RACM-owned boathouse, with an estimated investment of \$10.8 million.

**TID 22 - Beerline B**  
**Periodic Report**  
**12/31/19**

- The sale of 2101 North Humboldt Avenue to Legacy Real Estate Development for the development of a mixed use building also approved by RACM. This project included 45 condominiums and approximately 7,400 square feet of commercial space with an estimated value of \$6.7 million.

In 2004, both the Legacy Real Estate and the Vetter Denk projects broke ground. Park Terrace (Vetter Denk) is a 37-unit residential development at 2029-57 North Commerce Street. It is comprised of 21 townhouse units and 16 single-family detached units with a total investment estimated at \$14 million. Union Point (Legacy) increased the size of the project and is a mixed-use development comprised of 72 residential condominiums, 12,500 square feet of retail space and 81 parking spaces, with a total estimated value of \$15 million.

In 2005, work was completed on the Marsupial Bridge beneath the Holton Street Viaduct, which serves as a connection between the Brady Street and the Beerline “B” neighborhoods. Further enhancements to the bridge, including an Urban Media Garden near Brady Street is in the planning stage and the transformation of the existing railroad trestle into a path down to Commerce Street, was completed in the summer of 2013.

In fall 2006, construction was completed on a commercial building at 2060 North Humboldt Avenue developed by WillowTree Development, this is a 20,000 square foot commercial building with a 10,000 square foot Invivo Wellness Center and a restaurant located on the first floor, adjacent to the riverwalk.

Phase I of the Edge Condominiums began construction in fall of 2007 and opened for tenant occupancy in early summer 2009. The riverwalk running the length of both Phase I and Phase II of the project was also completed at this time. The land associated with Phase II was sold to the Lakefront Brewery for a planned expansion of their bottling facility.

The riverwalk adjacent to the Brewers Point Apartments was constructed by the Department of Public Works in the summer of 2009. After years of conflict and negotiations, the Common Council approved a Development Agreement which allowed for the construction of this “missing link” to the riverwalk system.

The property on the corner of Pleasant and Commerce Streets was developed into the Beerline B Apartments, a 140-unit WHEDA tax credit project, by General Capital. Construction began in December 2010 and occupancy began in late February 2012. As a condition of receiving tax credits, 119 apartments are marketed and leased as affordable, workforce housing where the tenant can earn no more than 60% of the County’s median income. The remaining 21 units are market rate. The project includes new riverwalk and dockwall along the entire stretch of the property, connecting the Trostel Square riverwalk to Pleasant Street. The City’s portion of these costs was \$1,082,000.

Finally, the project known as Walker’s Landing broke ground in the fall of 2014 and is now complete. The development includes 115 apartment units within a five-story, riverfront building. In exchange for a permanent public access easement, a Riverwalk and dockwall contribution, in

**TID 22 - Beerline B  
Periodic Report  
12/31/19**

addition to fund to construct a public connection under the Humboldt Avenue Bridge, in the amount of \$600,000 was approved by the Redevelopment Authority and the Common Council in July of 2014.

In 2013, a third amendment was approved establishing the Beerline B district as a Donor district to TID #60 (Milwaukee Intermodal Station) and TID #62 (DRS Power & Control Technologies, Inc.). The Beerline B district will donate the difference between its scheduled debt service payments, and the amount of tax increment revenue received. Both districts will receive donations for a period of five years which will allow the full recovery of remaining project costs.

In September, 2015, a fourth and final amendment was approved. The amendment allowed for a \$27 million city contribution towards the construction of a 1,243-space public parking structure associated with a new downtown arena for the Milwaukee Bucks. The new parking structure supports parking for events at the new arena along with the entertainment district and is owned by the City.

District incremental values have increased as follows:

Year	Incremental Value	Change
2019	\$ 236,445,200	8%
2018	\$ 219,702,700	7%

**TID 37 - Grand Avenue Redevelopment  
Periodic Report  
12/31/19**

**District Created: 1998**

**Authorized expenditure (excluding interest): \$30,420,728**

**Authorizing resolution(s): #971894, #990115, #000430, #131580, #161313, #190545**

**Projected TID cost recovery: 2021 (levy year)**

**Maximum legal life: 2025**

**Base property value: \$60,317,400**

**Completion status: Project complete**

**Project description**

This district was created to revitalize the downtown retail and commercial district anchored by the Grand Avenue retail center.

Initially, the district was used to fund a \$2 million loan to assist the 169-room Courtyard by Marriott Hotel project at West Michigan and North 3<sup>rd</sup> Streets. This \$13,250,000 development was the first of several staged revitalization efforts for this area.

In June of 1999, the project plan was amended to assist the renovation of the former Marshall Field's building. City assistance of \$9.4 million, including \$6.4 million in City loans, was provided to help convert the project to hotel, office and retail uses as well as to restore its exterior. Major tenants include another Marriott Hotel and the American Society for Quality headquarters. ASQ has a staff of 200, and occupies 105,000 square feet on five floors of the building.

In November of 2000, the plan was amended to provide \$5 million for the renovation of the Boston Store building, upgrading the retail space and the regional offices of Boston Store's owner, Saks, Inc. This project added significant incremental value to the district, while retaining the last department store in downtown Milwaukee.

Saks sold its Boston Store unit in 2006. The new owner, Bon-Ton Stores, Inc., continued to operate the store and had increased employment at the regional offices. The store's lease expired in January 2012, and Bon-Ton management announced that it would extend its occupancy on a year-by-year basis. Unfortunately, the store at this location is not profitable.

In 2014, the City approved a \$1.2 million amendment to TID 37 to keep the Boston Store retail operation open through 2018, and maintain overall Bon-Ton Stores, Inc. employment at not less than 750 employees.

New local owners purchased the mall in late 2015 and in 2016 started the conversion of the New Arcade into offices on the 2nd and 3rd floor with a food hall on the 1st floor, as well as adding apartment units to the Plankinton Arcade.

In 2017, the plan was amended to provide a \$1.9 million forgivable loan to Bon-Ton Stores, Inc. in exchange for extending their office and retail leases 10 more years until 2028, a \$750,000 façade grant for the conversion of the Grand Theater into the new home of the Milwaukee Symphony Orchestra and \$5,215,000 in various public infrastructure improvements in the area and administrative expenses. In 2019, the plan was amended a fifth time to provide an additional

**TID 37 - Grand Avenue Redevelopment  
Periodic Report  
12/31/19**

\$3,000,000 in funding for public infrastructure related to the Milwaukee Symphony Orchestra project.

In early 2018, Bon-Ton filed for bankruptcy, and as a result, will be closing all of their stores and closing their downtown Milwaukee headquarters. In mid-2018, the Milwaukee Symphony Orchestra began construction on the redevelopment of the Grand Theater.

In 2019, TID 97 (The Avenue), was approved to assist in the redevelopment of the former New Arcade into offices and a food hall. The initial office space opened in late 2019 and the food hall is expected to open later in 2020.

District incremental values have changed as follows:

Year	Incremental Value	Change
2019	\$ 80,960,300	17%
2018	\$ 69,307,300	7%
2017	\$ 64,648,900	-21%
2016	\$ 81,792,700	20%

Is the project on schedule?  Yes  No If no, explain:

Identify any significant concerns that might affect budget or schedule of this project in the future: The bankruptcy and liquidation of Bon-Ton Stores, Inc. has halted any related work related to the \$1.9 million forgivable loan approved in the 2017 amendment. No funds went directly to Bon-Ton Stores, Inc., funds were expended on demolition for the anticipated project. Future development of the site will determine if the remaining funds will be made available for project assistance.

**TID 39 - Hilton Hotel Parking Ramp**  
**Periodic Report**  
12/31/19

**District Created: 2000**

**Authorized expenditure (excluding interest): \$10,325,000**

**Authorizing resolution(s): #000165, #150913, #160288**

**Projected TID dissolution: 2023 (levy year)**

**Maximum legal life: 2027**

**Base property value: \$23,863,400**

**Completion Status: Project complete**

**Project description**

This district consists of the block at North 6<sup>th</sup> Street and West Wisconsin Avenue on which the Hilton Hotel and parking ramp are located. The project plan contributed \$5 million to a new 850-space parking ramp constructed at a cost of \$14.8 million. The ramp serves the Hilton Hotel, the adjacent Wisconsin Center, and provides additional public parking to the entire area. The district also funded pedestrian-oriented streetscape improvements around the entire block at a cost of \$525,000.

This is a developer financed district. All funds, including those for the City's share of the expenses, were advanced by the Marcus Corporation, the owner of the Hilton. The City's share will be repaid to Marcus with interest, but only in the amount of actual incremental revenue generated by the district annually. Payment of increment generated by the district will terminate upon expiration of the contract period, whether or not the Marcus Corporation has recovered all costs. The City's final payment to the Marcus Corporation was made in March, 2015 (2014 levy).

In 2015 a paving amendment for \$700,000 to assist with the repaving of W. Juneau from North 3rd to North 6th Streets was approved by the Common Council.

In 2016, amendment No. 2 was approved by the Common Council authorizing \$4 million of additional expenditures to contribute to the capital costs of the Streetcar extension along 4th Street to the new Milwaukee Bucks arena.

Incremental value of the district has fluctuated significantly over the past several years:

**TID 41 – Time Warner/Manpower  
Periodic Report  
12/31/19**

**District Created: 2000**

**Authorized expenditure (excluding interest): \$38,541,000**

**Authorizing resolution(s): #000428, #030289, #051108, #130246, #160299, #161500**

**Projected TID cost recovery: 2021 (levy year)**

**Maximum legal life: 2027**

**Base property value: \$10,021,400**

**Completion Status: Project complete**

**Project description**

This district was created to fund public improvements in conjunction with a planned Harley-Davidson Museum project, and an extension of the riverwalk between West Juneau Avenue and West Cherry Street. While Harley-Davidson dropped plans to build at this site, significant new development within the district was the renovation of the former Commerce Street Power Plant. The building is now the corporate headquarters for Time-Warner's Milwaukee cable and communications business, and houses 1,100 employees in 150,000 square feet of space.

As of year-end 2005, the district had a surplus fund balance. In early 2006, the district project plan was amended to provide up to \$25.5 million in funding for a new world headquarters facility for Manpower, Inc. Manpower moved into its new facility in September 2007.

This district was amended for a second time in 2013 to assist the redevelopment of facilities in the adjacent Schlitz Park office complex. Funding of \$1.7 million was provided to upgrade Galena and North 2<sup>nd</sup> Streets. UMB Fund Services relocated its offices to this location in the summer of 2014, and brought 215 employees from their previous location. Over the next five years, UMB employment is expected to grow by another 150 employees. Employment had increased to 257 by the end of 2014.

A third amendment to the district was approved by the Joint Review Board on July 20, 2016. The amendment provides \$8 million toward a \$20 million local match for the extension of the Milwaukee Streetcar along 4th Street from the Intermodal Station to new Milwaukee Bucks arena, and eventually north to the Bronzeville cultural and entertainment district along North Avenue. The local match for extending the streetcar up to the arena is projected to be \$20 million. This district funds \$8 million of the local match, with \$4 million coming from TID #39 (Hilton Hotel) and another \$8 million from TID #88 (4<sup>th</sup> and Wisconsin).

On March 22, 2017, the Joint Review Board approved a fourth amendment to fund a Riverwalk connection at Schlitz Park, in the amount of \$475,000 and also the installation of Rapid Flashing Beacons at eight mid-block Riverwalk crossings. The Riverwalk connection was completed in the late fall of 2017 and the flashing beacons will be installed in 2020 and 2021 (four each year).

District incremental values have changed as follows:

**Completion status: Phase II complete**

**Project description**

This district was created to assist Boulder Venture, Inc. with the redevelopment of the former Capitol Court shopping mall. The project plan outlined the construction of over 600,000 square feet of retail space. The first phase of this development has been completed and included a Wal-Mart, Pick 'n Save grocery store, medical clinic and 70,000 square feet of retail space. Up to \$7.25 million in the project plan was used to fund a reintroduced street system to the project's 55-acre site, site improvements and unusual site condition work.

In 2005, the Midtown streetscape enhancement project was developed to include pedestrian friendly elements such as Milwaukee Lantern and Harp-style lighting, enhanced decorative crosswalks at designated intersections, extensive landscaping and commercial district gateway signage.

In 2006, streetscape enhancements were completed and Phase II of the Midtown Shopping District was underway. Phase II, included an Office Depot store that was completed in 2007 and provided 23 new jobs to area residents. In 2008, several new retail units adjacent to Office Depot were completed and offered approximately 25 new jobs.

The Midtown Shopping Center experienced its first major setback in 2009 when the Lowe's Home Improvement store, Milwaukee's first, closed due to declining sales. Since that time, efforts have been underway to attract new retail/office uses to the former Lowe's site and a vacant Applebee's building. In 2012, junior anchor tenant Marshall's also vacated its space at Midtown Center.

Following these events, the district was amended in 2013 to fund a \$3.5 million development fund to finance redevelopment, tenant improvements and new retail facilities in the district – focusing specifically on the redevelopment or reuse of the former Lowes site and re-tenanting of the retail spaces. The amendment also provided \$1.5 million for paving projects located within one-half mile of the district boundary.

In 2014, a Planet Fitness exercise facility, and Rue 21, a clothing retailer, joined the center. City funding was approved to assist with the costs of tenant buildout costs, helping bring these tenants to the district. Also in 2014, DLC Management Corp. purchased Midtown.

In 2016, the Wal-Mart closed and DLC is currently assessing options to re-tenant the space. Also in 2016, Children's Hospital opened a 20,000 SF clinic in the former Office Depot space.

**Completion Status: Project complete**

**Project description**

This district encompasses the retail components of the Grand Avenue mall which are contained in the New Arcade and Plankinton buildings. This district does not include the Boston Store or the ASQ Center buildings. Funding in the amount of \$5 million assisted the \$18.5 million upgrade of the New Arcade building's common areas and Wisconsin Avenue entrance. The upgrade began in early 2002.

