Hello Alderwoman Dimitrijevic,

As a constituent of yours, I would urge you to approve File 220401 at the upcoming Zoning, Neighborhoods, and Development Committee meeting. The proposed apartment building is a great opportunity to bring new residents to a wonderful Milwaukee neighborhood. The site is near a grocery store, library, healthcare facilities, university, and has good access to transit. It is a slam dunk to build space for more people to live here. As the staff report notes, adding density here is explicitly within the future the Area Plan has laid out to relieve housing supply pressures, support local businesses, and to prefer taxable uses. This is the type of project that would be great to see across the city.

Thank you,
- Mitchell Henke