New tenants, TJ Maxx and Linens & Things, moved into new space in the Plankinton Building in 2004. In 2008, Linens & Things declared bankruptcy nationally, and vacated the space.

New local owners purchased the mall in late 2015 and in 2019 will start the conversion of the New Arcade into offices on the 2nd and 3rd floor with a food hall on the 1st floor. Apartment units in the Plankinton Arcade opened in 2018.

In 2019, TID 97 (The Avenue), was approved to assist in the redevelopment of the former New Arcade into offices and a food hall. The initial office space opened in late 2019 and the food hall is expected to open later in 2020.

**Project description**

The district encompasses the corridor of the former Park East Freeway, generally bounded by East Juneau Avenue and East Highland Avenue on the south, North Street on the west, North Jefferson Street, North Milwaukee Street, and North Broadway on the east, and West McKinley Street on the north.

Initially, the district funded capital costs of \$3.9 million for improvements and reconstruction of numerous street segments. These improvements were made in coordination with the demolition of the freeway structure that previously ended at North Jefferson Street. The freeway has been rebuilt to end at North 6th Street and reconnect with the city street grid at that location.

The demolition of the freeway freed up approximately 25 acres of underutilized land for future development. It is expected that \$780 million of new office, commercial and residential construction will take place on these sites over the next ten to fifteen years. The Redevelopment Authority approved the Redevelopment Plan in 2003 with Common Council approval obtained in 2004.

An amendment to the district plan, increasing costs to \$19.9 million, was approved by the Common Council in May of 2005. Also in 2005, the sale of a site at 1550 North Water Street was approved to Flatiron, LLC. The Flatiron development includes 33 residential units and ground floor retail space along Water Street. In addition, two sites were optioned to RSC, Inc. of Chicago, which proposed to develop a mix of residential and commercial projects. RSC's option on the second site expired and the company chose not to extend it. In late 2007, RSC purchased block 26 from Milwaukee County with the intention of developing two hotels and a residential mixed-use project.

In the latter part of 2006, Milwaukee County also optioned the block encompassed by East Juneau Avenue, East McKinley Avenue, North 3rd Street and North 4th Street to Mequon-based developer Rob Ruvin, who proposed a mixed-use development that would include a hotel, residential units and a small retail component. This option expired and the development did not move forward.

In December 2006, the Common Council approved a development agreement for the North End riverwalk and public infrastructure project, in conjunction with the North End development on the site of the former US Leather tannery, located at 1531 North Water Street. The Development

**TID 48 - Park East Corridor Redevelopment**  
**Periodic Report**  
**12/31/19**

Agreement earmarked \$500,000 for job training programs associated with the project. Phase I of the North End development broke ground in March 2008. Completed in 2009, this phase includes 88 apartments, 13,000 square feet of first floor retail and a parking structure with 115 spaces.

In April 2008, an increase in funding was approved for allocation of an additional \$1,250,202 for the City-share of costs for a 200 linear foot riverwalk, dockwall and related public infrastructure built in conjunction with the Aloft Hotel, located at 202 West Juneau Avenue. In December of 2009, the \$27 million project opened to the public with 160 guest rooms, first floor meeting space and a bar/lounge area. The funding increase also included use of an amount not to exceed \$278,160 to purchase the private property owned by M&I Bank for the purpose of establishing right-of-ways for the extension of Ogden and Market Streets.

In November 2009, the Common Council approved an increase in funding to provide a \$9,300,000 loan to the Moderne, which will be repaid by the sale proceeds of the 14 condo units and excess cash flow from the apartment & retail portions of the project. The project, at the southwest corner of Old World 3<sup>rd</sup> and Juneau Streets includes 203 apartments, 14 condominiums and 204 structured parking spaces. This increase in funding also included \$850,000 for a public park at Water and Broadway Streets, as outlined in the project plan.

The Moderne broke ground in December 2010. In late fall 2012, the parking and apartments were completed, with the condo units completed in December 2012. To date, the Moderne has sold 13 of its 14 condo units. Sale proceeds to date have fully satisfied the \$2.8 million mezzanine loan, leaving a balance of \$3.4 million for the completion loan. The completion loan will also be paid with the sale proceeds from the remaining condo sales and excess cash flow from the apartments at stabilization. The apartments have a over 90% occupancy rate, with 184 of the 203 leased. The commercial portion of the development is fully leased to Carson's Prime Steaks and Famous Barbeque Restaurant.

In January 2010, the Redevelopment Authority of the City of Milwaukee (RACM) approved \$30,000,000 in bonding for the Park East Square project, a 121-unit apartment at Ogden and Milwaukee Streets being developed by RSC & Associates. The bonds will be repaid by the developer, using RACM as a conduit. This project was also expected to break ground in 2010. However, the developer couldn't secure financing and the project did not move forward.

The North End Phase II project broke ground in 2012 and included 155 residential units & 220 additional parking spaces within an expanded structure. As a condition to receiving their senior financing from WHEDA, 80% of the units are market rate, with the remaining 20% leased as affordable units to households earning no more than 60% of the County's median income. Public infrastructure associated with this phase of the project included an extension of the riverwalk system, a public plaza at the corner of Water and Pleasant Streets and an extension of Edison Street adjacent to the newly constructed riverwalk.

Construction of the North End II project was completed mid-summer 2013. Of the \$4,628,940 in loan proceeds, \$3,573,621 was disbursed. The remaining proceeds were disbursed in 2015. The

**TID 48 - Park East Corridor Redevelopment**  
**Periodic Report**  
12/31/19

project has stabilized with occupancy rates in the high 90s for both buildings. Total infrastructure funds of \$2,140,115 were disbursed through 2014 for the riverwalk, dockwall, and Edison Street. A small balance of \$59,884.89 remains and has not yet been dispersed. Finally, Denim Park, the public plaza, opened with the developer hosting a series of concerts open and free to the public.

The MSOE soccer stadium and parking structure project were completed in the summer of 2013. The parking structure serves MSOE, BMO Harris Bank and other private users in the downtown area. The soccer stadium has hosted numerous games in its first two seasons. The development also included creation of a public park abutting the soccer stadium that will be maintained by MSOE.

In fall of 2013, The Avenir broke ground on Block 26 bordered by North Milwaukee, North Jefferson & East Lyon Streets and East Ogden Avenue. Developed by Wangard, the first phase on this 3-acre block includes 104 apartments, 7,072 square feet of commercial space and a parking structure. With an estimated construction cost of \$22 million, the project was completed in early 2015. Phase II anticipates an upcoming ground breaking and will consist of 100 additional apartments along N. Milwaukee Street.

In March of 2014, the Common Council approved a substitute resolution for a term sheet authorizing \$2,000,000 in district funding for infrastructure related to the North End III project. Funding will assist with the costs for the dockwall, riverwalk and the extension of Edison Street. This mixed-use development includes 30,000 square feet of commercial space for a Fresh Thyme Farmers Market, 160 apartments and structured parking for both the grocery customers and residents. Infrastructure funds were released in 2015 with a final payment made in the fall of 2016 when the project was completed.

North End IV broke ground in 2015 and was completed in the early fall of 2017. The six-story 155 apartment building was built along the Milwaukee River, adjacent to Phases I & II of the overall development site. A funding increase of \$3,023,942 was approved to assist with the Riverwalk, dockwall and infrastructure costs associated with the project's 3<sup>rd</sup> and 4<sup>th</sup> phases.

In Fall of 2015, TID # 84 was created and includes the Park East Land west of the Milwaukee River except blocks 8B(The Moderne) and 10(Aloft). Future increment from these blocks will be applied toward debt in the newly created TID.

The Joint Review Board approved a third amendment to TID 48 in March of 2016. This amendment provides \$375,000 for Workforce Training and Capacity Building programs. They approved a fourth amendment on August 9, 2016. This fourth amendment provided up to \$1,530,000 for public infrastructure associated with the Laacke and Joys redevelopment project, which serves as the new downtown headquarters for Bader Rutter. The project includes 390 linear feet of Riverwalk and new dockwall, in addition to a public access connection from the Riverwalk to Water Street. This fourth amendment also included an additional \$435,000 to cover the increased costs to construct the 460 linear foot Riverwalk, dockwall, Broadway stub end street and the Edison Street extension associated with Phase IV of the North End development project at 1501 North Water Street.

**TID 48 - Park East Corridor Redevelopment  
Periodic Report  
12/31/19**

In the early spring of 2017 construction began on two projects in the Park East TID, the new headquarters for the Hammes Company and Phase IV B of the North End development. The Hammes Company development is a five-story building with approximately 94,000 of office space, 36,000 square feet of that dedicated to the Hammes Company headquarters with the remaining space open to interested tenants. The development includes a 360 stall parking garage that was completed in the mid-2019. The North End Phase IV B is a six-story, 89-unit apartment building located at 1500 North Water Street. This is the final phase of the successful North End development and was completed in the summer of 2018.

In 2019, the Hammes Company Milwaukee headquarters was completed and the 80-plus employees moved from their Brookfield offices to the Park East Corridor. Directly across the street from the Hammes' office the Marcus Corporation is constructing a small public space as part of their larger anticipated mixed-use development. Also in 2019, Milwaukee County approved a deal with Weidner Investment Services to develop on the remaining parcel of Block 26, "The Avenir Block", two additional apartment buildings that would add 146 additional units to the market. Construction is set to break-ground in 2020 and be completed by 2022. At the northern end of the corridor at Water and Pleasant Streets, North Shore Bank started construction of a 1,800 square foot branch office to be completed in 2020.

**Project description**

This district was created to fund a 940-space public parking structure in the 700 block of North Jackson Street. The structure was developed as a condominium unit in a mixed-use commercial building developed by Van Buren Management. This project also contains 24,000 square feet of ground floor retail space, approximately 160,000 square feet of office space and 30 residential condominiums. The condominiums overlook Cathedral Park.

Substantially all the space in the building is occupied. The principal office tenants include the law firm of Whyte Hirschboeck Dudek, Executive Director, Inc. and Deloitte & Company accountants.

This district was originally accounted for in the City's financial system as a Developer Financed district, and the expenditures reported reflect incremental revenue received. The project was financed with \$25.4 million of Redevelopment Authority revenue bonds, backed by a bank letter-of-credit, a guarantee from the office building developer, and the guarantee of the City. Debt was retired from net parking revenue and tax increment revenue.

In 2013, Van Buren Management, the developer of the adjoining office and retail space, exercised its option to purchase the parking ramp and the property was sold in June of 2013.

In 2011, this district was amended to provide \$9.7 million as the local match for \$54.9 million of Federal funding for the Milwaukee Streetcar Project. This local match will be used for public infrastructure costs within a half-mile of the district boundary. In 2015, the Common Council gave final approval of a larger Milwaukee Streetcar Project, which will include \$9.7 million from this district, federal funding and funding from two additional districts; #56: Erie/Jefferson and #82: East Michigan. The streetcar broke ground in 2016 and service on the initial route began in 2018.

**Completion status: Complete; Northwest Side Area Plan adopted**

**Project description**

This district was created to redevelop the former Northridge Shopping Center at North 76<sup>th</sup> Street and West Brown Deer Road. Opened to the public in 1972, this mall contained 1.1 million square feet of retail space, including four department stores and approximately 400,000 square feet of in-line store space. The mall operated successfully until the early 1990s when the number of shoppers began to decline rapidly. When this district was created, all of the retail space in the mall was closed, except 154,000 square feet occupied by the Boston Store. The Boston Store closed late 2002.

In 1990, the mall had an assessed value of \$107 million. Eleven years later, Tucker Development Corporation purchased the complex for \$3.5 million. Tucker implemented a plan to re-grade approximately 26.8 acres of the site, demolish the former Sears department store, and develop a 161,000 square foot home improvement center, a 61,000 square foot grocery store with 15,000 square feet of expansion space and an out lot.

The project plan provided for \$4.4 million of funding to assist the comprehensive redevelopment effort known as 'Granville Station.' Site demolition and clearance commenced on the property in 2003. By the end of 2004, a Menard's, Pick 'n Save, and other retail outlets had been completed, and were fully assessed for the first time in 2005. Also in 2005, Tucker development sold 46.5 acres, including the former main mall building, to Inland Commercial LLC, a Los Angeles investor group. Early in 2007, Tucker sold the Pick 'n Save building to Sun Life Assurance, a Canadian firm. That Pick 'n Save location has since closed and was bought by Menard's for self-storage facility.

In 2005, the Department of City Development undertook the Northwest Side Area Plan as part of the City of Milwaukee's overall comprehensive planning strategy. Throughout the planning process, the redevelopment of Granville Station was consistently identified as a catalytic project. The plan, completed in December of 2007 and adopted by the Common Council January 2008, does not call for the vacant mall buildings to be revitalized as a retail complex. Instead, it proposes redevelopment of the site as a mixed use neighborhood. In July 2008, the property was purchased by U.S. Toward Enterprise Group Inc., a Germantown, MD investors group.

In 2009, the remaining undeveloped mall and parking lots were sold to the Beijing Toward Group, a Chinese real estate investment group. Initially, the firm proposed redevelopment of the property into AmAsia, a retail/wholesale center that would feature products from Chinese companies. However, those plans were dropped in 2012. Discussions are still ongoing between the Chinese investment group and the City regarding the future development of the site.

**TID 51 - Granville Station  
Periodic Report  
12/31/19**

In 2013, Penzeys Spices purchased the former Boston Store, ring roads and out lots for a production facility, warehouse, training facility and retail operation.

In late 2017, Penzeys sold their properties, the former Boston Store and the ring roads, to the City of Milwaukee. The City is currently marketing the developable sites and preparing to reconstruct the ring roads to make them public streets.

In 2019, the City of Milwaukee issued razed orders for the remaining portion of the mall. Those orders were appealed by the owner and are awaiting final resolution through the court system.

District incremental values have increased as follows:

**Project description**

Aldrich Chemical is the world's largest supplier of organic, inorganic, and organometallic research chemicals. The company focuses on leading-edge research activities in biotechnology, drug discovery, genomics, proteomics, diagnostics, immunology, cell culture, and molecular biology.

Founded in Milwaukee in 1951, Aldrich employs nearly 600 people throughout the City of Milwaukee, a significant percentage of which are minorities.

Aldrich's previous facility at 940 West St. Paul Avenue was acquired by the State of Wisconsin in connection with the reconstruction of the Marquette Interchange. The company was required to relocate by October 2005, at which time the building was demolished.

Functions performed at this location and at 1001 and 1101 West St. Paul Avenue were transferred to the company's complex at 6000 North Teutonia. The project, completed in mid-2005, consists of new facilities for production, research and development, quality control, warehousing, and maintenance with a combined area of approximately 184,000 square feet. In addition, the project included a renovation of existing facilities used for administration, packaging, and environmental services, and related services with a combined area of approximately 90,000 square feet.

This district was created to fund up to \$5 million of extraordinary site improvement expenses necessitated by the move, including, but not limited to, access improvements, utility relocation, environmental remediation, roadway construction, storm water management improvements and other on-site costs, as well as traffic improvements to facilitate access to the expanded operation.

All district funding was advanced by Aldrich and is being repaid from future incremental revenue generated at the expanded Teutonia Avenue project, but only through 2020 (levy year). In addition, payments to Aldrich will be reduced if the company's employment in the city declines below 550. As of year-end 2019, employment at Aldrich was 681, up from 649 the previous year.

It appeared that incremental property value was significantly higher from 2012 to 2014, as shown below, due to additional investments at the Aldrich facility. However, the incremental property value, assigned by the State of Wisconsin, was challenged by Sigma-Aldrich and has since been reduced to \$18,259,800 for the most recent year.

**TID 52 - Sigma-Aldrich Corporation

**TID 53 - Menomonee Valley Shops**  
**Periodic Report**  
12/31/19

**District Created: 2003**

**Authorized expenditure (excluding interest): \$26,000,000**

**Authorizing resolution(s): #030974, #110604, #130072, #141732**

**Projected TID cost recovery: 2028 (levy year)**

**Maximum legal life: 2030**

**Base property value: \$4,752,300**

**Completion status: Infrastructure completed in 2007, 11 buildings completed in business park**

**Project description**

This district consists of approximately 261 acres of land zoned substantially for industrial and manufacturing use. The district is bounded on the west by the Menomonee River, on the south by the Airline Railroad yards, on the east by the 16<sup>th</sup> Street Viaduct, and on the north by Interstate 94.

The major focus of this project plan is the 134-acre former Milwaukee Road Shops site. The redevelopment of this site is based on a plan done by Wenk & Associates for the Redevelopment Authority of the City of Milwaukee (RACM). The plan includes approximately 58 acres (net) of business park development on the Shops site. The balance of the business park site is dedicated to local roads, the extension of Canal Street through the Shops, and land under the 35<sup>th</sup> Street Viaduct which is largely intended for parking, storm water management, and recreational uses.

Approximately 27 acres of the Shops site is intended as green space, and is dedicated to a variety of uses, including:

- Land over areas with significant free product environmental contamination left undeveloped: approximately 5 acres;
- Areas to convey out-of-bank flood flows from the Menomonee River across the northern edge of the Shops area: approximately 4 acres;
- Areas to convey out-of-bank flows from south to north across the Shops site. This same area is also used for storm water storage and treatment: approximately 9 acres
- Additional green space in and around the site: approximately 9 acres.

Most areas dedicated as green space are intended to meet floodwater conveyance requirements, storm water storage and treatment requirements. Some of the green space is located in areas where significant environmental contamination precludes redevelopment. Total estimated project cost for site remediation, demolition, filling and grading, storm water utilities, local roadways and infrastructure is estimated at \$16 million, net of an estimated \$12 million of grants for the project.

The business park component of the Shops Plan is served by the extension of Canal Street, which opened April 2006 and connects the southern ring road serving the eastern parking lots of Miller Park to 6<sup>th</sup> Street – providing a major, alternative east/west transportation linkage for the City. Local streets serve the interior of the business park, branching from Canal Street.

Interior road-building for the business park was bid out in July 2007 and construction was managed by the Department of Public Works. Sewer and water utility work was completed in

**TID 53 - Menomonee Valley Shops**  
**Periodic Report**  
**12/31/19**

July 2007 with road-building completed in July 2008. One half of utility and road costs were paid for through an Economic Development Administration (EDA) grant.

Parcels in the business park range from 1.5 to 12 acres and can be re-divided or combined to respond to market demands. Sites in the business park were expected to be available to businesses in late 2006 and the City had projected to sell 10-15 acres per year. To date, the City has sold all of the developable parcels of the business park of 60 acres.

The project plan assumed the land would sell at \$90,000 to \$100,000 per acre, but the sites are currently being sold for \$120,000 per acre. Incremental revenue for the district began in 2006-2007. Sites sold to date include:

Palermo Villa, Inc. jump-started the proposed business development component of this District when construction of a 135,000 square-foot frozen pizza production facility, on nine acres, was completed in September 2006. Palermo now employs 450 at this location. In 2010, Palermo Villa, Inc. purchased an additional 3.1 acres from the City of Milwaukee to expand their facility an additional 120,000 square-foot.

Badger Railing completed their new facility and moved in on June 18, 2007. A grand opening ceremony was held in August, with an official of the U.S. Treasury Department in attendance to commemorate the City's use of New Markets Tax Credits for the project. Badger currently employs 32 people.

Construction of Caleffi's building began in June 2007, and the ribbon-cutting opening ceremony occurred on September 10, 2007. Taylor Dynamometer began construction in July 2007 and opened May 2008. Caleffi currently employs 12 people, while Taylor currently has 34 employees.

Both the Derse and Charter Wire corporations completed construction on their buildings in 2009. Together the companies brought a total of 240 jobs to the business park, with an additional 30 jobs within the first three years.

Ingeteam, a Spanish wind-turbine company, purchased 8.1 acres in 2010 and recently completed the construction of a 150,000 square-foot building. The office and manufacturing facility will employ an estimated 275 employees within eight years.

In 2010, the Department of Revenue understated the value of this district by nearly \$28 million because all state-assessed manufacturing property was omitted from the 2010 reported value. This error was corrected through a "catch-up valuation" added to the 2011 district value. It should be noted that the 2011 district property value of \$79 million is overinflated by the "catch up" correction. The 2012 district value depicts a decrease in district property value due to removal of the correction. Despite this issue, overall district value increased from the district base property value of \$4.7 million to \$65.6 million in 2014.

In 2011, the Common Council approved Amendment No. 1 to the district project plan. This amendment was necessary to fully address the geotechnical issues associated with the fill on the

**TID 53 - Menomonee Valley Shops  
Periodic Report  
12/31/19**

site – a significant unknown at the time the original project plan was developed. This amendment modified the scope of the project plan related to site preparation of the business park and provided approximately \$900,000 of additional public funding to mitigate site geotechnical issues.

In 2012, the J.F. Ahern Company completed a 55,000 square foot office and manufacturing facility that added 115 employees to the business park.

In 2013, the Common Council approved Amendment No. 2 to the district project plan that allowed additional expenditures to further address the geotechnical issues associated with the fill on the site. This amendment modified the scope of the project plan related to site preparation of the business park and provided \$1,300,000 of additional public funding to mitigate site geotechnical issues.

The Common Council approved land sales related to two developments in the Menomonee Valley Business Park in 2014. First, the sale of 3.5 acres to the Rishi Tea Company was approved for development of an office and manufacturing facility; and second, the sale of 3.5 acres to Solaris, a medical supply company was also approved. The Rishi Tea project was completed in 2014 with the Solaris (now known as L&RUSA) project completed in 2015. The Menomonee Valley Business Park now has 10 companies and over 1,400 employees.

In 2015, the Common Council approved Amendment No. 3 to the district project plan that allowed additional expenditures to complete the remaining geotechnical issues associated with the fill on the site, provide funds to prepare undevelopable parcels within the district, and provide match for riverbank restoration. This amendment provided \$2,000,000 of additional public funding.

The final two parcels in the Menomonee Valley Industrial Center were sold in 2018 to allow expansion of the Badger Railing facility and for construction of a digital printing company, Splat! dpi. Both of these projects were completed in the fall of 2019. With these two additions, the business park has 11 companies and over 1,400 employees.

District incremental values have increased as follows:

**Base property value: \$1,148,000**

**Completion Status: Project complete**

**Project description**

The Stadium Business Park district was created to redevelop the site of the former Ampco Metal foundry at South 38<sup>th</sup> and West Mitchell Streets. The district project plan funded \$2.4 million of demolition and environmental remediation expenses on this 17-acre property - after Ampco declared bankruptcy and efforts were unsuccessful in reactivating the business by a new owner. An additional \$500,000 of funding was contributed via a brownfield grant from the Wisconsin Department of Commerce.

The plan called for developing 200,000 square feet of multi-tenant, light industrial buildings on this property. Real Estate Recycling of Minneapolis is the developer. By the end of 2005, the site had been cleared and two buildings totaling 107,000 square feet had been constructed with two-thirds of the space leased to industrial users. Tenants in the first building include Illco, Inc. and Lennox Industries, both distributors of heating, ventilation and plumbing supplies, and Advanced Distribution. The second building includes UHS, a firm which services medical diagnostic equipment, an Aurora orthopedic clinic, and Wesco Distribution, Inc.

A third building was completed in 2006, and houses additional space for Aurora Medical as well as offices for Associated Bank. Total employment to date in the completed buildings is approximately 230 full-time jobs. The final building was completed in late 2007, and Air Logic Power Systems leases 19,000 square feet of the 42,700 square foot facility.

The district was expected to achieve an incremental value of \$9 million upon completion. However, due to a re-evaluation of an adjacent property in the district, and a greater than estimated valuation of the new buildings, total incremental value is significantly greater. Also, given the strong market for these facilities, the buildings were constructed sooner than originally estimated. These factors will shorten the payback period of the district, which originally had been estimated at 27 years.

Late in 2011, Coakley Tech, the tenant in the 'adjacent' building referenced above, announced it would relocate to Hartland, WI, and the building would be converted to mini-warehouses.

In late 2016 an allocation amendment was approved authorizing the donation of TID #54's annual increment to TID #59, Bronzeville, for a period of five years to assist with the debt service for the underperforming district.

**Projected TID cost recovery: 2019 (levy year)**

**Maximum legal life: 2031**

**Base property value: \$8,958,600**

**Completion status: Riverwalk project ongoing**

**Project description**

This district was created in 2004 to provide funding for street improvements to East Erie Street from Broadway to the Harbor entrance, and to provide assistance in funding for riverwalk improvements. In 2005, the Common Council authorized additional expenditures of \$3.375 million to cover costs of 2005 activities, and in 2006, a second file authorizing additional expenditures of \$2.0 million related to 2006 activities included in the district project plan.

These improvements included constructing and paving new stub ends and roadways to the Milwaukee River for North Milwaukee, North Jefferson, and North Jackson Streets. There was also be dockwall repair/replacement at the three new stubs, as well as new lighting and trees. Funding for the CNW Railroad swing bridge was budgeted at \$1.00 to allow for identification of future bridge-related costs. Further Common Council action is required if and when the disposition of the bridge is determined to take place.

Construction of the Erie Street Plaza began in November 2009 and was completed in June 2010. The project plan included a budget of \$1 million for construction of this project. After a three-year delay, the project was completed under budget.

In addition to paving projects and the Erie Street Plaza, the project plan includes two, mixed-use developments along East Erie Street and the Milwaukee River. Both projects include the construction of a riverwalk and associated public and private boat slips. Project details include:

- The six-story, mixed use development known as Harbor Front and Hansen's Landing (phase II) includes 840 linear feet of riverwalk, 160 condominium units, and more than 15,000 square feet of retail space with a total investment of approximately \$65.9 million. The condominium units are 97% sold.
- The 5-story Marine Terminal Lofts (phase I) is a mixed-use development comprised of 83 condominium units and 45,000 square feet of retail/commercial space in with a total investment of approximately \$54.4 million. Construction of a riverwalk adjacent to the building and a connection to the MIAD riverwalk to the west was completed in October 2008. This project is 100% sold.

The second phase of this project, referred to as DoMUS, will include newly constructed, 6-story building with 150 apartments, 2,500 square feet of first-floor retail space, and an extensive wellness or fitness center located on the ground floor, supported by one level of underground parking. A riverwalk running the length of the building will also be

**TID 56 - Erie/Jefferson Riverwalk  
Periodic Report  
12/31/19**

included in this phase which broke ground in the spring of 2016 and is currently under construction.

In July 2013, a second amendment was approved establishing the Erie/Jefferson Riverwalk district as a Donor district to three tax increment districts; TID #58 (20<sup>th</sup> & Walnut), TID #65 (20<sup>th</sup> & Brown) and TID #66 (Metcalf Park Homes). The district will donate the difference between its scheduled debt service payments, and the amount of tax increment revenue received, for a period of five years. The amendment also included \$128,000 to fund the acquisition of the property at 501 East Erie Street and a related engineering study of the abandoned railroad trestle located on the property.

A third amendment to this project plan was approved in February of 2015. The amendment includes \$696,000 in additional funding for the second phase of a Riverwalk project previously approved, \$540,000 for public infrastructure improvements along Milwaukee Street, \$18,300,000 for infrastructure related to the Milwaukee Streetcar project and a \$400,000 grant to Gardner Denver, who is relocating its headquarters to Milwaukee's Historic Third Ward neighborhood.

In November of 2015, the Joint Review Board passed a 4<sup>th</sup> Amendment to this TID. This Amendment provides a \$295,000 grant to the developer of the 2<sup>nd</sup> phase of the Marine Terminal project, known as DoMUS, which equates to the City's contribution toward 50% of the cost to repair the dockwall.

A 5<sup>th</sup> Amendment to the TID was approved by the Joint Review Board on August 17, 2017. This amendment approved an additional \$1,170,650 in project costs to be allocated toward the construction of Trestle Park. In 2013, the city purchased the property at 501 East Erie Street from the Union Pacific Railroad. The property is just under an acre in size and includes river frontage as well as a railroad trestle that extends into the Milwaukee River and at one time would connect to the Swing Bridge when that rail line was still operational. Combined with the adjacent Jefferson Street right of way, the City worked with the Mandel Group and HGA to design and construct a public park and associated Riverwalk. Work was complete in the early summer of 2018.

District incremental values have changed as follows:

**TID 57 - Harley Davidson Museum**  
**Periodic Report**  
12/31/19

**District Created: 2004**

**Authorized expenditure (excluding interest): \$5,965,000**

**Authorizing resolution(s): #040781, #100534**

**Projected TID cost recovery: 2022 (levy year)**

**Maximum legal life: 2031**

**Base property value: \$0**

**Completion Status: Museum, archives, restaurant and gift shop opened 2008**

**Project description**

This district was created to provide funding for public costs associated with the development of the Harley-Davidson Museum.

After cancelling its plans to develop its museum in Tax Incremental District #41 (Time Warner/Manpower), Harley-Davidson selected a 20-acre property at 6<sup>th</sup> & Canal Streets as its new site. The project was to consist of a \$95 million complex consisting of the museum, archives, restaurant and banquet space, with at least 100,000 square feet of supporting office or commercial space.

The district was created to fund extraordinary infrastructure costs on the property, including environmental remediation, dockwall construction, deep pile foundations for the buildings, and the need to elevate the site out of the flood plain. In connection with this project, the City agreed to relocate its Traser Yard maintenance facility to a site at the Tower Automotive complex. Development of that facility was completed in February 2006, at which time the museum's initial site work began. On July 12, 2008, the museum opened to thousands of guests.

This is a developer financed district. All funds were advanced by H-D Milwaukee, LLC, a subsidiary of the company. Harley Davidson will be repaid with interest, but only in the amount of actual incremental revenue generated by the district annually. In 2010, the company announced that due to the economy, it would not build the third phase of the project, a 100,000 square foot office or commercial facility. In 2011, Harley-Davidson and the City reached an agreement, through which the City accepted \$700,000 to cancel its option to purchase adjacent parking lots at the museum if Phase III was not constructed by June, 2011. Project costs to be reimbursed through the district, due to the cancellation of Phase III, were reduced from \$7.0 million to \$5.7 million.

**Projected TID dissolution: 2019 (levy year)**

**Maximum legal life: 2032**

**Base property value: \$4,753,200**

**Completion status: Builders chosen, first model homes constructed, balance of subdivision lots currently available.**

**Project description**

This district was created to support the redevelopment of two key sites near the intersection of North 20<sup>th</sup> & West Walnut Streets in the Fond du Lac and North Avenue planning area. The area surrounding the sites has seen significant new residential development in recent years, including City Homes and the Lindsay Heights Initiative.

The notable exceptions to those efforts have been a five acre site at 2101 West Walnut Street, a former Sentry grocery store that closed in 2001, and an adjacent parcel which was the site of the London Square Apartments, a 115 unit, subsidized Section 8 project that suffered from disrepair and absentee management. From a redevelopment perspective, the two sites have been viewed as interdependent. In late 2004, a private developer with a strong track record in developing and managing affordable housing acquired the London Square project and completed a significant renovation effort.

The district funded the acquisition, demolition, and remediation of the former Sentry store site. District funds were also used for public improvements to support residential development on the site, and connecting new streets to the surrounding street grid.

Demolition work began on the grocery store site in late 2005. Request for Proposals (RFP) for a single-family residential development was issued in 2006. Construction of the public improvements and single-family homes was completed in 2007. By year-end 2007, three model homes were complete and later sold in 2008. With the downturn in the residential real estate market, however, there has been no sales activity since that time.

In 2013, District #56 (Erie/Jefferson Riverwalk) was amended to contribute to the district and help recover a portion of its unamortized costs within the next three years.

With signs of improvement in the residential market, marketing has resumed for new single family development. Some additional incentives have been developed to spur sales and the Department has been working with WHEDA and local lenders to provide financing packages for prospective buyers.

**TID 59 - Bronzeville**  
**Periodic Report**  
12/31/19

**District Created: 2005**

**Authorized expenditure (excluding interest): \$3,288,500**

**Authorizing resolution(s): #050395**

**Projected TID cost recovery: 2020 (levy year)**

**Maximum legal life: 2032**

**Base property value: \$46,021,500**

**Completion status: Property assembly on-going, and redevelopment proposals solicited**

**Project description**

The Bronzeville district covers a substantial area of the city, stretching from Burleigh Street on the north, Garfield Avenue on the south, King Drive on the east, and North 7<sup>th</sup> Street on the west. While the district is one of the City's largest, at its heart is the creation of an African American cultural and entertainment district with the goal of re-creating, in the area surrounding West North Avenue, the jazz clubs, restaurants and night-life for which this area was famous for until the 1950s.

The district project plan has allocated funding for various components of the district. These components include selective land acquisition in the entertainment area, funding for street improvements, a loan/grant fund to assist with new construction or renovation projects, façade improvements and signage, and assistance with residential construction. Total funds from all sources targeted for this program amount to \$4.5 million with the district providing \$3.4 million.

Phase one of the infrastructure improvements, installation of Milwaukee-style Harp Lighting along West North Avenue, was completed in 2005. Federal and state earmarks were awarded to the Bronzeville project to complete streetscape enhancements and conduct a feasibility and engineering study for the reuse of a former Milwaukee Public School building in the Bronzeville District. The feasibility study was completed in 2012. Efforts to redevelop the former school into the Bronzeville Cultural Center are underway.

In 2007, Bronzeville streetscape visioning sessions were conducted where the community participated in numerous streetscape design activities. The Bronzeville streetscape was completed in 2012 and includes special paving enhancements, informational kiosks, gateway signage and various pedestrian amenities.

In the surrounding residential neighborhood, housing incentives are available for those interested in building a new single-family home in the Bronzeville area. Since its inception, the Bronzeville New Homes Initiative, has garnered five new homeowners to the district, adding nearly \$1 million in increment to the district with the new homes constructed.

Of the commercial projects in the district, the redevelopment of the Historic Chief Lippert fire station at 642 West North Avenue is complete. In addition, a request for proposals (RFP) was issued for select Redevelopment Authority (RACM) owned parcels in the district. Additional RFPs are planned, with responses anticipated to include mixed use development proposals including residential units, commercial or retail spaces.

**TID 59 - Bronzeville  
Periodic Report  
12/31/19**

In 2013, the district supported the redevelopment of vacant parcel into a designated commercial district parking facility for businesses in the near area.

Additionally, the project plan supported district marketing and annual promotional events such as the “Week in Bronzeville”, and design and development opportunities such as the Bronzeville charrette.

In 2014, the Bronzeville charrette generated interest in the former Garfield School. The Garfield Redevelopment RFP was issued and awarded in 2014. The former MPS Garfield School along with the former Black Holocaust Museum building and Grant’s Soul Food restaurant has been transformed into the Historic Garfield/Griot Redevelopment project which is located in two overlapping TID project areas: Bronzeville Cultural and Entertainment District and Garfield North. The project includes mixed income residential units, commercial space and programming for cultural and entertainment activities.

In 2016, TID No. 54 (Stadium) donated an estimated \$2,562,995 to TID No. 59 (Bronzeville) to accommodate 5 years of donations from 2016-2020 inclusive from the donor TID to the recipient TID;

In October of 2017, Phase I of the Historic Garfield Campus was completed. The 16.6 million dollar public/private development provided one, two and three bedroom apartment homes, artistic interior vestibule and vibrant community gathering space.

**TID 60 - Amtrak Intermodal Passenger Station**  
**Periodic Report**  
12/31/19

**District Created: 2005**

**Authorized expenditure (excluding interest): \$6,250,000**

**Authorizing resolution(s): #050592**

**Projected TID cost recovery: 2019 (levy year)**

**Maximum legal life: 2032**

**Base property value: \$2,212,900**

**Completion Status: Project complete**

**Project description**

Working with the Wisconsin Department of Transportation (WisDOT), and Wilton Partners of Los Angeles, this district's project plan provided \$6 million for an entire new façade to the Milwaukee Amtrak station. Opened in November 2007, the dramatic glass façade of the station features an angular grid structure, with varying textures and opacities, and forms a three-story galleria on the north face of the station, along West Saint Paul Avenue.

Wilton, leases the facility from WisDOT which sub-leases operating space to Amtrak and Greyhound Bus Lines for ticketing and related services. The plan called for 4,000 square feet for retail businesses serving rail and bus passengers, and 27,000 square feet to be leased to office users.

Only the third floor office space has been leased – to Wis DOT's regional traffic control center – with the second floor office and ground floor retail space remaining largely vacant. This has reduced values compared with the original forecast. In addition, residential redevelopment anticipated on adjacent sites has not materialized, due to the weak economy, and consequently revenues generated by the district alone are insufficient to amortize project costs.

In 2013, TID #22 (Beer Line B) was amended to donate funds to this district. This donation will allow the district to recover remaining project costs within five years.

**Maximum legal life: 2032**

**Base property value: \$5,329,800**

**Completion Status: Project complete**

**Project description**

DRS Power & Control Technologies, Inc. is located in the 30<sup>th</sup> Street Industrial Corridor sector of the City at 4265 North 30<sup>th</sup> Street. The company designs and manufactures power generation, conversion, and distribution equipment for ship propulsion systems for the US Navy and for industrial applications. At year-end 2016, DRS employed 469 at this location, an increase from previous years. Employees are principally engineers, engineering technicians, and skilled assemblers. Average manufacturing and technical position wages, when the district was created, were \$19/ hour and administrative staff salaries averaged \$34/hour.

The DRS facility was constructed in 1956, and became outdated and inefficient, particularly with respect to HVAC systems, engineering spaces, shop layout, and overall utilization.

To assist DRS with an \$11.5 million upgrade of this facility, the project plan funded a \$1.5 million forgivable loan for the project. Payments on the loan are forgiven if the company maintains employment at 450 during the life of the loan, through 2018. If employment falls below that amount, the loan forgiveness is reduced in proportion to the shortfall in employment. DRS reported 585 employees at the end of 2018.

District values have lagged behind forecast. In 2013, TID #22 (Beerline B) was amended to contribute to the district and help recover a portion of its unamortized costs.

Company did receive a significant federal contract in 2015 that has allowed them invest more into their property. However, the company made a decision in 2018 to move their operations from this facility to a neighboring community and expects to move in phases from Milwaukee by 2022.

District incremental values have changed as follows:

<b>Year</b>	<b>Incremental Value</b>	<b>Change</b>
2019	\$ 2,720,800	48%

**TID 63 - Falk / Rexnord**  
**Periodic Report**  
12/31/19

**District Created: 2006**

**Authorized expenditure (excluding interest): \$2,500,000**

**Authorizing resolution(s): #051461, #110602**

**Projected TID contract recovery: 2030 (levy year)**

**Maximum legal life: 2026**

**Base property value: \$8,871,100**

**Completion Status: Project complete; employment is 602**

**Project description**

This district funded a grant to Rexnord for costs associated with site work and infrastructure necessitated by the Canal Street project. These funds, in the amount of \$1.5 million, were advanced by the company and are being repaid by the City from future tax incremental revenue generated in the district. Payments will be reduced, proportionately, if employment at the Canal Street site declines below 520 full-time equivalent positions.

In 2011, the Project Plan was amended to assist the Falk facility with a \$35 million upgrade and reequipping of its facility. Rexnord is transforming the facility into a Gear Center of Excellence which will significantly improve production efficiencies and reduce lead times. The amendment included up to \$1.0 million of additional assistance, bringing the total project budget to \$2.5 million.

Employment at the end of 2018 for the Rexnord-Falk facility was 445 which was down from previous years partly due to continued consolidation of office staff to their other locations in the Milwaukee area. Including these office employees, the total headcount for the Rexnord-Falk facility is 882 in 2018. At the time of preparing this report, the City had not yet received employment data for 2019.

District incremental values have changed as follows:

**TID 64 - Direct Supply  
Periodic Report  
12/31/19**

**District Created: 2006**

**Authorized expenditure (excluding interest): \$13,350,000**

**Authorizing resolution(s): #060420**

**Projected TID cost recovery: 2032 (levy year)**

**Maximum legal life: 2033**

**Base property value: \$14,358,000**

**Completion Status: First of eight buildings completed; employment is 1,040**

**Project description**

This district consists of an area of approximately 64 acres located north and south of Industrial and Green Tree Roads, generally between 7300 West Green Tree Road and 6600 North Industrial Road.

The main goal of this district is to assist Direct Supply, Inc., and its landlord KJ Greentree LLC, in the upgrade and expansion of its campus facilities. Direct Supply provides a supply chain solution for the healthcare industry. The company links manufacturers, distributors, patients and residents, managing shipment of thousands of products from over 1,400 shipping points to thousands of long-term care providers in every state. The company offers its customers access to over 900,000 products, including medical equipment, custom furnishings, and commercial food equipment.

The company's plans call for the construction of multi-story connector buildings between each of its nine existing buildings, adding up to 500,000 square feet of office space over the next 10 to 15 years. Included in the proposed plan is the addition of a day care center, a medical clinic and a cafeteria. These connector buildings will displace most of the current off-street parking now used by company employees. Adjacent properties are being acquired and developed for replacement parking, additional office space, recreational facilities, conference facilities, and green space for use by Direct Supply employees.

The developer, KJ Greentree, advanced all project costs and is being repaid by the City from future tax incremental revenue generated in the district. Payments will be reduced, proportionately, if employment levels decline below levels specified in the Development Agreement.

In 2008, the first connector office building, totaling 90,000 square feet, was completed. Two surface parking lots were also completed. Traffic signals were installed to facilitate pedestrian movement across Industrial Road.

In 2010, the company acquired a recycling facility on the east side of Industrial Road, and converted the site to surface parking.

In 2011, the employment benchmarks established for the company in the Development Agreement were amended in response to a continued weakness in the economy (File #111034). Employment in 2014, however, increased to 1,081 full-time equivalents (FTE), compared with 1,018 in 2013 and 682 when the project began.

**TID 64 - Direct Supply  
Periodic Report  
12/31/19**

Incremental Value experienced a significant decline in 2012 (due to a reporting error) which was offset by an adjustment in 2013. Values returned to historic norms in 2014.

The company finished 2019 with a reported 1,090 employees working full-time for the company. The City continues to work closely with the company on expanding their current footprint with a campus-like setting.

District incremental values have changed as follows:

Year	Incremental Value	Change
2019	\$ 9,861,000	-2%
2018	\$ 10,101,600	-9%
2017	\$ 11,072,400	-12%
2016	\$ 12,512,300	16%

**Projected TID dissolution: 2019 (levy year)**

**Maximum legal life: 2033**

**Base property value: \$3,220,700**

**Completion status: Public improvements and environmental remediation are completed**

**Project description**

This district is located in the Fond du Lac and North neighborhood. The area in and around the district declined in the 1970's when hundreds of homes were razed for the proposed Park West freeway. Much of the district remains vacant and blighted even 30 years after the freeway clearance.

“Legacy Development Partners” (the developer) proposed to redevelop the area with up to 60 detached single-family homes and 24 townhouses. The district project plan funded public infrastructure, site acquisitions, remediation costs, and loans/grants for rehabilitating existing homes. Work on the public improvements began in 2007, and all work was completed by late 2010. Environmental remediation of land north of Garfield Avenue was completed November 2010.

However, difficulties in the finance and housing markets delayed the overall development. As of December 31, 2014, five homes were sold. Due to the economic downturn and soft market for new housing, the developer stopped marketing the site. However, with more recent improvement in the housing market, efforts are underway to reposition the development and begin marketing sites again.

In 2013, District #56 (Erie/Jefferson Riverwalk) was amended to contribute to the district and help recover a portion of its unamortized costs within the next three years.

District incremental values are as follows:

<b>Year</b>	<b>Incremental Value</b>
2019	\$ 56,600
2018	\$ (578,700)
2017	\$ (743,300)
2016	\$ (532,700)

**TID 66 - Metcalfe Park Homes  
Periodic Report  
12/31/19**

**District Created: 2006**

**Authorized expenditure (excluding interest): \$1,475,000**

**Authorizing resolution(s): #060893**

**Projected TID dissolution: 2032 (levy year)**

**Maximum legal life: 2033**

**Base property value: \$50,443,300**

**Completion status: Single-family homes are complete and rehabilitation activities ongoing.**

**Project description**

This district was created to support new housing development and revitalization efforts in the Metcalfe Park Neighborhood, bounded by North 27<sup>th</sup> Street, North 39<sup>th</sup> Street, West Meinecke Avenue and West Center Street. The district consists of two primary initiatives:

The first was a \$900,000 grant to a partnership comprised of Gorman & Company and Milwaukee Urban League for the construction of 30 new single-family homes on City-owned scattered sites in the neighborhood. The homes were financed utilizing the low-income housing tax credit program, and will be sold to tenants under a lease-to-own program at the end of the 15 year tax credit compliance period. During the lease period, tenants will receive counseling to prepare them for home ownership.

The second is a forgivable loan pool funded by the district project plan to provide resources for Metcalfe Park property owners to make repairs to their homes.

All 30 of the new single-family homes were completed and leased. The real estate market downturn and high number of foreclosures and demolitions in the district had a significant negative impact on property values that was still evident in 2019.

In 2013, District #56 (Erie/Jefferson Riverwalk) was amended to contribute to the district and help recover a portion of its unamortized costs.

District incremental values have changed as follows:

<b>Year</b>	<b>Incremental Value</b>
2019	\$ (21,937,700)
2018	\$ (23,643,300)
2017	\$ (26,967,100)
2016	\$ (23,516,700)
2015	\$ (25,658,600)

**TID 67 - The Brewery Project**  
**Periodic Report**  
12/31/19

**District Created: 2006**

**Authorized expenditure (excluding interest): \$29,002,272**

**Authorizing resolution(s): #060911, #130881**

**Projected TID cost recovery: 2025 (levy year)**

**Maximum legal life: 2033**

**Base property value: \$9,266,900**

**Completion Status: Initial demolition and remediation completed. Several buildings acquired and renovated by private parties. Marketing is on-going.**

This district has assisted in funding the redevelopment of the former Pabst Brewery complex located in a 6½ block area at the junction of Interstate 43 and the Park East Freeway corridor. The original site contained twenty-five buildings with a total floor area of 1.4 million square feet. The project will ultimately contain a mix of residential, office, educational and supporting retail space.

The developer is Brewery Project LLC, the sole member of which is the estate of Joseph J. Zilber. Initial City funding, exclusive of administration costs and capitalized interest, was limited to \$13.6 million, equivalent to Zilber's acquisition cost of the project.

Thus far, Gorman & Company has converted building No. 9, along West Winnebago Street, into 95 apartments. Known as Blue Ribbon Lofts, tenants moved in starting January 2009. Total development costs were \$16 million.

TMB Development/Dermond Properties acquired the former Boiler House, building No. 10 at 1243 North 10<sup>th</sup> Street, and converted it into a 38,000 square foot office building. Tenants include Inland Companies, AMB Development Group, Albion Architects, and others. Total development cost was \$6.8 million. The building is 100% occupied.

Also, building No. 14 was purchased by the BC Pabst Holdings, which converted this 28,000 square foot property into offices at a cost of over \$3 million. The principal tenant is Cardinal Stritch University's School of Education and Leadership which took occupancy in May 2009.

In 2009, the developer constructed an 880-car parking facility at the corner of North 9<sup>th</sup> and West Juneau Avenue. The ramp includes advanced lighting systems, automated pay stations, and hands free monthly parking access. Also, Zilber Park was dedicated on North 10<sup>th</sup> Street. The park includes a gabion wall and is part of the project's advanced storm water system with capability of holding 100,000 gallons.

In 2012, the UW School of Public Health (SPH) project was completed on N. 10th Street, along with a new five-story addition. Total development costs were \$12.3 million. Also, Brewery Point apartments, a 48 - unit, senior living facility at North 9<sup>th</sup> and West. Winnebago Streets, was completed and occupied in early 2013.

**TID 67 - The Brewery Project**  
**Periodic Report**  
**12/31/19**

Gorman & Company also completed the renovation of buildings No. 20 and 21 at North 10<sup>th</sup> and West Juneau Avenue. These structures were converted to a 90 room hotel known as the Brewhouse Inn and Suites. Financing for the project includes EB-5 foreign investment.

In 2014, a five-story office building was completed immediately west of the hotel, on Juneau Avenue; and, a six-story, 124-unit market-rate senior apartment complex building was nearing completion at the south west corner of Juneau and 10<sup>th</sup> Streets. Based upon a forecast of future supportable debt in the district, the City proceeded with the completion of public improvements at a cost of \$2.5 million and reimbursement of city costs previously advanced by the developer for site improvements totaling \$3.6 million.

In 2016, Building 29, the former Bottling House opened as a 400-bed student housing project and work began on converting Building 25, the Malt House, to 118 market-rate apartment units.

In 2017, Building 23, a former Methodist church, opened as a new brewery and taproom for Pabst Brewing.

In 2018, a 150-room Hyatt Place, 274 apartments in two new buildings by Milhaus Development and the conversion of a former warehouse into a new home for Milwaukee Brewing Company, a restaurant, office space and self-storage were completed.

District incremental values have increased as follows:

<b>Year</b>	<b>Incremental Value</b>	<b>Change</b>
2019	\$ 132,309,500	39%
2018	\$ 95,368,000	35%
2017	\$ 70,712,500	10%
2016	\$ 64,175,700	49%

**TID 68 - Fifth Ward/First Place  
Periodic Report  
12/31/19**

**District Created: 2006**

**Authorized expenditure (excluding interest): \$5,158,654**

**Authorizing resolution(s): #060895, #080541, #160416**

**Projected TID cost recovery: 2019 (levy year)**

**Maximum legal life: 2033**

**Base property value: \$ 32,806,800**

**Completion status: First Place riverwalk and roadwork complete; Additional public improvements ongoing**

**Project description**

This district partially funded the construction of approximately 535 feet of riverwalk along Point on the River (f.k.a First Place on the River), a 115 unit condominium project at the junction of the Menomonee and Milwaukee rivers. The riverwalk design is consistent with the Riverlink design guidelines and includes railings, harp lights, and medallions in the walking surface. A privately-funded marina with 28 boat slips was installed in 2010. Of the 28 boat slips, 24 were privately funded with the remaining four, along with a boat launch for public use, were partially funded by the project plan. The district may also partially fund the construction of approximately 120 feet of riverwalk along the river frontage of 100-06 E. Seeboth Street at a future date.

This district also provided funding for street improvements for South 1st Street from the Milwaukee River to the railway underpass, and portions of South 1st Place, East Seeboth Street, and East Pittsburgh Avenue. These improvements include paving, street-narrowing, sidewalk widening, dockwall repair/replacement, construction of a new stub end roadway to the Milwaukee River for South 1st Place, pedestrian crosswalks and reconfiguring the right-turn bypasses at South 1st Street and East Pittsburgh Avenue.

In 2007, the City held a workshop with property owners adjacent to and surrounding the proposed 1st Street improvements. Conceptual design ideas for the proposed public improvements (street narrowing, sidewalks, crosswalks, public plaza) within the project plan were presented and discussed. A second public workshop was held in June 2008 and a third public meeting was held in February 2009. Construction of these public improvements was completed in the fall of 2010.

In February 2008, the First Place on the River project went into receivership with the lead lender satisfying liens and continuing to complete the development. At that time, 48 occupancy permits were issued, two commercial units were sold and the riverwalk was completed.

However, the base value for the district, set in 2007, was based upon the completed value of the condominiums, even though a majority of the units were not completed. In addition, with the downturn in the housing market, the residential units were assessed in 2008 at significantly lower values than the 2007 base value, thus creating no incremental value.

As a result, an amendment to the district was passed in September 2008 to establish a correct and lower base value that will allow an increment to be created.

**TID 68 - Fifth Ward/First Place  
Periodic Report  
12/31/19**

The Joint Review Board approved a second amendment to the district on August 9, 2016, to provide up to \$1.7 million for the purpose of constructing 280 linear feet of Riverwalk and dockwall and improving public right of way adjacent to the proposed 234 South Water residential development project. This was a boundary amendment to include seven additional properties riverfront properties within the new boundary to accommodate the anticipated future development of 1,040 linear feet of Riverwalk and dockwall construction. This project did not move forward and the property is under option for a new, proposed residential development.

District incremental values have increased as follows:

Year	Incremental Value	Change
2019	\$ 49,015,000	28%
2018	\$ 38,368,200	8%
2017	\$ 35,620,900	-5%

**Completion Status: Project complete**

**Project description**

This project involves the redevelopment of the office buildings at 731 and 735 North Water Street. The 735 property is the former headquarters of the First Wisconsin National Bank and is the only office building in Milwaukee designed by Daniel Burnham. As such, the building was designated a Milwaukee landmark.

The district provided \$1.5 million in gap financing for the overall project, and \$1,554,000 to renovate the riverwalk adjacent to the buildings. Incremental revenue was first be used to amortize the riverwalk costs, which was advanced by the City. Revenues in excess of the annual riverwalk amortization go to retire the \$1.5 million gap contribution which was advanced by the developer/owner. The final payment to the developer/owner to retire this contribution was made in 2018.

Improvements to the 735 North Water building include façade restorations, creation of new restaurant space, tenant improvements, and restoration of its riverwalk.

Given a change in the market, the original project plan was amended in 2010 to replace the development proposal of seven luxury condominiums in the 731 North Water building with Gold’s Gym, retail, office, and gray-box condominium space. This project, including the rehabilitated riverwalk was completed in late 2011.

District incremental values have changed as follows:

<b>Year</b>	<b>Incremental Value</b>	<b>Change</b>
2019	\$ 27,002,100	84%
2018	\$ 14,681,100	4%

**TID 71 – Mitchell Street  
Periodic Report  
12/31/19**

**District Created: 2008**

**Authorized expenditure (excluding interest): \$3,116,600**

**Authorizing resolution(s): #070611, #071132, #010436, #0140436**

**Projected TID dissolution: 2034 (levy year)**

**Maximum legal life: 2035**

**Base property value: \$66,751,300; District base value redetermined in 2014**

**Completion Status: Ongoing**

**Project description**

The Mitchell Street district contains nearly 300 properties located generally one block north and south of West Mitchell Street between South 5<sup>th</sup> and South 16<sup>th</sup> Streets, plus the commercial area south of West Forest Home Avenue, between South 13<sup>th</sup> and South 15<sup>th</sup> Streets. Funding set forth in the project plan includes \$3,118,000 for the purposes of upgrading pedestrian lighting, installing median irrigation, security cameras, and tree grates, along with funds for grants or loans to assist with catalytic private development opportunities in this major neighborhood commercial district.

Security cameras have been installed throughout the district. The cameras are monitored by the Milwaukee Police Department, and focus on customer parking areas north and south of Mitchell Street. In addition, pedestrian “Harp” lights have been upgraded along Mitchell Street and Forest Home Avenue.

Also, \$500,000 was authorized for a forgivable loan to assist with the \$4.5 million renovation of the former Goldman’s Department store at 930 West Mitchell Street and a \$228,000 grant was awarded to repair the roof and other building systems at the Modjeska Theater. The Modjeska roof repair was completed in late 2010 and it is the hope that the theater will once again host entertainment of all kinds in the near future. Construction began in April 2015 to convert the Goldman’s department store into the Ignance Indian Health Center.

Grants were also awarded to renovate the restaurant space and the façade at 608 West Mitchell Street, installation of a water line to serve the retail space at 833 West Mitchell Street, and open a new restaurant, Paesano’s pizza, at 551 West Mitchell Street. The restaurant has changed ownership but continues operation.

Meanwhile, the apartment conversion project in the former theater at 601 West Mitchell Street was sold and completion of the 36 units occurred in 2015. The developers are Randy Thelen of Elkhorn based Thelen Total Construction, Inc., and Geoff Stone, co-owner of Gato City LLC, a Milwaukee rental property management firm.

Property values in the district, as shown below, have declined significantly with the downturn in the economy. In 2013, an amendment to the project plan was proposed to reset the Base Value of the district. This amendment would have eliminated the deficit in value and created the opportunity to generate positive incremental revenue. Unfortunately, the WI Department of Revenue did not accept this amendment.

**TID 71 – Mitchell Street  
Periodic Report  
12/31/19**

However, Wisconsin Act 183, which was passed in April of 2014, permits amendments to tax increment districts which have experienced a decline in property value such that the district's value has been at least 10% less than its base value for at least two consecutive years. Passage of this legislation allows for the City to achieve the same result as what was originally proposed in 2013. The City, therefore, moved forward with an amendment to reset the base value of the district. The amendment obtained final approval by the Joint Review Board on August 7, 2014 and reset the base value of the district to \$66.75 million.

District incremental values have changed as follows:

Year	Incremental Value	Increase
2019	\$ 2,310,600	586%
2018	\$ 336,700	
2017	\$ (8,295,400)	
2016	\$ (2,873,800)	
2015	\$ (6,570,200)	
2014	\$ (3,843,100)	
2013	\$ (8,501,200)

**TID 72 – Bishop’s Creek  
Periodic Report  
12/31/19**

**District Created: 2008**

**Authorized expenditure (excluding interest): \$1,585,000**

**Authorizing resolution(s): #081070, #140728**

**Projected TID dissolution: 2034 (levy year)**

**Maximum legal life: 2035**

**Base property value: \$24,474,700; District base value redetermined in 2014**

**Completion Status: Phase 1 of project, including demolition, remediation work and housing construction complete**

**Project description**

This district was created to support the redevelopment of the former Kaiser Tannery site. Plans for redevelopment of the site include the rehabilitation and/or new construction of office/retail facilities, residential development, a student dormitory, a cultural and hospitality venue and other community facilities.

The first phase of the project included site demolition, remediation and preparation for new development, as well as the construction of a new 55 unit high quality affordable housing project. The project plan included \$1,435,000 to be used for site demolition and remediation, construction of a public sewer, a grant to the developer for the affordable housing project, and a forgivable loan pool for property owners in the surrounding neighborhood.

By year-end 2010, demolition and remediation work was completed. In addition, the affordable housing project was complete and leased up. While the first phase of the project has been successfully completed and achieved its value projections, the overall downturn in the residential real estate market has adversely affected the district’s value, as the district’s boundary includes the surrounding residential neighborhood.

Wisconsin Act 183, which was passed in April of 2014, permits amendments to tax increment districts which have experienced a decline in property value such that the district’s value has been at least 10% less than its base value for at least two consecutive years. The City moved forward with an amendment to reset the base value of the district. The amendment obtained final approval by the Joint Review Board on October 14, 2014 and reset the base value of the district to \$24.5 million.

District incremental values are as follows:

<b>Year</b>	<b>Incremental Value</b>
2019	\$ (2,427,200)
2018	\$ (2,556,600)
2017	\$ (2,615,500)

**Maximum legal life: 2036**  
**Base property value: \$4,602,800**  
**Completion Status: Initial Phase complete**

**Project description**

This district consists of 22.8 acres and contains 100,000 square feet of underutilized manufacturing and warehouse buildings. When created, the uses in the district included warehousing, a skateboard park and a trucking terminal. The district project plan involves redevelopment and renovation of five buildings on the western portion of the site bounded by West Mount Vernon on the north, the Menomonee River on the south, North 25<sup>th</sup> Street on the west and North 17<sup>th</sup> Street on the east. The buildings total 70,600 square feet and will be converted to 98,000 square feet of office and “flex” space for small businesses.

There was no public access to the city street system from the north or east. Therefore, the district assisted in the extension of a public road, as well as upgrades to the sanitary sewer and storm sewer service, completed early 2011.

The first phase of the project, completed in early 2011, converted the former “Retort Building” to approximately 43,000 square feet of office area for Zimmerman Architectural Studios, Inc. The project restored the façade to the original condition and created a mezzanine level within the high-bay industrial building to increase the interior square footage from 26,400 to 43,000 square feet.

Redevelopment of a second building on the western portion of the site took place in late 2016 and in February of 2017, the City Lights Brewery opened in newly renovated space.

Future phases include the development of the land to the east of the building(s) described above with office and/or manufacturing buildings. There are buildings on this portion of the site, comprised of approximately 30,000 square feet, which are utilized as truck maintenance facilities.

District incremental values have increased as follows:

<b>Year</b>	<b>Incremental Value</b>	<b>Change</b>
2019	\$ 4,082,500	-4%
2018	\$ 4,245,900	12%
2017	\$ 3,806,400	-15%
2016	\$ 4,456,200	-5%

**Authorized expenditure (excluding interest): \$15,600,000**

**Authorizing resolution(s): File #090325, #140437**

**Projected TID cost recovery: 2035 (levy year)**

**Maximum legal life: 2036**

**Base property value: \$63,334,700; District base value redetermined in 2014**

**Completion Status: Ongoing**

**Project description**

In 2009, the City of Milwaukee undertook a multi-year redevelopment process incorporating a variety of funding sources to cover the anticipated costs of acquisition, demolition, site preparation, new infrastructure and other related activities. These sources include \$10 million in Capital Budget funding and \$15.6 million in district revenues, with the balance of funding derived from federal and state grants, New Markets Tax Credits equity and land sale proceeds. The overall \$35.4 million project budget will support the following activities:

- Acquisition of the 84-acre portion of the site
- Demolition of approximately 1.8 million square feet of presently vacant or underutilized industrial buildings, including asbestos abatement
- Environmental remediation and abatement of contaminants in building components and soil
- Clearing and grading of the site
- Stabilization of existing buildings and ongoing holding costs for the site during the three year development period
- Public improvements, including streets and utilities to serve the business park
- Matching funds to assist with qualified private improvements to existing residential properties in the TID through the Century City Targeted Investment Neighborhood (TIN)
- Development fund to provide funding for job training within the district
- Planning and community outreach
- Administrative costs associated with the TID

The City will have to complete significant demolition, environmental remediation, and site preparation activities before construction can commence on the site.

The Redevelopment Authority (RACM) continued their contract with Colliers International to market Century City 1, Building 36, and the remaining 45-acres of land. There have been a number of leads for Century City 1. Recently, General Capital, CCI managing general partner and the M-7 joined efforts in negotiating with a prospect for CC1 and this type of engagement to sell buildings and land will continue.

RACM completed the installation of landscaping and public right-of-way infrastructure improvements along West Hopkins Street. This work included the installation of landscaping, sidewalks, LED street lighting and a gateway to the business park. An expansion of the storm water basin began in late fall 2016 and was completed by 2017 year end. The basin provides

**TID 74 – N. 35<sup>th</sup> & Capitol Drive**  
**Periodic Report**  
**12/31/19**

storm water management for the entire business park. This project also allowed for full expenditure and close out of EPA and WEDC grants.

Crown Castle continues to lease the property at 3180 West Townsend Street. A draft sales and purchase agreement is under review by Crown Castle’s legal team.

Benson Industries completed fabrication and assembly of the exterior curtain wall for the Northwestern Mutual Commons project. Benson partnered with the Wisconsin Regional Training Partnership (WRTP) to recruit and train more than 70 unemployed workers in window assembly and glazing. Benson invested more than \$100,000 in improvements in Building 36.

In 2017, the majority of the city’s efforts centered on ongoing maintenance, construction and marketing of the business park. Other activities include:

- Talgo, Inc. has signed an extended lease for Building 36. To fulfill a \$74 million contract with Los Angeles, Talgo absorbs the entirety of Building 36 including overhead costs which greatly reduces the annual operating deficit for the business park.
- Continue working with Colliers to promote the sale/lease of buildings and land for manufacturing purposes
- Market 27<sup>th</sup>/Hopkins out lots and building for commercial development
- Complete the storm water basin expansion project
- Continue to Obtaining Final Case Closure from the Wisconsin Department of Natural Resources for Area A (3945 N. 31<sup>st</sup> St.)
- Continue maintenance work on buildings 1A and 65
- Remediate outlots/exterior parking lots for development
- Complete design and construction for Phase II infrastructure and transportation enhancements surrounding the business park.

In 2018, the partnership between General Capital and the Century City Redevelopment Corporation sold the membership rights for the Century City 1 building to Good City Brewing to house their offices, some brewing operations, and warehousing.

Is the project within budget?  Yes  No If no, explain: Most funds awarded to the project have been fully expended and administrative costs have been shifted to RACM. From a site perspective, additional funds are needed to complete environmental cleanup; on-site infrastructure and maintenance costs which increased due to recent improvements (i.e. greenway and basin expansion); and maintenance of B1A and B65.

Is the project on schedule?  Yes  No If no, explain:

Identify any significant concerns that might affect budget or schedule of this project in the future: See comments above regarding the redetermination of the base value.

**TID 75 – Reed Street Yards**  
**Periodic Report**  
12/31/19

**District Created: 2009**

**Authorized expenditure (excluding interest): \$13,337,770**

**Authorizing resolution(s): #090564, #090688, #140453, #150381, #190175**

**Projected TID cost recovery: 2022 (levy year)**

**Maximum legal life: 2036**

**Base property value: \$26,470,500**

**Completion Status: Ongoing**

**Project description**

This district was created to redevelop the Reed Street Yards site. The project plan provided funding for public infrastructure that would facilitate development of a water research and technology park. However, the original resolution did not authorize funding.

In 2011, the Common Council approved an amendment to the project plan and authorized \$6,217,770 in funding for public infrastructure. Later that same year, the Common Council approved a zoning change and a Development Incentive Zone (DIZ) for the Reed Street Yards allowing for a water research and technology park.

The Global Water Center at 247 West Freshwater Way opened in 2013. The \$21 million building serves as the headquarters for the Water Council and includes space leased to several established and start-up water companies.

Public infrastructure improvements began in the summer of 2013 and Freshwater Way opened to the public later that same year, opening up 15 vacant acres of land and 300,000 square feet of vacant tannery buildings to development.

In 2014, the riverwalk along the Menomonee Canal (part of the Hank Aaron State Trail), a public plaza and landscaping were completed. In addition, an amendment to the district was approved to provide \$7,020,000 of funding for additional infrastructure improvements, public parking and streetscaping, and establish the Reed Street Yards Public/Private Venture Fund to provide incentives for new business developments in the Reed Street Yards. As a result, West Florida Street was repaved from South 1st to South 5th Streets in 2015 and a rooftop public plaza and public parking was included in the Brix apartment development, also completed in 2015.

In 2015, Zurn announced that it would be moving its headquarters from Pennsylvania to the Reed Street Yards, bringing 120 jobs to the city. A \$1,000,000 grant for site issues and a \$900,000 forgivable loan for relocation expenses was approved. Construction began in the fall of 2015 and was completed in the summer of 2016.

In 2019, construction began on a new 87-unit apartment building at the corner of 2nd/Oregon, called The Yards.

District incremental values have increased as follows:

**District Created: 2009**

**Authorized expenditure (excluding interest): \$200,000**

**Authorizing resolution(s): #090563, #100993**

**Projected TID cost recovery: 2017 (levy year)**

**Maximum legal life: 2036**

**Base property value: \$16,113,000**

**Completion Status: Ongoing**

**Project description**

This district includes 17 acres of commercial property bounded by South 27<sup>th</sup> Street, West Howard Avenue, and the south branch of the Kinnickinnic (KK) River. Properties in the district included two vacant auto dealerships, a retail mall, a trailer court, the historic Wildenberg Hotel and a new CVS Pharmacy.

Plans for the district are ongoing, but initially focused on converting the former Foster Pontiac dealership at 3636 South 27<sup>th</sup> Street into a Buffalo Wild Wings (BW3) restaurant and additional retail space. The district was created in 2010, but was amended when the original project could not secure financing. The amended project plan provided funding for a median cut in South 27<sup>th</sup> Street to provide access to the site, and assistance with landscaping bordering the project on the east.

In early 2012, the Buffalo Wild Wings opened, along with an adjacent fast-food restaurant. The developers subsequently opened a commercial retail center on an adjacent site, which includes a restaurant on an outlot. This phase of the project is complete. In addition to BW3, the site now includes Jimmy Johns, Panda Express, and T-Mobile, among others.

Other key components of the district include redevelopment of the trailer park and the Wildenberg hotel at 3774 South 27<sup>th</sup> Street. This property was acquired by the City via a tax foreclosure, and all residents were relocated from the park and hotel by May, 2014. Plans for the site, and any amendments to the TID, have not yet been finalized.

District incremental values have changed as follows, reflecting the demolition of the Foster dealership and the subsequent commercial redevelopment.

<b>Year</b>	<b>Incremental Value</b>	<b>Change</b>
2019	\$ 4,474,000	-23%
2018	\$ 5,802,100	347%

**TID 77 – Hellerman/Tyton  
Periodic Report  
12/31/19**

**District Created: 2012**

**Authorized expenditure (excluding interest): \$795,000**

**Authorizing resolution(s): #120657**

**Projected TID cost recovery: 2019 (levy year)**

**Maximum legal life: 2032**

**Base property value: \$3,368,100**

**Completion Status: Ongoing**

**Project description**

Hellermann/Tyton Corporation has its U.S. headquarters at 7930 N. Faulkner Road, in the City's Northwest Land Bank. The company was established in the United States in 1969 and has been at this location since 1977 and has expanded into a nearby facility at 8475 N. 87<sup>th</sup> Street. The company manufactures cable ties, and related products for fixing, identifying and protecting cables and their connecting components. Their products are sold to a number of industries, including automotive, aerospace, defense, electrical, manufacturing, networking/data centers and telecommunications.

Hellermann/Tyton acquired the facility at 6701 W. Good Hope Rd. for the purpose of expanding its production capacity. Total estimated costs are \$6,475,000, including acquisition, equipment purchase, and facility upgrade.

Hellermann/Tyton has 34 locations in North America, South America, Africa, Europe, and Asia. It is owned by Doughty Hanson & Company, a private equity firm located in London, England.

The district will provide up to \$750,000 toward the \$6.5 million cost to upgrade the facility. All funds will be advanced by Hellermann/Tyton and repaid through actual incremental revenue generated in the district. Payment of increment generated by the district will terminate upon expiration of the contract period, whether or not the Hellerman/Tyton Corporation has recovered all costs. The City's final payment to the Hellermann/Tyton will be made in 2029 (2028 levy). Payment is also tied to job creation.

2013 district value was less than the Base, despite the expenditures to upgrade the facility. This was most likely attributable to the WI Department of Revenue assessing the property as a manufacturer, compared with the City assessing it under its former use as a commercial property. The 2014 district value has increased above the Base value, generating a tax increment.

Hellermann/Tyton completed construction of an addition to their building in 2015.

The company presently has 617 employees in Milwaukee, of which roughly half live in the City of Milwaukee. This compares to 258 employees at the end of 2013.

**TID 78 – Northwestern Mutual Life Insurance Co.  
Periodic Report  
12/31/19**

**District Created: 2013**

**Authorized expenditure (excluding interest): \$79,300,000**

**Authorizing resolution(s): #121429, #150180, #160289**

**Projected TID cost recovery: 2028 (levy year)**

**Maximum legal life: 2040**

**Base property value: \$49,588,500**

**Completion Status: Ongoing**

### **Project description**

This district was created to fund extraordinary costs related to the demolition of the Northwestern Mutual Life Insurance Company (“NM”) East Building and its replacement with a new high-rise office tower, as well as to fund the public improvements associated with the Lakefront Gateway project.

NM’s new 32-story building will cost over \$400 million and contain over 1.1 million square feet of office and common space. The district project plan provides a \$50 million grant to NM for extraordinary building costs and an additional \$4 million grant for improvements to the public infrastructure surrounding their campus. The new building will allow NM to retain 1,100 employees currently in the East Building and add an additional 1,900 employees to their downtown campus by 2030. Demolition of the East Building began in the fall of 2013 and was completed the summer of 2014. Construction of the new office tower began in the fall of 2014, topped out in the summer of 2016 and opened in August of 2017.

The district will also provide \$18 million for City-obligated public infrastructure changes in the Lakefront Gateway plan, such as the city streets and pedestrian amenities. The 2010 Downtown Plan Update identified the area around, and main access points to, the downtown Milwaukee NM campus as the Lakefront Gateway Catalytic Project. The update included plans for improving the access to and between the eastern end of downtown Milwaukee and the lakefront.

In 2011, a Long Range Lakefront Committee was created to further refine that concept and issued a report with a series of recommended changes to the infrastructure in the area, including the Lakefront Interchange.

In 2012, the City, WI Department of Transportation and other stakeholders conducted preliminary engineering on the proposed changes and developed a final plan for the Lakefront Gateway that includes reconfigured freeway ramps, reconstructed city streets, new city streets and pedestrian amenities. The 30% plans for the Lakefront Gateway work was finalized in the summer of 2014, final design was completed in 2015 and construction began on portions of the infrastructure in 2016. The District’s budget was increased by \$6 million in 2016 to fund portions of the Lakefront Gateway project.

The WisDOT portion of the project, including the new free ramps, an extension of Lincoln Memorial Drive and a new Clybourn Boulevard were completed in late 2016. In 2017, the new

**TID 79 – North Water Street Riverwalk  
Periodic Report  
12/31/19**

**District Created: 2013**

**Authorized expenditure (excluding interest): \$4,323,000**

**Authorizing resolution(s): #130053, #150157, #171108, #171544**

**Projected TID cost recovery: 2021 (levy year)**

**Maximum legal life: 2040**

**Base property value: \$6,024,900**

**Completion Status: Ongoing**

**Project description**

This district was created to fund the City’s contribution to riverwalk development costs, in exchange for a permanent public access easement. The district consists of two properties, 1781 and 1887 North Water Street, both of which are adjacent to the Milwaukee River and have a combined total of 1,360 linear feet of frontage. The 1781 North Water site is the former location of the Gallun Tannery, and the 1887 North Water site is the location of a light manufacturing facility.

The first phase of the project, related to the development at 1887 North Water Street is on hold indefinitely. The property owner is in the planning stages of converting the existing building into a restaurant and will not proceed with a previously approved apartment project.

The property at 1781 North Water Street was purchased by Atlantic Realty Partners, Inc. and a two-phased multi-family residential development project was approved in 2015. Construction of the first phase, including the first half of the riverwalk began in the fall of 2015 and was completed in the spring of 2017. The second phase was slated to begin construction shortly after the completion of phase one, however, due to current market conditions, that phase has not yet begun. The overall development includes a 1,000 linear feet of Riverwalk extension as well as three public access connections to the Riverwalk from North Water Street. Two of the connections were completed as part of the first phase, including the connection under the Marsupial Bridge, from Swing Park to the Riverwalk. To fund the City’s \$3.9 million contribution toward the construction of the Riverwalk and dockwall, this TID was amended for the first time in June of 2015.

A second amendment was approved by the Joint Review Board on December 21, 2017. The amendment provided a cash grant of up to \$253,000 toward the eligible dockwall costs in connection with the Riverwalk rehabilitation project at 1661 and 1665-1675 North Water Street. In addition, this amendment added four properties to the existing district to accommodate future Riverwalk development.

**TID 80 – Posner Building  
Periodic Report  
12/31/19**

**District Created: 2014**  
**Authorized expenditure (excluding interest): \$2,650,000**  
**Authorizing resolution(s): #140200**  
**Projected TID cost recovery: 2026 (levy year)**  
**Maximum legal life: 2041**  
**Base property value: \$3,500,300**  
**Completion Status: Ongoing**

**Project description**

The Posner Building is a 7-story building at the highly visible northwest corner of West Wisconsin Avenue and North Plankinton Avenue in downtown Milwaukee. The historic and iconic building, constructed in 1908 and 1914, was originally an office building with first floor retail space. At the time of the creation of the district, the building had one retail tenant, Mo’s Irish Pub. The upper floors of the Posner had been vacant since at least 2005 and the remaining retail space vacant since 2009.

HKS Holdings, LLC redeveloped the Posner Building into 105 apartments, restoring the historical features of the façade and renovating the vacant first floor retail space (approximately 11,500 SF of the total 20,000 SF) for new retail tenants. The total project cost is \$23.5 million.

The district provided a \$2.5 million developer-financed grant to the project to offset extraordinary costs associated with rehabilitating the façade of the building to historic standards, improving the storefront facades and white-boxing the first floor retail space.

Work on the project started in the fall of 2014 and was completed in the fall of 2015.

**Completion Status: Ongoing**

**Project description**

At the time this district was created, the northeast corner of South 1st Street and East Greenfield Avenue was one of the largest undeveloped sites in the City of Milwaukee. The property is the site of a former foundry, which was demolished in the early 2000's.

Wangard Partners, Inc. has proposed redevelopment of the property into a mix of retail, office and residential uses called Freshwater Plaza. The first phase of the project will include an approximately 42,000 square foot grocery store, a mixed use building with 16,500 square feet of retail and 72 apartment units and associating parking.

A later phase is planned to include additional retail and an approximately 45,000 square foot office building and associated parking, the site to be purchased by the Redevelopment Authority of the City of Milwaukee. The project plan includes \$800,000 for the purchase of this site. Total private investment for both phases of the project is anticipated at \$47 million.

To enhance the gateway to the School of Freshwater Sciences, a significant water feature is planned for the southern edge of the property, along East Greenfield Avenue. In addition, in an effort to serve as a best practice for stormwater management, significant on-site and off-site stormwater features are planned. Due to the former use of the property as a foundry, there are environmental issues that need to be remediated before the site can be redeveloped. The project plan includes \$2,883,000 in funding for environmental remediation and infrastructure, \$640,000 for stormwater management, and \$450,000 for the Greenfield Avenue water feature.

In 2015, an additional \$340,000 was authorized for remediation and site costs associated with the development.

The first phase of the project began construction in 2015. The apartment building opened in late 2016. The Cermak grocery store and water feature were completed in 2017.

**Project description**

The East Michigan TID was created in 2015 to assist with two major projects, The Couture residential tower and the Milwaukee Streetcar project.

The Couture is a proposed 302-unit apartment building on the site of the Milwaukee County Transit Center. The District included \$17.5 million in funding for public improvements related to The Couture Project, such as a public transportation concourse, visitor walkways, bike/pedestrian amenities, and publically-accessible plazas. The District also included \$31 million in funding for the initial Milwaukee Streetcar route and the lakefront loop extension. In addition, the District included \$150,000 for paving a portion of North Astor Street, \$400,000 for workforce training and \$500,000 for administration.

Milwaukee County sold the transit center for The Couture development in the fall of 2016. Demolition of the transit center began in late 2016 in anticipation of construction of The Couture beginning sometime thereafter. The Couture has not broken ground yet due to the developer experiencing delays in obtaining financing. The Milwaukee Streetcar broke ground in 2016, with fare service on the initial route beginning in 2018 and the lakefront loop expected to open in 2022.

**Project description**

The Broadway and Michigan TID was approved in 2015 to fund a \$900,000 developer-financed grant to assist in the renovation of the Mackie Building with 25 apartments on the upper floors and a restored façade and clock tower.

Later in 2015, the TID was amended to include \$1,685,000 in streetscaping/paving funds for Broadway, Clybourn, Water and Michigan Streets, as well as \$250,000 for traffic signal work and enhanced lighting under I-794, to help implement the Broadway Connection catalytic project from the 2010 Downtown Plan.

Work began on the Mackie Building in the spring of 2016 and apartments were occupied in early 2017. In addition, the Button Block building, which was converted to 94-room Homewood Suites hotel, opened in the fall of 2017.

In 2019, the TID was amended to include \$3,900,000 in streetscaping improvements and for improvements to Pompeii Square. Also in 2019, construction began on The Huron building, an approximately 150,000 square foot multi-tenant office building south of the Mackie Building.

**Project description**

The West McKinley and West Juneau TID was created in 2015 to provide \$20 million towards the new downtown arena project.

The Milwaukee Bucks are constructing an over \$500 million new downtown arena that will be the home of the Milwaukee Bucks, Marquette Men’s Basketball and other events, as well as an associated plaza, parking structure and entertainment/retail uses. This District is providing \$12 million towards the plaza and an \$8 million developer-financed contribution towards the parking structure.

As part of the overall project, the Milwaukee Bucks and their development partners are proposing another \$500 million in ancillary development in the Park East corridor and the site of the Bradley Center. That development will include a new practice facility for the Milwaukee Bucks and other potential office, hotel, residential and retail development.

Utility work for the parking structure and practice facility began in the spring of 2016 and construction of the new arena began in the summer of 2016. The parking structure and practice facility were completed in time for the 2017-18 NBA season. The arena and plaza were completed in time for the start of the 2018-19 NBA season.

The 6th and National TID was created in 2015 to provide funding for the reconstruction of South 5th Street from West Virginia Street to West Scott Street and bikeshare stations in the Walker’s Point neighborhood. The reconstruction of South 5th Street includes widened sidewalks and streetscape enhancements. In 2015, \$1,610,000 was approved for the South 5th Street project, \$50,000 for bikeshare and \$25,000 for administration.

In 2016, the District project plan was increased by \$815,000 to fund the South 5th Street project. South 5th Street was reconstructed and numerous buildings have been renovated bringing new businesses to the neighborhood.

**Project description**

The Germania Building is an eight-story building at the southwest corner of West Wells Street and North Plankinton Avenue. It was built in 1896 for George Brumder to house his publishing business of German books, newspapers and magazines. At that time, it was the largest office building in the City of Milwaukee.

In 2014, the Germania was purchased by Germania Real Estate Venture II, LLC, who proposed to invest \$21.9m to redevelop the Germania into 90 apartments (44 affordable units, 46 market-rate units), restore the historical features of the façade and copper domes, and renovate the 9,100 SF of first floor commercial space for new commercial tenants.

This District provided a \$1.5 million developer-financed grant to the project to offset extraordinary costs associated with rehabilitating the façade of the building to historic standards.

Work on the project started in the summer of 2016 and was completed in the summer of 2017.

**Projected TID cost recovery: 2032 (levy year)**  
**Maximum legal life: 2043**  
**Base property value: \$380,600**  
**Completion Status: Ongoing**

**Project description:**

The Project involves the adaptive reuse and redevelopment of the property located at 2801-21 North 4<sup>th</sup> Street. The building was constructed in 1917 as the Nunn Bush shoe factory which operated at the Property until the 1970s. The Property was purchased by the Milwaukee Area Technical College (“MATC”) in 1985 and converted into the Milwaukee Enterprise Center to serve as a small business incubator. The building was sold by MATC in 2011. Currently, less than 1/3 of the space of the building’s 184,843 square feet is occupied by a variety of office and light industrial users.

The redevelopment plan for the Project includes the creation of 58 housing units affordable to families earning under 60% of Area Median Income and the renovation of 38,000 square feet of commercial/office space. The goal for the commercial space is to prioritize tenants who focus on workforce development and assisting residents who face barriers to employment. In addition, space will be developed for the Associates in Commercial Real Estate program (“ACRE”) which recruits, trains and mentors minorities in the commercial real estate development field. All work will be completed consistent with historic standards.

The City provided a developer financed TID in the amount of \$1,200,000 to assist in funding total project costs of \$19.9 million. The project was completed and fully leased in 2018.

**Completion Status: Ongoing**

**Project description**

In 2016, this District was created to fund an extension of the Milwaukee Streetcar up 4th Street from the Intermodal Station to new arena, and eventually north to the Bronzeville cultural and entertainment district along North Avenue. The local match for extending the streetcar up to the arena is projected to be \$20 million. This District funds \$8 million of the local match, with \$4 million coming from TID 39 (Hilton Hotel) and another \$8 million from TID 41 (Time Warner/Manpower).

**Project description:**

TID # 89 project plan comprises two major components:

- 1) The adaptive reuse of the City owned former Garfield School located at 2215 North 4<sup>th</sup> Street including the creation of 30 housing units which will be marketed to the local artist community and be affordable to families earning less than 60% of Area Median Income.
- 2) The demolition of the Redevelopment Authority buildings at 2235 North 4<sup>th</sup> Street (the former Black Holocaust Museum) and 411 West North Avenue (former Grant’s Restaurant) and construction of a mixed use project with 41 housing units (35 affordable units and 6 market rate units) and approximately 8,000 square feet of commercial space, including approximately 6,000 square feet planned for occupancy by the Black Holocaust Museum (the “Griot”).

The District provided \$1,435,000 to assist in funding total project costs of \$16.6 million. Construction began in early 2017, with both the Garfield School and Griot components completed in 2018.

**Project description:**

TID #90 project plan includes two major components:

- 1) The adaptive reuse of the former Blommer Ice Cream Factory located at 1500 West North Avenue and creation of 38 housing units.
- 2) The demolition of an adjacent residential property and construction of a mixed use project with 26 housing units and 1,885 square feet of commercial space. Of the 64 total units in the Project, 54 units will be affordable to families earning under 60% of Area Median Income and 10 units will be market rate. The ground floor commercial space in the new building is occupied by Legacy Redevelopment Corporation. All work on the existing structure was completed consistent with historic standards.

The City provided a developer financed TID in the amount of \$635,000 to assist in funding total project costs of \$13.7 million. Construction began in late 2017 and was completed in 2018.

**Completion Status: Ongoing**

**Project description:**

TID #93 involves the acquisition of a 1.75 acre site at 704 West National Avenue, the demolition of all but one of a number of existing warehouse buildings and the construction of new building containing 60 one, two and three bedroom apartment units. Of the 60 total units in the project, 51 units will be affordable to families earning under 80% of Area Median Income and 9 units will be market rate.

The Project is located within the Walker’s Point neighborhood. The project is consistent with the goals of the Walker’s Point Strategic Action Plan (2015). This plan includes creating a diversity of housing options for the community including affordable housing alternatives, redeveloping low density and underutilized spaces and repurposing functionally obsolete manufacturing and warehousing buildings.

The City provided a developer financed TID in the amount of \$575,000 to assist in funding total project costs of \$12.6 million. The project began construction in late 2017 and was completed in 2018.

**TID 94 – 1<sup>st</sup> and Becher  
Periodic Report  
12/31/19**

**District Created: 2018**  
**Authorized expenditure (excluding interest): \$7,080,000**  
**Authorizing resolution(s): #180884**  
**Projected TID cost recovery: 2036 (levy year)**  
**Maximum legal life: 2046**  
**Base property value: \$5,468,400**  
**Completion Status: Ongoing**

**Project description:**

The 1<sup>st</sup> and Becher Tax Incremental District was created to fund public infrastructure, riverwalk improvements and environmental clean-up of the public access areas for the project. Located on the northwest corner of 1<sup>st</sup> and W. Becher Streets at the northern tip of the Bay View neighborhood this development serves as one of the catalytic projects of the Water District's Water and Land Use Plan and the Southeast Side Plan.

The Michels Corporation is the developer and owner for this multi-phased \$100 million development that will include office, commercial and residential uses. Phase I of the project includes an approximate 130,000 square foot office building with 500 or more stalls of parking, riverwalk improvements along the Kinnickinnic River and public access connections to the improvements for a total construction value of \$49 million. To assist the developer for the costs of the riverwalk and public access connections, the District will fund a developer financed loan in the amount of \$3.4 million for a proportion of the costs for these improvements and provide a \$400,000 grant for environmental clean-up of the public access areas. The Phase I office building will be the new division headquarters of the Michels Corporation Infrastructure Group that will include 250 employees.

The District will also fund \$2.5 million for Becher Street improvements including the reconstruction of Becher Street from the Kinnickinnic River up to the South Kinnickinnic Avenue intersection, new lighting, trees and improvements to the walkways and the intersection crossings at Becher and South 1<sup>st</sup> Street.

Construction for the project began in late 2018 and be completed by mid-year 2020. Becher Street improvements will commence in late 2019 and be completed by mid-year 2020.

In 2019, the Michels Corporation broke ground on Phase II of the \$100 million development. Construction is underway for a mixed-use residential project along 1<sup>st</sup> Street and plans to break ground for a hotel to the south of their office building will be following in 2020. Because of additional development underway the city and company determined it was best to reconstruct Becher Street and provide its improvements in late 2020 or early 2021 depending on the status of the overall project.

**Project description:**

The Villard Commons Project involves the acquisition of five sites located on the south side of West Villard Avenue between 36<sup>th</sup> Street and 37<sup>th</sup> Street. Three of the sites are vacant City owned lots and two are privately owned, including a small vacant mixed use building that will be demolished as part of the project. A new four story building will be constructed and will contain 43 one, two and three bedroom apartment units. Of the 43 total units in the Project, 36 units will be affordable to families earning under 60% of Area Median Income and 7 units will be affordable to families earning under 80% or area median income.

The Project is located along the Villard Avenue commercial corridor and nearby Villard Square, the mixed use project completed in 2011 that includes the Villard Library and 47 housing units. Local stakeholders and business owners are working together to revitalize the corridor and support and attract local businesses and the City of Milwaukee has been actively promoting the reuse of City owned properties along Villard Avenue.

The City provided a developer financed TID in the amount of \$500,000 to assist in financing total project costs of \$7.3 million. The project will begin construction in 2019 and is anticipated to be completed by year end 2020.

**TID 96 – Komatsu Mining Corp**  
**Periodic Report**  
12/31/19

**District Created: 2018**

**Authorized expenditure (excluding interest): \$40,188,500**

**Authorizing resolution(s): #181254, #181752**

**Projected TID cost recovery: 2043 (levy year)**

**Maximum legal life: 2046**

**Base property value: \$3,814,600**

**Completion Status: Ongoing**

**Project description:**

Komatsu Mining Corp. is proposing to build their Global Mining headquarters and a large industrial facility in the Harbor District. The estimated \$250-300M project will include 170,000 SF of office space, 410,000 SF of manufacturing space, 20,000 SF for a museum and training facility along with structured and surface parking. The office and museum/training facility will be constructed on 401 East Greenfield Avenue, which is currently owned by the City and is approximately 13.5 acres. The industrial facility would be constructed on 311 East Greenfield (commonly referred to as Solvay Coke), which is currently owned by Wisconsin Gas, LLC, a subsidiary of WE Energies, and is approximately 45.9 acres. Construction is expected to begin in 2020.

Komatsu is committing to employ 946 people at the project site by the twelfth year of operations. With the potential for future office or manufacturing expansions, that number could grow to 1,300 employees. The TID provided up to a \$25,000,000 developer-financed grant to Komatsu if they meet the agreed upon employment projections.

Adjacent to the property, the City will be designing and constructing a publicly-accessible riverwalk. At its northern point, the Riverwalk would begin at the proposed Harbor View plaza at the eastern terminus of East Greenfield Avenue and continue south to South Kinnickinnic Avenue, approximately 4,300 linear feet. The TID provided up to \$15,000,000 to fund the Riverwalk segment and other public infrastructure improvements. In addition, the TID funded a \$1,000 option fee to purchase 302 East Greenfield Avenue from Wisconsin Gas, LLC for a future transit hub or other purposes.

**TID 97 – The Avenue  
Periodic Report  
12/31/19**

**District Created: 2019**  
**Authorized expenditure (excluding interest): \$9,135,000**  
**Authorizing resolution(s): #181913**  
**Projected TID cost recovery: 2036 (levy year)**  
**Maximum legal life: 2046**  
**Base property value: \$37,542,700**  
**Completion Status: Ongoing**

**Project description:**

In 2019, TID 97 (The Avenue) was approved to assist in the redevelopment of the former New Arcade into 190,000 square feet of office space on the upper floors and approximately 75,000 square feet for a food hall and other retail on the first floor, called The Avenue. The redevelopment is being conducted by Hempel Milwaukee, LLC. TID 97 provided up to a \$9,000,000, developer-financed grant for improvements to the public access and plaza areas of the project.

The initial office space opened in late 2019, with engineering firm GRAEF moving in as the first tenant. The food hall is expected to open later in 2020.

**Incremental Value:**

**Projected TID cost recovery: 2044 (levy year)**

**Maximum legal life: 2046**

**Base property value: \$1,483,700**

**Completion Status: Ongoing**

**Project description:**

In 2019, TID 98 (The Ikon) was approved to provide a \$4,000,000 loan to the Ikon Hotel project, which is a proposed redevelopment of the former Milwaukee Mall building at 2100 West North Avenue by Haywood Group, LLC into an 80-room boutique hotel, restaurant, retail/commercial space, parking and an adjacent 23,600 square foot conference center.

Also in 2019, the TID was amended to provide an additional \$5,000,000 loan to the Ikon Hotel project, \$500,000 for public infrastructure improvements and \$500,000 for commercial corridor improvements and administrative expenses.

In late 2019, interior demolition and abatement of the building began. The developer is still working to secure additional funding sources necessary to complete the project.

**TID 99 – Joy Farms  
Periodic Report  
12/31/19**

**District Created: 2019**

**Authorized expenditure (excluding interest): \$2,532,500**

**Authorizing resolution(s): #190404**

**Projected TID cost recovery: 2032 (levy year)**

**Maximum legal life: 2039**

**Base property value: \$393,400**

**Completion Status: Ongoing**

**Project description:**

The Joy Farms Tax Incremental District was created to fund public infrastructure that currently didn't exist to serve an under utilized 33 acre site on the City's far northwest side at 115<sup>th</sup> and Good Hope Road. For many years the site was referred to as Joy Farms being it was used as a staging and parking area for the former Joy Farms buses that served schools throughout the area. The site also had a farm with a horse stable dating back to its early years.

Western Building Products, Inc. selected the Joy Farms site to build their new headquarters and relocate 200-plus employees from their current Wauwatosa location. Western is one of the largest distributors of millwork products in the Midwest. Western is a 100% employee owned company. As a 100% employee owned business, their workforce is committed to offering the best products and customer service available. The employees actively participate, as owners, in the business and share in 100% of the profits.

To enhance the company's decision to relocate to the City of Milwaukee, funding was provided through a developer financed \$2.45 million TIF to pay for a 913 linear foot public water main and 4,250 linear foot public sanitary sewer main adjacent to the development site to serve the company and the abutting property owners. Currently the residential property owners have septic tanks, one of the few areas of the city left without sanitary sewer service.

Construction of the 325,000 square foot manufacturing, distribution and office building with associated parking commenced in mid-year 2019. The public water and sanitary sewer mains will be built in mid-year 2020.

**Projected TID cost recovery: 2023 (levy year)**  
**Maximum legal life: 2046**  
**Base property value: \$2,068,000**  
**Completion Status: Ongoing**

**Project description:**

This district was created to provide \$500,000 to make public improvements to Zillman Park, a city-owned park at 2138 South Kinnickinnic Avenue. The park was originally built in 1965, updated in 1990, and according to the City’s Comprehensive Outdoor Recreation Plan was due for improvements in 2005. Since 2015, several hundred apartment units have been built within a two-block radius of Zillman Park, without improvements being made to the park itself. A project directly adjacent to the Park will add 140 residential apartment units in 2020, in addition to 16,000 square feet of ground floor retail space, including a food hall. This TID will provide the necessary funding to allow the Department of Public Works to construct a playground at Zillman Park, as well as install public amenities to improve the park and better serve the adjacent commercial space.

Work is expected to begin in 2020.

**Project description:**

The Schuster’s Building TID was created in 2019 to assist in the proposed redevelopment of the former Schuster’s Department Store and Gimbel’s warehouse, a 350,000 square foot building at 2153 North Dr. Martin Luther King Jr. Drive and a 24,000 square foot warehouse at 2212-2228 North Vel R. Phillips Avenue, by Royal Capital Group, LLC.

The proposed redevelopment includes approximately 131,000 square feet of office space, approximately 40,000 square feet of early childhood education/fitness uses, 77 affordable apartment units and approximately 315 structured parking spaces. A portion of the office space will be occupied by the Medical College and a portion will be occupied by the Greater Milwaukee Foundation. The total project investment is approximately \$84,500,000. The Schuster’s TID provided up to a \$15,000,000, developer-financed grant towards the project to assist with the façade restoration, affordable housing units and other extraordinary costs.

**District Created: 2019**  
**Authorized expenditure (excluding interest): \$1,200,000**  
**Authorizing resolution(s): #191280**  
**Projected TID cost recovery: 2039 (levy year)**  
**Maximum legal life: 2047**  
**Base property value: \$0**  
**Completion Status: Ongoing**

**Project description:**

The Phillis Wheatley Project (the “Project”) includes two components: 1) the adaptive reuse of the City owned former Phillis Wheatley School located at 2442 North 20th Street and the creation of 42 housing units and 2) the construction of a four story building on the southern portion of the project with 40 housing units. The Project will contain a mix of one, two and three bedroom units. Of the 82 units in the project, 67 units will be affordable to households with incomes less than 60% of Area Median Income and 15 units will be market rate. The Project will have a focus on health and wellness with a high level of amenities, including a community commercial kitchen, cafe, fitness center, gym, and basketball court.

The Project is located in the Lindsay Heights Neighborhood. Over the years, the neighborhood has experienced significant investment, including the City’s partnership in TID #44 to encourage new infill home construction and the renovation of existing housing, the development of the Franklin Square project at 15<sup>th</sup> and Center and designation as a target neighborhood by the Zilber Family Foundation.

The City provided a developer financed TID in the amount of \$1,050,000 to assist in financing total project costs of \$19 million. The project will begin construction in 2020 and is anticipated to be completed by year end 2021.
